## **Right Moment:**

The Right Moment Matthew Dallek, 2004 Ronald Reagan's first great victory in the 1966 California governor's race is one of the pivotal stories of American political history a victory that seemed to come from nowhere and has long since confounded his critics Just four years earlier Governor Edmund Pat Brown was celebrated as the Giant Killer for his 1962 victory over Richard Nixon and his liberal agenda reigned supreme Yet in 1966 political neophyte Reagan trounced Brown by almost one million votes marking not only the coming of age of Reagan's new conservatism but also the first serious blow to modern liberalism Drawing on scores of oral histories thousands of archival documents and personal interviews with participants Dallek offers a gripping new portrait of the 1960s that is far more complicated than our collective memory of that decade

The Moment Heidrun Frieze, 2001-09-01 Modern philosophical thought has a manifold tradition of emphasising the moment The moment demands questioning all too common notions of time of past present and future uniqueness and repetition rupture and continuity This collection addresses the key questions posed by the moment considering writers such as Nietzsche Husserl Benjamin and Badiou and elucidates the connections between social theory philosophy literary theory and history that are opened up by this notion

**Novel-Poetry** Emily Allen, Dino Franco Felluga, 2024-09-05 *Novel Poetry* examines the verse novel a hybrid genre that emerged in the middle decades of Britain's nineteenth century to make a larger claim about the nature of genre and formal structures for time action and identity that cross genres The volume uncovers trajectories of literary influence that structure our approach to literature and affect how we shape our lives lives which are often constrained by cause and effect and narrative driven ways of approaching time and possibility *Novel Poetry* tracks an

alternative way of thinking about time and event that was inspired by the French Revolution popularized by Lord Byron and explored by experimental Victorian poets such as Elizabeth Barrett Browning Robert Browning Arthur Hugh Clough and George Meredith The volume turns to the work of philosophers Alain Badiou Jean Pierre Dupuy and Slavoj Žižek to theorize this alternative mode which it aligns with the futur ant rieur The temporality of the future anterior disrupts both the novel s realist chronologies and the expressivist lyric s cult of the moment thus liberating possibilities for collective action Ranging widely across romantic lyric poetry Victorian novels and nineteenth century and contemporary literary theory Novel Poetry asks what alternative structures and temporalities does a focus on either realistic narrative or the lyric moment occlude Are there ways of thinking about lived experience and personal or collective agency that do not conform to traditional models ways that the verse novel might help us to explore What might be gained today from trying to think about ourselves and our world outside of established frameworks that are now so naturalized as to feel almost inescapable This is an open access title available under the terms of a CC BY NC ND 4 0 licence

Global Power of Talk Fen Osler Hampson,I. William Zartman,2015-11-17 The Global Power of Talk explores the power of negotiation and diplomacy in US foreign policy at a critical juncture in US history Beginning with the failure of US diplomacy in relation to Saddam Hussein s regime in the 1980s it shows how a series of diplomatic blunders has laid the foundations for the uninhibited use of gun power over talk power in the last two decades It critically examines missed opportunities in America s handling of the Israeli Palestinian conflict in both the Clinton and George W Bush administrations In a provocative conclusion the authors argue that the United States can and should negotiate with the so called unengageables like Iran North Korea and Al Qaeda in order to find ways to defuse underlying tensions in the global system
