*Frank Bond Beaumier's Poetry \* I See a Bright Star Rising* , **Chaucer, Gower, and the Vernacular Rising** Lynn Arner, 2015-01-14 Chaucer Gower and the Vernacular Rising examines the transmission of Greco Roman and European literature into English during the late fourteenth and early fifteenth centuries while literacy was burgeoning among men and women from the nonruling classes This dissemination offered a radically democratizing potential for accessing interpreting and deploying learned texts Focusing primarily on an overlooked sector of Chaucer s and Gower s early readership namely the upper strata of nonruling urban classes Lynn Arner argues that Chaucer s and Gower s writings engaged in elaborate processes of constructing cultural expertise These writings helped define gradations of cultural authority determining who could contribute to the production of legitimate knowledge and granting certain socioeconomic groups political leverage in the wake of the English Rising of 1381 Chaucer Gower and the Vernacular Rising simultaneously examines Chaucer s and Gower s negotiations often articulated at the site of gender over poetics and over the roles that vernacular poetry should play in the late medieval English social formation This study investigates how Chaucer s and Gower s texts positioned poetry to become a powerful participant in processes of social control **Get Lit Rising** Diane Luby Lane, the Get Lit Players, 2016-10-18 Get to know the Get Lit Players a group of teens who use poetry to take on the world with this common core aligned book that sheds light on teen issues through their own poetry and slam poetry performances The Get Lit Players include teens who are homeless autistic have parents in jail battle with weight and body issues depression and more But they use the power of poetry to pursue lives of promise and to reach out to friends families and communities Each chapter offers questions writing prompts and how tos for readers to set their own inner poet free Ending with a section for parents and educators featuring the curriculum that shows how to get teens excited about poetry and how to create poetry groups and slams in their own communities Provided by publisher [Reading, Writing, and Rising Up](#) Linda Christensen, 2000 Give students the power of language by using the inspiring ideas in this very readable book **Mayaya Rising** Dawn Duke, 2023-01-13 This work of restorative scholarship centers and honors Afro Latin American heroines present in the work of Cuban Dominican Columbian and Nicaraguan women writers and the reception of their work by literary critics Three literary case studies explore the archetypal regional figures of Teodora and Micaela Gin s Miss Lizzie and the palenqueras **Boreas rising** Bernd Roling, Bernhard Schirg, 2019-07-08 For a long time studies on northern antiquarianism have focused on individual nations This volume introduces this phenomenon in a transnational perspective In the course of the 17th and 18th centuries the Baltic Sea was at the centre of a culture of debate whose networks encompassed numerous European centres of learning When the countries around the Baltic began to explore their own antiquities in this period the prevailing climate of competition between Sweden Denmark Russia and the German countries soon permeated the construction and presentation of their own pasts Exploring the ancient literatures and monuments of Iceland Sweden or

**Voices Rising** Xiaoping Li, 2011-11-01 In the late twentieth century, Western multicultural societies wrestled with questions of cultural difference, identity, and otherness. In Canada, activists from racialized communities took leading roles in the struggle over Canadian identity. *Voices Rising* examines Asian Canadian political and cultural activism around community building, identity making, racial equity, and social justice. Informed by a postcolonial and postmodern cultural critique, *Voices Rising* traces the trajectory of progressive cultural discourse generated by Asian Canadian cultural activists over the course of several generations. Xiaoping Li draws on historical sources and personal testimonies to convincingly demonstrate how culture acts as a means of engagement with the political and social world. As an interdisciplinary inquiry addressing topical issues of race, ethnicity, identity, and transculturalism, *Voices Rising* will be welcomed by scholars, researchers, and students in Canadian studies, cultural studies, ethnic histories, postcolonial theory, globalization studies, diaspora theory, and transcultural analysis. The general reader interested in Canadian identity and cultural history will also find this book accessible and useful.

