

THE RISE AND FALL OF THE AMERICAN TEENAGER

"Hine's very act of putting today's teenagers in a context alongside the musket-toting, factory-working youth of America's past broadens the reader's vision and loosens stereotypes at a time when creative thinking about teenagers is called for." —*Philadelphia Inquirer*

A New History of the American Adolescent Experience

THOMAS HINE

Rise And Fall Of The American Teenager

Rachel Devlin

Rise And Fall Of The American Teenager:

The Rise and Fall of the American Teenager Thomas Hine, 2000-09-19 In the groundbreaking work Thomas Hine examines the American teenager as a social invention shaped by the needs of the twentieth century With intelligence insight imagination and humor he traces the culture of youth in America from the spiritual trials of young Puritans and the vision quests of Native Americans to the media blitzed consumerism of contemporary thirteen to nineteen year olds The resulting study is a glorious appreciation of youth that challenges us to confront our stereotypes rethink our expectations and consider anew the lives of those individuals who are blessing our bane and our future *New American Teenagers* Barbara Jane Brickman, 2014-03-27

The author challenges the neglect of the 1970s in studies on teen film and youth culture by locating a number of subversive and critical narratives **Hot Pants and Spandex Suits** Esther De Dauw, 2021-01-15

Taking a critical look at the gender presentation of DC and Marvel superheroes like Superman Captain America Batwoman Luke Cage and Storm Hot Pants and Spandex Suits is a thought provoking consideration of what superhero comics teach us about identity embodiment and sexuality *Baudrillard, Youth, and American Film* Kip Kline, 2016-05-26

Baudrillard Youth and American Film examines the portrayal of youth in American cinema with Jean Baudrillard's radical social theory and philosophical system Kline uses Baudrillard's corpus to analyze the troubling effects of the portrayal of youth in American teen films namely its contribution to discursive violence against young people which holds such a prominent place in many adult controlled modern institutions like schools This kind of violence has multiple iterations including the inability to imagine youth as meaningful political actors the insistence on taking teenagers to be morally impoverished and the propensity for viewing young people as thoroughly heteronomous While there are certainly pockets of exception violent discourses often animate institutional disregard for youth Kline promotes Baudrillard's fatal theory as a way for critical educators philosophers sociologists and other concerned pedagogues to argue for an alteration in the way that youth is portrayed in American films and to discourage the negative discourse that have colonized conceptions and treatment of young people **America's Teenagers--Myths and Realities** Sharon L. Nichols, Thomas L. Good, 2004-07-19

The media's presentation suggests that American teenage culture today is the most violent sexual and amoral youth culture in history In this book Nichols and Good deconstruct the negative images held by large numbers of adults Recognizing that many teenagers are left by adults to socialize themselves and the consequences of this careless indifference the authors goal is to influence a more positive view leading to stronger social policies and better services resources and programs to meet the needs of America's youth Unique features of America's Teenagers Myths and Realities Media Images Schooling and the Social Costs of Careless Indifference include powerful analytic lenses used to revisit typical depictions of youth a wealth of information brought to bear on understanding teenagers behavior and consideration of a broad range of adolescent behaviors across critical socializing settings The book begins with a discussion of the continuing myth of adolescence how and why

youth are devalued and an overview of current beliefs about youth drawn from two 1990s Public Agenda Polls This is followed by chapters on youth and the media and the pressures that youth face in various dimensions of their lives Topics include youth violence the sex lives of teenagers tobacco alcohol drugs and teens healthy living and decision making working teens and youth and education The concluding chapter pulls together themes generated throughout the book and provides examples of policies that would underscore the value of viewing youth as a social investment General guidelines are provided for teachers parents policymakers and citizens to facilitate responding to youth in meaningful proactive ways that improve the quality of life for teenagers and the broader society

Grease Barbara Jane Brickman,2017-10-19 This book offers the first in depth look at the history social context and industrial practices behind this teen musical phenomenon to suggest that social change especially in terms of gender and sexuality comes to the surface despite the film s retro setting blockbuster business model and apparent nostalgic tone The vast audience for this film over the last thirty five years and the various hopelessly devoted fandoms indicate that Grease exceeds both the confines of its period and the limits of any one ideological message

Starting Right Chap Clark,Kenda Creasy Dean,Dave Rahn,2001 This is among the very few academic textbooks on youth ministry that blends solid research with real life experience It is an excellent resource for undergraduate or graduate courses in youth ministry or for youth workers who want to ground their ministry in solid theology

