Biography and the Question of Literature in France Ann Jefferson, 2007-01-04 This book takes a fresh look at the relations between literature and biography by tracing the history of their connections through three hundred years of French literature The starting point for this history is the eighteenth century when the term biography first entered the French language and when the word literature began to acquire its modern sense of writing marked by an aesthetic character Arguing that the idea of literature is inherently open to revision and contestation Ann Jefferson examines the way in which biographically orientated texts have been engaged in questioning and revising definitions of literature At the same time she tracks the evolving forms of biographical writing in French culture and proposes a reappraisal of biography in terms not only of its forms but also of its functions Although Ann Jefferson's book has powerful theoretical implications for both biography and the literary it is first and foremost a history offering a comprehensive new account of the development of French literature through this dual focus on the question of literature and on the relations between literature and biography It offers original readings of major authors and texts in the light of these concerns beginning with Rousseau and ending with life writing contemporary authors such as Pierre Michon and Jacques Roubaud Other authors discussed include Mme de Staël Victor Hugo Sainte Beuve Barbey d'Aurevilly Baudelaire Nerval Mallarmé Schwob Proust Gide Leiris Sartre Genet Barthes and Roger Laporte

*The Flesh of Words* Jacques Rancière,2004 This new collection of challenging literary studies plays with a foundational definition of Western culture the word become flesh But the word become flesh is not or no longer a theological already given It is a millennial goal or telos toward which each text strives Both witty and immensely erudite Jacques Ranci re leads the critical reader through a maze of arrivals toward the moment perhaps always suspended when the word finds its flesh That is what he a valiant and good humored companion to these texts goes questing for through seven essays examining a wide variety of familiar and unfamiliar works A text is always a commencement the word setting out on its excursions through the implausible vicissitudes of narrative and the bizarre phantasmagorias of imagery Don Quixote s unsent letter reaching us through generous Balzac lovely Rimbaud demonic Althusser The word is on its way to an incarnation that always lies ahead of the writer and the reader both in this anguished democracy of language where the word is always taking on its flesh

se reconnaît d'abord cette évidence que l'on a affaire à un poète non seulement une parole singulière mais plus encore une puissance d'annonce qui s'impose absolument nécessairement. Avant il n'y a rien ou le journal du matin puis on lit et dans l'énergie imparable des phrases qui se découvrent un fait s'affirme fondateur d'une langue et d'un monde. Puis s'ajoute le consensus critique. Le docteur de commenter Michon depuis les études fondatrices de Jean Pierre Richard n'a pas connu de cesse on verra qu'il poursuit dans ce volume sa carrière au confluent nourricier de l'rudition et de l'admiration. Verlaine A.E. Carter, 1969-12-15 The contradictions of Verlaine's nature are mirrored in his verse which is alternately mystic sensuous exquisite and prosaic. He had extraordinary lyric powers he was a master of eerie harmonies such as few other poets have achieved and in *Sagesse* he produced religious verse which challenges comparison with the very best of its kind. Yet here and there can be found a curious weakening in the texture of thought and inspiration he turns and twists takes flight seeks reassurance in platitude and convention marriage dogmatic theology reactionary political creeds. He is even capable of lamenting as Rimbaud shows him in *Une Saison en Enfer* the emotional and poetic experiments which give his work its supreme value. It is almost as though he were afraid of his own talent. The explanation as far as there is one lies in a combination of personality and circumstance. This biography attempts to explore the parallels Verlaine's own term between his life and his poetry. Nearly everything he produced whether good or bad was a reflection of some crisis of thought or feeling. No one demonstrates better than Verlaine the antinomies between the artist and his work between the man and the genius and in every case we are obliged to admit that the one explains the other. Without the weakness and the squalor we might indeed have had a rational human being and a good husband for Mathilde Maut but we should have had no poet or no poet like Paul Verlaine. Professor Carter concentrates on the combination of Verlaine's personality and experiences that produced some of the most brilliant poetry in the French language. The result is one of the best critical biographies of Verlaine published to date. **Littératures en contact** Vic Nachtergaele, 2003