Keulemans, 2020-05-11 Chinese martial arts novels from the late nineteenth century are filled with a host of suggestive sounds. Characters cuss and curse in colorful dialect accents; vendor calls ring out from bustling marketplaces; and martial arts action scenes come to life with the loud clash of swords and the sounds of bodies colliding. What is the purpose of these sounds, and what is their history? In *Sound Rising from the Paper*, Paize Keulemans answers these questions by critically reexamining the relationship between martial arts novels published in the final decades of the nineteenth century and earlier storyteller manuscripts. He finds that by incorporating imitating and sometimes inventing storyteller sounds, these novels turned the text from a silent object into a lively simulacrum of festival atmosphere, thereby transforming the solitary act of reading into the communal sharing of an oral performance. By focusing on the role sound played in late nineteenth-century martial arts fiction, Keulemans offers alternatives to the visual models that have dominated our approach to the study of print culture, the commercialization of textual production, and the construction of the modern reading subject. *Rising from the Ashes Vol 1*

Ronald John Vierling, 2010-08-09 All three character-driven two-act plays in *Beyond the Abyss*: Adams' *Daughter*, *Common Ground*, and *Sederare* are set in present-day Chicago. Of note, while each explores themes that attend the tragedy of the Holocaust, none of the plays attempts to portray the vile and violent conditions inside concentration or death camps. Rather, the plays portray the profound moral, social, and psychological ramifications of the Shoah as the horrors and dislocations of World War II continue to influence modern Jewish life. *The Echoes of Aztlan: Latino Voices Rising* Pasquale De

Robinson,2025-02-27

Divinity Rising integrates the insights of a depth oriented clinical psychologist ordained in interfaith spirituality with the revelations of a modern day mystic for a deep and experiential understanding of mysticism Some people approach the divine through Scripture others through ideas beliefs and intuitions The mystic seeks direct experience of the divine to explore its perceptual emotional and metaphysical nature For the mystic the entire universe is conscious and alive saturated by an all encompassing eternal and loving Presence a vision embraced by Rumi Kabir Hafez Gibran and so many other poets who leave ecstatic liberating and radically hopeful footprints Divinity Rising follows in this tradition More than a book it s a state of consciousness More than a spiritual technique it s an experience of transformation More than a relationship with God it s about becoming God **Rising from the Ruins** Bruce C. Swaffield,2009-10-02 The neoclassic tendency to write about the ruins of Rome was both an attempt to recapture the grandeur of the golden age of man and a lament for the passing of a great civilization John Dyer who wrote The Ruins of Rome in 1740 was largely responsible for the eighteenth century revival of a unique subgenre of landscape poetry dealing with ruins of the ancient world Few poems about the ruins had been written since Antiquit s de Rome in 1558 by Joachim Du Bellay Dyer was one of first neoclassic poets to return to the decaying stones of a past society as a source of poetic inspiration and imagination He views the relics as monuments of grandeur and greatness but also of impending death and destruction While following most of the rules and standards of neoclassicism that of imitating nature and giving pleasure to a reader Dyer also includes his personal reactions and emotions in The Ruins of Rome The work is composed from the position of a poet who serves as interpreter and translator of the subject a primary characteristic of prospect poetry in the eighteenth century Numerous other writers quickly followed Dyer s example including George Keate William Whitehead and William Parsons The tendency by these poets to write about the

ruins of Rome from a subjective point of view was one of the strongest themes in what Northrop Frye has called the Age of Sensibility. Although the renewed interest in Roman ruins lasted well into the nineteenth century influencing Romantic poets from Lord Byron to William Wordsworth, the evolution of this type of verse was a gradual process. It originated with Du Bellay's poem, continued through seventeenth-century paintings by Claude Lorrain and Salvator Rosa, along with the later art of Piranesi and Pannini, and reached maturity with the poetic interest in the imagination in the eighteenth century. All of these factors, especially the tendency of poets to record their subjective feelings and insights concerning the ruins, are elements that proved to be instrumental in the eventual development of Romanticism.

**Rising** Jane Beal, 2015-04-08

In *Rising*, poet Jane Beal goes in search of America. She sings the Cherokee Creation story, imagining dialogue between Sky Woman and First Man. She remembers being a child and exchanging her blood with a Cherokee friend, and then years later the birth of that friend's son, Usquaniqdi, whose name means miracle. In her poems, she gives voice to women from American history, such as the mother Pocahontas, the midwife Martha Ballard, and the preacher Sojourner Truth. She enters into conversation with American writers like Ralph Waldo Emerson, Emily Dickinson, and Walt Whitman. In *Song of my Soul*, she rewrites the Orphic myth for the whole world. The *Song* is the magnum opus of her collection. She later turns from human voices to Nature's creatures, watching the Stellar Jay, Mourning Dove, and Great White Egret in flight. She explores the landscapes of California, Colorado, and New Mexico, the city of Vallejo, and the high Sierras, where she notices a simple marmot at home in the wild. In the last poems of the book, she moves from meditations on rainfall to the stars shining in the night sky above. This is an extraordinary collection by a significant American poet.
