The Rise of Benedict XVI John L. Allen (Jr.),2005 *Thomas Aquinas* Prudlo, Donald S.,2020 Reintroduces this significant thinker in his context as a man as a mendicant as a mystic as a saint **The Rise of Benedict XVI** John L. Allen,2005-06-13 On 19 April 2005 at 5 50pm white smoke poured from the Vatican chimney Joseph Ratzinger had become one of the most important figures on earth How and why was Pope Benedict XVI elected And what will his impact be on the Catholic faith and the world Vatican correspondent John L Allen draws on his unparalleled knowledge to give the full inside story of the Church s new leadership In this in depth account he examines the transition from John Paul II to Benedict XVI the legacy of the previous Pope and the role of the current leader He takes us right into the heart of the selection process interviewing the cardinals who chose Benedict XVI to reveal their thoughts on the new Pope and the reasons why he was picked And he looks at why this conclave was one of the briefest of modern times Confronting many difficult questions Allen asks what the choice of a renowned hard line traditionalist will mean for 1 1 billion Catholics around the globe What do the way Ratzinger rose to power his history and theological views say about how the faith will now move forward Why did the Vatican choose such a seemingly safe candidate And what will the consequences be for Catholicism and the challenges it faces today *The Mississippi Valley Historical Review* ,1929 Includes articles and reviews covering all aspects of American history Formerly the Mississippi Valley Historical Review *Priests, Prelates and People* Nicholas Atkin, Frank Tallett,2003-09-26 The Catholic Church has always been a major player in European and world history Whether it has enjoyed a religious dominance or existed as a minority religion Catholicism has never been diverted from political life *Priests Prelates and People* records the Church struggling to adapt to the new political landscape ushered in by the French Revolution and shows how the formation of nation states and identities was both helped and hindered by the Catholic establishment It portrays the Vatican increasingly out of step in the wake of world war Cold War and the massive expansion of the developing world with its problems of population growth and under development Mystic Chords of Memory Michael Kammen,2011-08-17 *Mystic Chords of Memory* Illustrated with hundreds of well chosen anecdotes and minute observations Kammen is a demon researcher who seems to have mined his nuggets from the entire corpus of American cultural history insightful and sardonic Washington Post Book World In this ground breaking panoramic work of American cultural history the Pulitzer Prize winning author of *A Machine That Would Go of Itself* examines a central paradox of our national identity How did the land of the future acquire a past And to what extent has our collective memory of that past as embodied in our traditions have been distorted or even manufactured Ranging from John Adams to Ronald Reagan from the origins of Independence Day celebrations to the controversies surrounding the Vietnam War Memorial from the Daughters of the American Revolution to immigrant associations and filled with incisive analyses of such phenonema as Americana and its collectors historic villages and Disneyland *Mystic Chords of Memory* is a brilliant immensely readable and enormously
