Art Andrew Benjamin, 2005-02-01 Walter Benjamin's most famous and influential essay remains *The Work of Art in the Age of Mechanical Reproduction*. Walter Benjamin and the Work of Art is the first book to provide a broad and dedicated analysis of this canonical work and its effect upon core contemporary concerns in the visual arts, aesthetics, and the history of philosophy. The book is structured around three distinct areas: the extension of Benjamin's work, the question of historical connection, the importance of the essay in the development of criticism of both the visual arts and literature. Contributors to the volume include major Benjamin commentators whose work has very much defined the reception of the essay and leading philosophers, historians, and aestheticians whose approaches open up new areas of interest and relevance. Seeing Out Loud

Jerry Saltz, 2003 *Literary Nonfiction Art In SEEING OUT LOUD*. Saltz critically engages with notable works of art by over 100 notable artists ranging from Picasso, Matisse, and Warhol to Matthew Barney, Gerhard Richter, and Chris Ofili. These reviews appeared in the *Village Voice* between November 1998 and winter 2003. Jerry Saltz is the best informed and hair trigger liveliest of contemporary art critics, tracking pleasure and jump starting intelligence on the fly. Jerry's fast takes usually stand up better in retrospect than other people's long views. Peter Schjedaahl: Jerry Saltz looks at art from the perspective of the viewer, the ignorant, the lover, and the enemy. His writing is overwhelmingly passionate yet without sentimentality. His words pierce the content and beauty of each work of art to test its endurance in time and memory. Francesco Bonami, Curator 2003 Venice Biennale. The Photographic Paradigm. Annette W. Balkema, Henk Slager, 1997 *Opstellen over de fotografie en fotografische zienswijzen als paradigma in de hedendaagse beeldende kunst*. **A Violent Embrace** renée c. hoogland, 2014-01-07. Instead of asking questions about the symbolic meaning or underlying truth of a work of art, renée c. hoogland is concerned with the actual work that it does in the world, whether intentionally or not. Why do we find ourselves in tears in front of an abstract painting? Why do some cartoons of the prophet Muhammad generate worldwide political outrage? What, in other words, is the compelling force of visual images, even or especially if they are nonfigurative, repulsive, or downright ugly? Rather than describing, analyzing, and interpreting artworks, hoogland approaches art as an event that obtains on the level of actualization, presenting retellings of specific artistic events in the light of recent interventions in aesthetic theory and proposing to conceive of the aesthetic encounter as a potentially disruptive, if not violent, force field with material, political, and practical consequences. **On Perfection**. Jo Longhurst, 2013-01-01. Based on a 2012 symposium on Perfection held at the Whitechapel Gallery in East London, this book explores the ways in which artists engage with ideas of perfection, drawing on screenings, performances, and discussions. The symposium featured the work of an eclectic group of artists and writers who use photographic lenses of many kinds to create works that engage with or disrupt ideas of perfection. Framed from an artist's perspective and spanning a diverse range of artworks that question how these ideas shape our personal identities and our social and political systems, *On Perfection* considers the multifaceted nature of lens-based practices.
