Rising Wind:

At the Dawn of History Yağmur Heffron, Adam Stone, Martin Worthington, 2017-03-24 Nearly 50 students colleagues and friends of Nicholas Postgate join in tribute to an Assyriologist and Archaeologist who has had a profound influence on both disciplines His work and scholarship are strongly felt in Iraq where he was the Director of the British School of Archaeology in the United Kingdom where he is Emeritus Professor of Assyriology in the University of Cambridge and in the subject internationally He has fostered close collaboration with colleagues in Turkey and Iraq where he has been involved in archaeological investigation always seeking to meld the study of texts with that of material remains The essays embrace the full range of Postgate's interests including government and administration art history population studies the economy religion and divination foodstuffs ceramics and Akkadian and Sumerian language in a word all of ancient Mesopotamian civilisation Tears, Fire, and Blood James H. Meriwether, 2021-10-19 In the mid twentieth century the struggle against colonial rule fundamentally reshaped the world and the lives of the majority of the world's population Decolonization Black and Brown freedom movements the establishment of the United Nations and NATO an exploding Cold War a burgeoning world human rights movement all became part of the dramatic events that swept through Africa at a furious pace with fifty nations gaining independence in roughly fifty years Meanwhile the United States emerged as the most powerful and influential nation in the world with the ability politically economically militarily and principles to help or hinder the transformation of the African continent Tears Fire and Blood offers a sweeping history of how the United States responded to decolonization in Africa James H Meriwether explores how Washington grappling with national security interests and racial prejudices veered between strengthening African nationalist movements seeking majority rule and independence and bolstering anticommunist European allies seeking to maintain white rule Events in Africa helped propel the Black freedom struggle around the world and ultimately forced the United States to confront its support for national ideals abroad as it fought over how to achieve equality at home *Race and US Foreign Policy* Mark Ledwidge, 2012-02-06 African Americans analysis of and interest in foreign affairs represents a rich and dynamic legacy and this work provides a cutting edge insight into this neglected aspect of US foreign affairs In addition to extending the parameters of US foreign policy literature to include race and ethnicity the book documents case specific analyses of the evolutionary development of the African American foreign affairs network AAFAN Whilst the examination of race in regard to the construction of US foreign policy is significant this book also provides a cross disciplinary approach which utilises historical and political science methods to paint a more realistic appraisal of US foreign policy Including analysis of original archival evidence this theoretically informed work seeks to transcend the standard mono disciplinary approach which overestimates the separation between domestic and foreign affairs The unique approach of this work will add an important dimension to a newly emerging field and will be of interest to scholars in ethnic and racial studies American politics US foreign policy and US history Radio Free

Dixie Timothy B. Tyson, 2009-11-15 This book tells the remarkable story of Robert F Williams one of the most influential black activists of the generation that toppled Jim Crow and forever altered the arc of American history In the late 1950s as president of the Monroe North Carolina branch of the NAACP Williams and his followers used machine guns dynamite and Molotov cocktails to confront Klan terrorists Advocating armed self reliance by blacks Williams challenged not only white supremacists but also Martin Luther King Jr and the civil rights establishment Forced to flee during the 1960s to Cuba where he broadcast Radio Free Dixie a program of black politics and music that could be heard as far away as Los Angeles and New York City and then China Williams remained a controversial figure for the rest of his life Historians have customarily portrayed the civil rights movement as a nonviolent call on America s conscience and the subsequent rise of Black Power as a violent repudiation of the civil rights dream But Radio Free Dixie reveals that both movements grew out of the same soil confronted the same predicaments and reflected the same quest for African American freedom As Robert Williams s story demonstrates independent black political action black cultural pride and armed self reliance operated in the South in tension and in tandem with legal efforts and nonviolent protest

Radio Fields Lucas Bessire, Daniel Fisher, 2012-11-19 Radio is the most widespread electronic medium in the world today As a form of technology that is both durable and relatively cheap radio remains central to the everyday lives of billions of people around the globe It is used as a call for prayer in Argentina and Appalachia to organize political protest in Mexico and Libya and for wartime communication in Iraq and Afghanistan In urban centers it is played constantly in shopping malls waiting rooms and classrooms Yet despite its omnipresence it remains the media form least studied by anthropologists Radio Fields employs ethnographic methods to reveal the diverse domains in which radio is imagined deployed and understood Drawing on research from six continents the volume demonstrates how the particular capacities and practices of radio provide singular insight into diverse social worlds ranging from aboriginal Australia to urban Zambia Together the contributors address how radio creates distinct possibilities for rethinking such fundamental concepts as culture communication community and collective agency

