## **Riel To Reform A History Of Protest In Western Canada:**

**The Literary History of Alberta Volume One** George Melnyk, 1998-04 Alberta's contradictory landscape has fired the imaginative energies of writers for centuries. The sweep of the plains, the thrust of the Rockies and the long roll of the woodlands have left vivid impressions on all of Alberta's writers, both those who passed through Alberta in search of other horizons and those who made it their home. *The Literary History of Alberta* surveys writing in and about Alberta from prehistory to the middle of the twentieth century. It includes profiles of dozens of writers from the earnestly intended to the truly gifted and their texts from the commercial to the arcane. It reminds us of long forgotten names and faces, figures who quietly or not so quietly wrote the books that underpin Alberta's thriving literary culture today. Melnyk also discusses the institutions that have shaped Alberta's literary culture. *The Literary History of Alberta* is an essential text for any reader interested in the cultural history of western Canada and a landmark achievement in Alberta's continuing literary history.

*The Literary History of Alberta Volume Two* George Melnyk, 1998 In this the companion to the landmark volume *The Literary History of Alberta Volume One: From Writing on Stone to World War Two*, George Melnyk examines Alberta literature in the second half of the twentieth century. At last, Melnyk argues, Alberta writers have found their voice and their accomplishments have been remarkable. The contradictory landscape, the stereotypes of the Indian, the Mountie and the Cowboy, and the language of the Other speaking from the margins, these elements all left their impressions on the consciousness of early Alberta. But writers in the last few decades have turned this inheritance to their advantage to create compelling stories about this place and its people. Today Melnyk discovers Alberta writers can appreciate not only this achievement but also its essential source: the symbolic communication of *Writing on Stone*. *The Literary History of Alberta Volume Two* extends the study of Alberta's cultural history to the present day. It is a vital text for anyone interested in Alberta's vibrant literary culture.

**Nation Maker** Richard J. Gwyn, 2012-08-21 1 NATIONAL BESTSELLER John A. Macdonald Canada's first and most important prime minister is the man who made Confederation happen, who built this country over the next quarter century and who shaped what it is today. From Confederation Day in 1867, where this volume picks up, Macdonald finessed a reluctant union of four provinces in central and eastern Canada into a strong nation despite indifference from Britain and annexationist sentiment in the United States. But it wasn't easy. Gwyn paints a superb portrait of Canada and its leaders through these formative years and also delves deep to show us Macdonald the man as he marries for the second time, deals with the birth of a disabled child and the assassination of his close friend Darcy McGee, and wrestles with whether Riel should hang. Indelibly, Gwyn shows us Macdonald's love of this country and his ability to joust with forces who would have been just as happy to see the end of Canada before it had really begun creating a must-read for all Canadians.

*Will the Real Alberta Please Stand Up?* Geo Takach, 2010-12-01 One little question propels both author and reader on a genre-bending quest to find the elusive essence of a Canadian province built on sturdy stereotypes of oil spoiled

beef eating bible thumping rednecks devoid of class or culture Through essay interview colourful observation and whatever other expos it takes to amplify the hyperbolic absurdity of seeking a simple answer to an incendiary question Geo Takach spotlights the cultural complexity of this perplexing province Readers will be delightfully edified after a dizzying romp around Wild Rose Country with Geo and a cast of citizens and celebs alive and dead

**Myth of the Sacred** Patrick James, Donald E. Abelson, Michael Lusztig, 2002-09-10 At its core this myth embodies the Trudeauian ideal of Canadian society one that features a constitution that empowers impartial judges at the expense of politically motivated legislators one that allows each individual to enjoy a uniform range of rights freedoms and means of belonging to the larger Canadian society and one that seeks to ensure the primacy of the national government rather than the provincial Trudeau called his vision the Just Society But justice is an illusive and amorphous concept Defining it much less institutionalizing it is fraught with risk In modern liberal democracies justice is typically understood as the product of some mix of liberty and equality process and substance with the amount of each component varying according to taste It is not unusual for political actors to seek to institutionalize their own formulas for justice but it is also not reasonable to expect these formulas to go unchallenged Such a challenge represents the dominant theme of this volume Contributors include Donald E Abelson Tom Flanagan University of Calgary Patrick James James B Kelly Brock University Michael Lusztig Christopher P Manfredi McGill University Hudson Meadwell McGill University Anthony A Peacock Utah State University Mark Rush Washington and Lee University and Shannon I Smithey Kent State University

