Ripper Notes Wolf Vanderlinden, John Hacker, 2004-06-15 Ripper Notes America Looks at Jack the Ripper is a collection of essays about the notorious Whitechapel serial killer and related topics It leads off with a newly discovered and never before republished 1892 interview with Assistant Commissioner Robert Anderson of Scotland Yard Anderson was a very important figure in the investigations and made statements later in life that the killer had been identified and put into an asylum This article is accompanied by a short analysis showing why that is unlikely Wolf Vanderlinden then gives an in depth look at the suspects in the 1891 death of prostitute Carrie Brown in New York City a case long connected by many to the earlier string of Ripper killings in the East End of London This is followed by coverage of the 2004 U S Ripper Conference including essays by John Hacker Jack the Ripper and Technology Ripperology in the Twenty First Century and Stan Russo The Strange Case of Dr Hewitt which

questions why some suspects are treated more seriously than they probably should be adapted from their presentations there

A number of shorter pieces by various authors follows

Ripper Notes is a nonfiction anthology series covering all aspects of the Jack the Ripper murder case

Legends, Monsters, or Serial Murderers? Dirk C. Gibson, 2012-02-14 Covering figures ranging from Catherine Monvoisin to Vlad the Impaler and describing murders committed in ancient aristocracies to those attributed to vampires witches and werewolves this book documents the historic reality of serial murder The majority of serial murder studies support the consensus that serial murder is essentially an American crime a flawed assumption as the United States has existed for less than 250 years What is far more likely is that the perverse urge to repeatedly and intentionally kill has existed throughout human history and that a substantial percentage of serial murders throughout ancient times the middle ages and the pre modern era were attributed to imaginative surrogate explanations dragons demons vampires werewolves and witches

Legends Monsters or Serial Murderers The Real Story Behind an Ancient Crime dispels the interrelated misconceptions that serial murder is an American crime and a relatively recent phenomenon making the novel argument that serial murder is a historic reality an unrecognized fact in ancient times

Noted serial murderers such as the Roman Locuta The Poisoner Gilles De Rais of France a prolific serial killer of children Andres Bichel of Bavaria and Chinese aristocratic serial killer T zu Hsi are spotlighted

This book provides a unique perspective that integrates supernatural interpretations of serial killing with the history of true crime reanimating mythic entities of horror stories and presenting them as real criminals

The Mammoth Book of Jack the Ripper Maxim Jakubowski, 2008-04-24 Updated and expanded edition of the fullest ever collective investigation into Jack the Ripper and the Whitechapel Murders This volume collects not just all the key factual evidence but also 20 different arguments as to the identity of Jack the Ripper such as that advanced by Patricia Cornwell

Contributions are from the world's leading Ripperologists including William Beadle Melvyn Fairclough Martin Fido Shirley Harrison James Tully and Colin Wilson

The identity of Jack the Ripper has plagued professional historians criminologists writers and amateur enthusiasts

The many suspects include Montague John Druitt Walter Sickert Aaron Kosminski Michael Ostrog William Henry Bury Dr Tumblety and James Maybrick

The only certainty is that Ripperologists have not found an individual on whom they can all agree

The essays are supported by a detailed chronology extensive bibliography and filmography