White Fright Jane Dailey, 2020-11-17 A major new history of the fight for racial equality in America arguing that fear of black sexuality has undergirded white supremacy from the start In White Fright historian Jane Dailey brilliantly reframes our understanding of the long struggle for African American rights Those fighting against equality were not motivated only by a sense of innate superiority as is often supposed but also by an intense fear of black sexuality In this urgent investigation Dailey examines how white anxiety about interracial sex and marriage found expression in some of the most contentious episodes of American history since Reconstruction in battles over lynching in the policing of black troops behavior overseas during World War II in the violent outbursts following the Supreme Court s decision in Brown v Board of Education and in the tragic story of Emmett Till The question was finally settled as a legal matter with the Court s definitive 1967 decision in Loving v Virginia which declared interracial marriage a fundamental freedom Placing sex at the center of our civil rights history White Fright offers a bold new

take on one of the most confounding threads running through American history **Report of Meteorological**

Observations made at Mount Washington, N. H., during the Month of May, 1872 United States. Army. Signal Corps,1872 The Divine/Demonic Seven and the Place of Demons in Mesopotamia Gina Konstantopoulos,2023-06-12 In

The Divine Demonic Seven and the Place of Demons in Mesopotamia Gina Konstantopoulos analyses the Sebettu a group of seven divine demonic figures found across a wide range of textual and artistic sources in Mesopotamia from the late third to first millennium BCE The Sebettu appeared both as fierce threatening demons and as divine protective figures These seemingly contradictory qualities worked together as their martial ferocity facilitated their religious and political role When used in royal inscriptions they became fierce warriors attacking the king s enemies retaining that demonic nature This flexibility was not unique to the Sebettu and this study thus provides a lens through which to examine the place of demons in Mesopotamia as a whole **Journal of the Scottish Meteorological Society** ,1889 **The Memoirs of Cleopatra**

Margaret George,2010-04-01 Bestselling novelist Margaret George brings to life the glittering kingdom of Cleopatra Queen of the Nile in this lush sweeping and richly detailed saga the basis for the Cleopatra TV mini series Told in Cleopatra s own voice The Memoirs of Cleopatra is a mesmerizing tale of ambition passion and betrayal in the ancient Egyptian world which begins when the twenty year old queen seeks out the most powerful man in the world Julius Caesar and does not end until having survived the assassination of Caesar and the defeat of the second man she loves Marc Antony she plots her own death rather than be paraded in triumph through the streets of Rome Most of all in its richness and authenticity it is an irresistible story that reveals why Margaret George s work has been widely acclaimed as the best kind of historical novel one the reader can t wait to get lost in San Francisco Chronicle Proceedings of the International Symposium on Engineering under

Uncertainty: Safety Assessment and Management (ISEUSAM - 2012) Subrata Chakraborty,Gautam Bhattacharya,2013-03-12 International Symposium on Engineering under Uncertainty Safety Assessment and Management ISEUSAM 2012 is organized by Bengal Engineering and Science University India during the first week of January 2012 at Kolkata The primary aim of ISEUSAM 2012 is to provide a platform to facilitate the discussion for a better understanding and management of uncertainty and risk encompassing various aspects of safety and reliability of engineering systems The conference received an overwhelming response from national as well as international scholars experts and delegates from different parts of the world Papers received from authors of several countries including Australia Canada China Germany Italy UAE UK and USA besides India More than two hundred authors have shown their interest in the symposium The Proceedings presents ninety two high quality papers which address issues of uncertainty encompassing various fields of engineering i e uncertainty analysis and modelling structural reliability geotechnical engineering vibration control earthquake engineering environmental engineering stochastic dynamics transportation system system identification and damage assessment and infrastructure engineering **In Search of Brightest Africa** Jeannette Eileen Jones,2011-11-01 In the decades between

the Berlin Conference that partitioned Africa and the opening of the African Hall at the American Museum of Natural History Americans in several fields and from many backgrounds argued that Africa had something to teach them Jeannette Eileen Jones traces the history of the idea of Africa with an eye to recovering the emergence of a belief in Brightest Africa a tradition that runs through American cultural and intellectual history with equal force to its Dark Continent counterpart Jones skillfully weaves disparate strands of turn of the century society and culture to expose a vivid trend of cultural engagement that involved both critique and activism Filmmakers spoke out against the depiction of savage Africa in the mass media while also initiating a countertradition of ethnographic documentaries Early environmentalists celebrated Africa as a pristine continent while lamenting that its unsullied landscape was vanishing New Negro political thinkers also wanted to save Africa but saw its fragility in terms of imperiled human promise Jones illuminates both the optimism about Africa underlying these concerns and the racist and colonial interests these agents often nevertheless served The book contributes to a growing literature on the ongoing role of global exchange in shaping the African American experience as well as debates about the cultural place of Africa in American thought

