Global Air Transport Management and Reshaping Business Models for the New Era Kankaew, Kannapat, 2022-05-27 The air transport industry is highly vulnerable to environmental changes, as was seen when the recent COVID 19 pandemic caused most airline operations to cease. However, for decades, airlines have been collapsing around the globe as the business of managing airline operations has become stressed due to price competition. This is detrimental to air carriers since air transport products and services are the same. Moreover, it impacts other industries such as tourism, hotels, and restaurants, which contribute to the derailment of economic and social activities. Thus, it is essential to determine new practices and strategies that can allow air transport management to be enriched and to flourish. Global Air Transport Management and Reshaping Business Models for the New Era provides a comprehensive collection of knowledge on the new era of business management on air transport. It provides strategies, technologies, and tools used in the reshaping of the air transport business model. Covering topics such as customer experience, robotic process automation, and airline alliances, this major reference work is an essential resource for airline managers, supply chain specialists, air transport managers, students, and faculty of higher education, libraries, researchers, economists, government officials, and academicians.

Management Strategies and Tools for Addressing Corruption in Public and Private Organizations Pérez-Urbe, Rafael Ignacio, Ramírez-Garzón, María Teresa, Muñoz-Maya, Carlos Mario, Díaz-Villamizar, Olga Lucía, 2023-06-14 Corruption is a phenomenon as old as civilization itself within the history of humanity, and it has presented itself in society with different intensities and various nuances. Many authors have described corruption as the action and effect of corrupting or becoming corrupted, but it also includes the use of the functions and means of organizations, public or private, for economic benefit or some other form of benefit. Corruption has thus become one of the main threats to democracy and governance because the principles of good governance are violated and the ethical precepts within society are defied. Management Strategies and Tools for Addressing Corruption in Public and Private Organizations explores the phenomenon of corruption in its entire context, analyzes it as dysfunctionality in the managerial practice of public and private organizations, and provides methods for monitoring, treating, and prevention. Covering topics such as anti-corruption, organizational structure, rehabilitation,

The novel begins with Richard Pape, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts.

The Secret History is a brilliant and gripping novel that will keep you speculating until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
