A friendly alien you just named Charles Winters has sent you a message!

He wants that he has a starship hidden on the planet, and needs you to send something.

The starship is in deep hibernation mode. You'll have to start it up when you arrive. Don't expect it from before trying to start it and the startup sequence completes. It will be a long, difficult series of tasks.

If you can't get the ship off the ground, Charles Winters will send you off the planet to the stars.