Relative Intimacy Rachel Devlin,2006-03-08 Celebrated as new consumers and condemned for their growing delinquencies teenage girls emerged as one of the most visible segments of American society during and after World War II Contrary to the generally accepted view that teenagers grew more alienated from adults during this period Rachel Devlin argues that postwar culture fostered a father daughter relationship characterized by new forms of psychological intimacy and tinged with eroticism According to Devlin psychiatric professionals turned to the Oedipus complex during World War II to explain girls delinquencies and antisocial acts Fathers were encouraged to become actively involved in the clothing and makeup choices of their teenage daughters thus domesticating and keeping under paternal authority their sexual maturation In Broadway plays girls and women s magazines and works of literature fathers often appeared as governing figures in their daughters sexual coming of age It became the common sense of the era that adolescent girls were fundamentally motivated by their Oedipal needs dependent upon paternal sexual approval and interested in their fathers romantic lives As Devlin demonstrates the pervasiveness of depictions of father adolescent daughter eroticism on all levels of culture raises questions about the extent of girls

independence in modern American society and the character of fatherhood during America's fabled embrace of domesticity in the 1940s and 1950s American Girls Nancy Jo Sales, 2017-01-24 A New York Times Bestseller Award winning Vanity Fair writer Nancy Jo Sales crisscrossed the country talking to more than two hundred girls between the ages of thirteen and nineteen about their experiences online and off They are coming of age online in a hypersexualized culture that has normalized extreme behavior from pornography to the casual exchange of nude photographs a culture rife with a virulent new strain of sexism a culture in which teenagers are spending so much time on technology and social media that they are not developing basic communication skills The dominant force in the lives of girls coming of age in America today is social media Instagram Whisper Vine Youtube Kik Ask fm Tinder Provocative explosive and urgent American Girls will ignite much needed conversation about how we can help our daughters and sons negotiate the new social and sexual norms that govern their lives *The 1990s Teen Horror Cycle* Alexandra West, 2018-06-05 Many critics and fans refer to the 1990s as the decade that horror forgot with few notable entries in the genre Yet horror went mainstream in the 90s by speaking to the anxieties of American youth during one of the country's most prosperous eras No longer were films made on low budgets and dependent on devotees for success Horror found its way onto magazine covers fashion ads and CD soundtrack covers Girl power feminism and a growing distaste for consumerism defined an audience that both embraced and rejected the commercial appeal of these films This in depth study examines the youth subculture and politics of the era focusing on such films as Buffy the Vampire Slayer 1992 Scream 1996 I Know What You Did Last Summer 1997 Idle Hands 1999 and Cherry Falls 2000 **Cops and Kids** David B. Wolcott, 2005 Juvenile courts were established in the early twentieth century with the ideal of saving young offenders from delinquency Many kids however never made it to juvenile court Their cases were decided by a different agency the police Cops and Kids analyzes how police regulated juvenile behavior in turn of the century America Focusing on Los Angeles Chicago and Detroit it examines how police saw their mission how they dealt with public demands and how they coped daily with kids Whereas most scholarship in the field of delinquency has focused on progressive era reformers who created a separate juvenile justice system David B Wolcott's study looks instead at the complicated sometimes coercive relationship between police officers and young offenders Indeed Wolcott argues police officers used their authority in a variety of ways to influence boys and girls behavior Prior to the creation of juvenile courts police officers often disciplined kids by warning and releasing them keeping them out of courts Establishing separate juvenile courts however encouraged the police to cast a wider net pulling more young offenders into the new system While some departments embraced child friendly approaches to policing others clung to rough and tumble methods By the 1920s and 1930s many police departments developed new strategies that combined progressive initiatives with tougher law enforcement targeted specifically at growing minority populations Cops and Kids illuminates conflicts between reformers and police over the practice of juvenile justice and sheds new light on the origins of lasting tensions between America's police and urban

communities **The Gus Van Sant Touch** Justin Vicari, 2012-09-20 Beloved controversial influential the creator of such fascinating and award winning films as *My Own Private Idaho* *Good Will Hunting* *Elephant* and *Milk* Gus Van Sant stands among the great international directors equally at home in Hollywood and the avant garde Examining his films thematically this book finds consistency of vision in Van Sant's unique approach to cinema which deploys postmodernist techniques such as appropriation nonlinear narrative and queering not in the service of the chic but to apply an all inclusive viewpoint to ageless tales of life love and death Van Sant's films are viewed through a multi genre prism including the work of Bruce Weber and Derek Jarman the westerns of Sam Peckinpah the music of the Velvet Underground and Nirvana the fiction of Sam D Allesandro and especially the cut up collage practice of intertextual authorship pioneered by William Burroughs