Krishna's Lineage, 2019-07-02 Forming the final part of the Sanskrit Mahabharata the Harivamsha's main business is to supply narrative details about the great god Vishnu's avatar Krishna Vasudeva who has been a comparatively minor character in the previous parts of the Mahabharata despite having taken centre stage in the Bhagavad Gita Krishna is born in Mathura some 85 miles south of present day Delhi As an infant he is smuggled out of Mathura for his own safety He and his brother Baladeva grow up among cowherds in the forest where between them they perform many miraculous deeds and kill many dangerous demons before returning to Mathura where they kill the evil King Kamsa and his cronies Thereafter Krishna is the hero and unofficial leader of his people the Yadava Vrishnis When Mathura is besieged by enemies Krishna leads his people to abandon the town and migrate west founding the dazzling new city of Dvaraka by the sea Krishna then repeatedly travels away from that base repeatedly to perform heroic deeds benefitting those in need including his own people his more immediate family and the gods After narrating the stories of Krishna the Harivamsha ends by finishing the story of Janamejaya with which the Mahabharata began The Harivamsha is a powerhouse of Hindu mythology and a classic of world literature It begins by contextualising Vishnu's appearance as Krishna in several ways in the process presenting a variety of cosmogonical cosmological genealogical mythological theological and karmalogical materials It then narrates Krishna's birth and adventures in detail Presenting a wide variety of exciting stories in a poetic register that makes extensive use of natural imagery the Harivamsha is a neglected literary gem and an ideal starting point for readers new to Indian literature

First Crossing Malcolm McConnell, 2024-04-29 The account of a couple's voyage in a small sailboat from New York to Greece is unique They best describe it themselves We are both writers and we were aware that the passage would affect us deeply and possibly change us in unforeseen ways both as individuals and as a couple We agreed to meld the events insights and emotions recorded in our separate logs into one narrative We realized that

it is the internal private voyage that one remembers long after the memories of dark wind and sunny wave crests have faded

The Flying Machine Martin Hancock, 2018-06-05 The thing about photography is that sometimes it captures an accidental reality that was never the intention of the photographer The grinning idiot in the background the unfortunate reflection in a mirror But what do you do when an old photograph shows something in the background that challenges an accepted truth about history Fate drops just such a photograph into the lap of a man who already owns another piece of the same jigsaw Drawn by an increasing obsession to solve the mystery of the old photograph he unwittingly uncovers a different kind of truth A truth about what it really means to live in a free democracy and which has been active for a hundred and fifty years a truth that deals in state sponsored intimidation blackmail and murder **Shelley, His Life and Work** Walter Edwin Peck, 1927 **1817-1822** Walter Edwin Peck, 1927 **The Waters of Hercules** Emily Girard, Dorothea Gerard, 2023-10-24 The Waters of Hercules is a long forgotten novel with close ties to Bram Stoker's Dracula The heroine of the story Gretchen is a practical minded German girl who considers marriage an economic proposition and is determined to marry a man of wealth When Gretchen's father is seriously injured in an accident the family sets off to Transylvania to the Baths of Hercules in hopes that the waters of Hercules known for their curative powers will rehabilitate him Her father tells Gretchen of a mysterious place in the surrounding forest known as Gaura Dracului the Devil's Pit and legends of a treasure associated with it inspire Gretchen to consider another way to make her fortune so that she can marry any man of her choosing Written by sisters Emily and Dorothea Girard The Water of Hercules is a Victorian novel filled with Gothic suspense This beautiful edition with original illustrations by acclaimed artist Phoebe Cho should be of great interest to all fans of Bram Stoker's Dracula With an introduction by A K Brackob a specialist in the history of Eastern Europe The Waters of Hercules is sure to entertain and delight **Motor Boat**, 1921 *Transcript of Workshop on Wind-Wave Hindcasting and Forecasting Models*, 1981