**Manitoba Politics and Government** Paul Thomas, Curtis Brown, 2010-09-01 Manitoba has always been a province in the middle geographically economically and culturally Lacking Quebec s cultural distinctiveness Ontario s traditional economic dominance or Alberta s combustible mix of prairie populism and oil wealth Manitoba appears to blend into the background of the Canadian family portrait But Manitoba has a distinct political culture one that has been overlooked in contemporary political studies Manitoba Politics and Government brings together the work of political scientists historians sociologists economists public servants and journalists to present a comprehensive analysis of the province s political life and its careful mutual fund model approach to economic and social policy that mirrors the steady and cautious nature of its citizens Moving beyond the Legislature the authors address contemporary social issues like poverty environmental stewardship gender equality health care and the province s growing Aboriginal population to reveal the evolution of public policy in the province They also examine the province s role at the intergovernmental and international level Manitoba Politics and Government is a rich and fascinating account of a province that strives for the centre for the delicate middle ground where individualism and collectivism overlap and where a multitude of different cultures and traditions create a highly balanced society

**Alberta Formed - Alberta Transformed** Alberta 2005 Centennial History Society, 2006-04-18 Alberta Formed Alberta Transformed is a two volume set spanning a remarkable 12 000 years of history and showcasing the work of 34 of Alberta s most respected scholars Volume 1 sets the stage from human beginnings in

Marchildon, 2009 *Immigration and Settlement 1870-1939* includes twenty articles organized under the following topics the Opening of the Prairie West First Nations and the Policy of Containment Patterns of Settlement and Ethnic Relations and Identity in the New West The second volume in the History of the Prairie West Series *Immigration and Settlement* includes chapters on early immigration patterns including transportation routes and ethnic blocks as well as the policy of containing First Nations on reserves Other chapters grapple with the various identities preferences and prejudices of settlers and their complex relationships with each other as well as the larger polity

**Tar Wars** Geo Takach, 2017-02-27 *Tar Wars* offers a critical inside look at how leading image makers negotiate escalating tensions between continuous economic growth mandated by a globalized economic system and its unsustainable environmental costs As place branding assumes paramount importance in an increasingly global visual and ecologically conscious society an international battle unfolds over Alberta's bituminous sands This battle pits independent documentary filmmakers against professional communicators employed by government and the oil industry *Tar Wars* engages scholars and students in communications film environmental studies social psychology PR media and cultural studies and petrocultures This book also speaks to decision makers activists and citizens exploring intersections of energy environment culture politics economy media and power

Art of Sharing Mary Janigan, 2020-07-23 In 1957 after a century of scathing debates and threats of provincial separation Ottawa finally tackled the dangerous fiscal inequalities among its richer and poorer provinces Equalization grants allowed the poorer provinces to provide relatively equal services for relatively equal levels of taxation The *Art of Sharing* tells the dramatic history of Canada's efforts to save itself The introduction of federal equalization grants was controversial and wealthier provinces such as Alberta wanting to keep more of their taxpayers' money for their own

governments continue to attack them today Mary Janigan argues that the elusive ideal of fiscal equity in spite of dissent from richer provinces has helped preserve Canada as a united nation Janigan goes back to Confederation to trace the escalating tensions among the provinces across decades as voters demanded more services to survive in a changing world She also uncovers the continuing contacts between Canada and Australia as both dominions struggled to placate disgruntled member states and provinces that blamed the very act of federation for their woes By the mid twentieth century trapped between the demands of social activists and Quebec's insistence on its right to run its own social programs Ottawa adopted non conditional grants in compromise The history of equalization in Canada has never been fully explored Introducing the idealistic Canadians who fought for equity along with their radically different proposals to achieve it The Art of Sharing makes the case that a willingness to share financial resources is the real tie that has bound the federation together into the twenty first century
