synonymous with the American dream the frontier spirit individual freedoms and man's relationship with the land A Century of Great Western Stories is essentially a retrospective of western writing over the past century but Jakes also sets out to give readers a glimpse of what the future might hold for western fiction While trends in publishing might not always be promising the current crop of contemporary Western authors show that the old west will always have a place in the world of fiction Like the American dream which it celebrates Western fiction will persevere At the Publisher's request this title is being sold without Digital Rights Management Software DRM applied