The Changing Portrayal of Adolescents in the Media Since 1950 Patrick Jamieson, Daniel Romer, 2008-07-22 Adolescents are eager consumers of mass media entertainment and are particularly susceptible to various forms of media influence such as modeling desensitization and contagion These once controversial phenomena are now widely accepted along with the recognition that the media are a major socializer of youth During the economic boom of the post World War II era marketers and advertisers identified adolescents as a major audience which led to the emergence of a pervasive youth culture Enormous changes ensued in the media's portrayal of adolescents and the behaviors they emulate These changes were spurred by increased availability and consumption of television which joined radio film and magazines as major influence on youth Later the rapid growth of the video game industry and the internet contributed to the encompassing presence of the media Today opportunities for youthful expression about to the point where adolescents can easily create and disseminate content with little control by traditional media gatekeepers In *The Changing Portrayals of Adolescents in the Media since 1950* leading scholars analyze the emergence of youth culture in music and powerful trends in gender and ethnic racial representation sexuality substance use violence and suicide portrayed in the media This book illuminates the evolution of teen portrayal the potential consequences of these changes and the ways policy makers and parents can respond

Growing Up Postmodern Ronald Strickland, 2002-06-25 This collection takes its inspiration from Paul Goodman's *Growing Up Absurd* a landmark critique of American culture at the end of the 1950s Goodman called for a revival of social investment in urban planning public welfare workplace democracy free speech racial harmony sexual freedom popular culture and education to produce a society that could inspire young people and an adult society worth joining In postmodernity Goodman's enlightenment era vision of social progress has been judged obsolete For many postmodern critics subjectivity is formed and expressed not through social investment but through consumption the freedom to consume has replaced political empowerment But the power to consume is distributed very unevenly and even for the affluent it never fulfills the desire produced by the advertising industry The contributors to this volume focus on adverse social conditions that confront young people in postmodernity such as the relentless pressure to consume social dis investment in education harsh responses to

youth crime and the continuing climate of intolerance that falls heavily on the young In essays on education youth crime counseling protest movements fiction identity formation and popular culture the contributors look for moments of resistance to the subsumption of youth culture under the logic of global capitalism **The Vietnam Veteran in Contemporary Society** United States. Veterans Administration. Department of Medicine and Surgery, 1972 Awakening Youth Discipleship Brian J. Mahan, Michael Warren, David F. White, 2008-01-01 Youth ministry has increasingly lost touch with its origins in the way of Jesus and the social practices intrinsic to Christian discipleship and has instead substituted layers of Jesus talk middle class values fun and games and doses of warm fellow feeling Awakening Youth Discipleship articulates the history of this domestication of youth and ministry Mahan Warren and White tell a story of the ways in which our society has colluded to shape a domesticated adolescence The authors believe a Christian response to this challenge must be multilevel addressing the problem at three levels society church and individual The authors propose reclaiming practices of discernment that both engage congregations in social awareness and involve individuals in discerning fuller vocational opportunities than those allowed by popular cultural norms Making Jesus Attractive Gretchen Schoon Tanis, 2016-02-02 Making Jesus Attractive is an in depth look at the history and theology of this parachurch organization dedicated to ministry with young people Beginning with the theological background of founder Jim Rayburn and moving through the decades of the ministry this book examines not only the articulated theological statements of the organization but the lived theology as well This book provides a thorough overview of the theological underpinnings of the Young Life organization and challenges their model of an attractive Christianity providing insights that could be utilized by all youth ministry workers Progressivism Meets Jim Crow Karen A. Benjamin, 2007 Teen Television Sharon Marie Ross, Louisa Ellen Stein, 2008-04-05 This essay collection explores the phenomenon of teen TV in the United States analyzing the meanings and manifestations of this category of programming from a variety of perspectives Part One views teen television through an industrial perspective examining how networks such as WB UPN The CW and The N have created a unique economic framework based on demographic niches and teen focused narrowcasting Part Two focuses on popular teen programs from a cultural context evaluating how such programs reflect and at times stretch the envelope of the cultural contexts in which they are created Finally Part Three explores the cultures of reception including the realms of teen consumerism fan discourse and unofficial production through which teens and consumers of teen media have become authors of the teenage experience in their own right
