Honecker's Children Anna Saunders, 2013-07-19 During the final decade of the German Democratic Republic GDR young citizens found themselves at the heart of a rigorous programme of socialist patriotic education yet following the fall of the Berlin Wall the emphasis of official state rhetoric textbooks and youth activities changed beyond recognition For the young generation growing up during this period normality was turned on its head leaving a sense of insecurity and inner turmoil Using a combination of archival research and interviews together with educational materials and government reports this book examines the relationship between young people and their two successive states in East ern Germany between 1979 and 2002 This unusual time span straddles the 1989 1990 caesura which often delimits historical studies and thus enables not only a detailed examination of GDR socialisation but crucially also its influence in unified Germany Anna Saunders explores the extent to which a young generation s loyalties can be officially regulated in the face of cultural and historical traditions changing material conditions and shifting social circumstances and finds GDR socialisation to be influential to post unification loyalties through its impact on the personal sphere rather than through the official sphere of ideological

propaganda At a time of globalisation this lucid study not only provides unique insight into the functioning of the GDR state and its longer term impact but also advances our broader understanding of the ways in which collective loyalties are formed It will be of particular interest to those in the fields of German History and Politics European Studies and Sociology *Cold War Rivalry and the Perception of the American West* P. Goral, 2014-03-07 This book demonstrates how the two adversaries of the Cold War West Germany and East Germany endeavored to create two distinct and unique German identities In their endeavor to claim legitimacy the German cinematic representation of the American West became an important cultural weapon of mass dissemination during the Cold War *The People's State* Mary Fulbrook, 2008-12-02 What was life really like for East Germans effectively imprisoned behind the Iron Curtain The headline stories of Cold War spies and surveillance by the secret police of political repression and corruption do not tell the whole story After the unification of Germany in 1990 many East Germans remembered their lives as interesting varied and full of educational career and leisure opportunities in many ways perfectly ordinary lives Using the rich resources of the newly opened GDR archives Mary Fulbrook investigates these conflicting narratives She explores the transformation of East German society from the ruins of Hitler's Third Reich to a modernizing industrial state She examines changing conceptions of normality within an authoritarian political system and provides extraordinary insights into the ways in which individuals perceived their rights and actively sought to shape their own lives Replacing the simplistic black and white concept of totalitarianism by the notion of a participatory dictatorship this book seeks to reinstate the East German people as actors in their own history **Mapping the Contours of Oppression** Owen Evans, 2006 Despite all the assertions towards the end of the twentieth century that the literary subject had expired along with the author the wave of autobiographies published in German after the Wende was a clear indication that on the contrary life stories were very much alive In this study Owen Evans examines the work of eight authors Ludwig Harig Uwe Saeger Ruth Klöger Ginter de Bruyn Ginter Kunert Christoph Hein Grete Weil and Monika Maron who all published personal texts after 1989 dealing either with life in Nazi Germany or the GDR and in some cases both By means of close textual analysis Evans explores the impact these regimes had on the individuals concerned and the contrasting ways in which the authors handle the autobiographical project They adopt varying textual strategies to render the self on the page with some employing overt fiction and yet in each case the project was clearly motivated by the need to treat psychological wounds inflicted on the self by totalitarianism In their mapping of the contours of oppression the texts at the heart of this study combine to offer a powerful defence of literary autobiography in Germany at least as a valuable means of tackling the legacy of totalitarianism *Suddenly Everything was Different* Olaf G. Klein, 2007 It includes an introduction and extensive annotations to assist the reader in understanding the East German and unified German contexts **BOOK JACKET** **Postwar Germany and the Holocaust** Caroline Sharples, 2015-12-17 CHOICE Outstanding Academic Title 2016 Focussing on German responses to the Holocaust since 1945 Postwar Germany and the Holocaust traces the process of

Pinfold, 2012-12-15 Exploring the ways in which the GDR has been remembered since its demise in 1989/90 this volume asks how memory of the former state continues to shape contemporary Germany Its contributors offer multiple perspectives on the GDR and offer new insights into the complex relationship between past and present

**Toward a New Germany** Adolf Haasen, 2009-06 For many years Germany has been confronted with the need for political economic and societal change In recent federal and state election the two major political parties have seen an erosion of their electoral acceptance while newcomers like Die Linke the leftist party with strong roots in East Germany are gaining strength Problems created by the worldwide financial crisis are exacerbated in Germany by high welfare costs above average benefits and abundant vacation time as well as a general entitlement mentality resisting badly needed change Help comes from an unexpected quarter East Germany In fact the East German people had to learn tough lessons living through the experience of two political systems and having to deal with much adversity in the process Recently however a healthy self confidence and defiant resourcefulness has reappeared after a long period of frustration hopelessness and resignation New developments in the political economic and socio cultural area seem to be harbingers of welcome transformation which may give the East German people the opportunity to become agents of change toward a new Germany

**Dictatorship, State Planning, and Social Theory in the German Democratic Republic** Peter C. Caldwell, 2003-03-27 The introduction of state planning and party dictatorship dramatically altered the environment for social theory in the German Democratic Republic But social thought did not disappear By the mid 1950s East German social theorists discovered the basic contradictions of state socialism that would eventually lead to its collapse the inability of the plan to function without markets and its inability to permit markets the inability of the party state to guarantee the rule of law and yet also the need for a regular system of rules in a modern industrial society and the contradictory philosophical claims of a Marxist Leninist philosophy that rejected idealism and Marxist Leninist dogma with its idealistic claim to know the laws of social

modernization Making use of archival sources Caldwell examines the articulation of these analyses their subsequent suppression by party authorities in the late 1950s and their return under the guise of cybernetics in the 1960s
