This Plan of Action section will present the basic concepts of the Right Choice Program. The suggestions for how to begin and then carry out the program are presented. Part IV deals with Right Choice implementation. Since one of the basic concepts is that discipline needs to be taught, the teacher needs to set aside time each day to teach the lessons of the Right Choice Program. The lessons are written as prompts and suggestions to teach the meaning of the concepts. The teacher can elaborate or divide the lessons into small sections as needed to best suit the class's needs. Teachers need to be sure that the students understand the concept being presented and then give them the opportunity to practice what is being taught. The first thing the teacher needs to establish is his expectations in his classroom. It can never be assumed that students know how to act or what to do in every situation.

*Hope Beyond Bars* Jedidiah Duaya,2018-06-23 Being behind bars doesnt make you as an inmate less of a human being Therefore do not identify yourself with your temporary situation But since you are behind bars you need to take responsibility And while taking responsibility you need to forgive yourself and forgive those who might have done you wrong And once you forgive then you need to live life in jail in prison or under house arrest by following rules and demonstrating good behavior to help make your sentence easier and maybe shorter And until you get free do not waste your time in a cell doing nothing of value instead put your potential abilities and gifts to use And lastly mentally prepare yourself to live life beyond bars by applying every single lesson learned from the cell The church and society need to address the issue of ex inmates reentry as partners and complement each other in facing this issue The society and the church need to understand that just because these individuals are behind bars that doesnt make them any less human than everybody else They have a right to live a right to be forgiven and a right to be accepted back into society These individuals are called inmates while serving time but once they have paid their dues and are set free that name changes to ex inmates and should eventually switch to citizens Where society falls short the church needs to pick up the slack and serve these citizens And where the church falls short society needs to step in and help these citizens We cannot afford to let these ex inmates live in a life cycle where they go in and out of jail prison and house arrest We have to prove the statistics wrong Society can provide programs to help these citizens reintegrate much more smoothly The church can finally become what it was intended to be and provide a safe environment in which these restored citizens will live a life worthy of being called citizens and not return to old behavior and a life back behind bars **Werke** Jean Paul,1959 *Harper's Monthly Magazine* ,1902 What Really Matters?
