Momboisse,1967      **Riot, Rebellion, and Revolution** Friedrich Katz,2014-07-14 Since the Mexican Revolution of 1910 1920 Mexico s rebellious peasant has become a subject not only of history but of literature film and paintings With his sombrero his machete and his rifle he marches or rides through countless Hollywood or Mexican films killing brutal overseers hacienda owners corrupt officials and federal soldiers Some of Mexico s greatest painters such as Diego Rivera have portrayed him as one of the motive forces of Mexican history Was this in fact the case Or are we dealing with a legend forged in the aftermath of the Revolution and applied to the Revolution itself and to earlier periods of Mexican history This is one of the main questions discussed by the international group of scholars whose work is gathered in this volume They address the subject of agrarian revolts in Mexico from the pre Columbian period through the twentieth century The volume offers a unique perspective not only on Mexican riots rebellions and revolutions through time but also on Mexican social movements in contrast to those in the rest of Latin America The contributors to the volume are Ulises Beltran Raymond Buve John Coatsworth Romana Falcon John M Hart Evelyn Hu DeHart Friedrich Katz William K Meyers Enrique Montalvo Ortega Herbert J Nickel Leticia Reina William Taylor Hans Werner Tobler John Tutino Arturo Warman and Eric Van Young Originally published in 1988 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905      *Document Retrieval Index* ,1972      *The International Spread of Ethnic Conflict* David A. Lake,Donald Rothchild,2020-10-06 The wave of ethnic conflict that has recently swept

across parts of Eastern Europe the former Soviet Union and Africa has led many political observers to fear that these conflicts are contagious Initial outbreaks in such places as Bosnia Chechnya and Rwanda if not contained appear capable of setting off epidemics of catastrophic proportions In this volume David Lake and Donald Rothchild have organized an ambitious sophisticated exploration of both the origins and spread of ethnic conflict one that will be useful to policymakers and theorists alike The editors and contributors argue that ethnic conflict is not caused directly by intergroup differences or centuries old feuds and that the collapse of the Soviet Union did not simply uncork ethnic passions long suppressed They look instead at how anxieties over security competition for resources breakdown in communication with the government and the inability to make enduring commitments lead ethnic groups into conflict and they consider the strategic interactions that underlie ethnic conflict and its effective management How why and when do ethnic conflicts either diffuse by precipitating similar conflicts elsewhere or escalate by bringing in outside parties How can such transnational ethnic conflicts best be managed Following an introduction by the editors which lays a strong theoretical foundation for approaching these questions Timur Kuran Stuart Hill Donald Rothchild Colin Cameron Will H Moore and David R Davis examine the diffusion of ideas across national borders and ethnic alliances Without disputing that conflict can spread James D Fearon Stephen M Saideman Sandra Halperin and Paula Garb argue that ethnic conflict today is primarily a local phenomenon and that it is breaking out in many places simultaneously for similar but largely independent reasons Stephen D Krasner Daniel T Froats Cynthia S Kaplan Edmond J Keller Bruce W Jentleson and I William Zartman focus on the management of transnational ethnic conflicts and emphasize the importance of domestic confidence building measures international intervention and preventive diplomacy

**Slow and Sudden Violence** Derek Hyra,2024-08-06 In Slow and Sudden Violence Derek Hyra weaves together a persuasive unrest narrative linking police aggression to an ongoing cycle of racial and spatial urban redevelopment repression By delving into the real estate history of the St Louis region and Baltimore Hyra shows how rounds of urban renewal decisions to segregate divest displace and gentrify Black communities advance neighborhood inequality Despite moments of racial political representation repeated decisions to upgrade the urban fabric and uproot low income Black populations result in Black poverty pockets inhabited by people experiencing chronic displacement trauma and unrelenting police surveillance These interconnected sets of accumulated frustrations powerfully culminate and surface when tragic and unjust police killings occur To confront the core components of U S unrest Hyra suggests we must end racialized policing stop Black community destruction and displacement and reduce neighborhood inequality
