**Reading and Not Reading The Faerie Queene** Catherine Nicholson, 2020-05-26 Despite its canonical prestige Edmund Spenser's epic six part poem *The Faerie Queene* 1590-96 has never been easy or altogether pleasurable to read As this book describes the poem's first known reader Spenser's friend Gabriel Harvey did so under duress and returned the manuscript with a plea that Spenser write something else instead Virginia Woolf's tongue in cheek advice to twentieth century readers eager to cultivate a taste for *The Faerie Queene* The first essential is of course not to read *The Faerie Queene* sums up a tradition of readerly resistance to the poem As a consequence of its difficulty the poem has an extraordinary capacity to induce doubt in readers about Spenser about themselves and about the enterprise of reading itself Each of the six chapters in Nicholson's book considers the poem through the lens of a different readership scholars schoolchildren compilers of commonplace books who value specific elements about the poem Queen Elizabeth the ostensible subject of the poem and readers who across the centuries ultimately failed to understand the poem Rather than tell us how to read Spenser's work Nicholson describes how these individual readers from learned scholars to precocious schoolboys jealous queens to algorithmic search engines have

generated meaning and pleasure from an unusual and difficult text Throughout the author argues that that The Faerie Queene can be read not simply as literature but as literary theory a reflection on what reading does to texts readers and the worlds they live in

**Reading Baudelaire with Adorno** Joseph Acquisto, 2023-05-04 Reading Baudelaire with Adorno examines Charles Baudelaire s oeuvre including verse poems prose poems and critical writings in dialogue with the aesthetic theory of Theodor Adorno for whom the autonomy of the artwork critically resists any attempt to view it merely as a product of its socio historic context Joseph Acquisto analyzes Baudelairean duality through the lens of dissonance arguing that the figure of the subject as a dissonant chord provides a gateway to Baudelaire s reconfiguration of subjectivity and objectivity in both esthetic and epistemological terms He argues that Baudelaire s dissonance depends on older models of subjectivity in order to define itself via the negation of romantic conceptions of a unified lyric subject in favor of one constituted simultaneously as subject and object This new understanding of subjectivity reconfigures our relationship to the work of art which will always surpass conceptual attempts to know it fully Acquisto offers a fresh take on some familiar themes in Baudelaire s work Dissonant subjectivity in Baudelaire rather than cancelling esthetic transcendence points to a different way forward that depends on a new and dialectical relation of subject and object

Guzzetta, 1998 AACN Protocols for Practice Healing Environments discusses the benefits of creating a healing environment for critically ill patients and their families and how changes to a patient s environment can promote healing Family needs visitation complementary therapies and pain management are also covered

**Coleridge** David P. Haney,2010-11 Interweaving past and present texts The Challenge of Coleridge engages the British Romantic poet critic and philosopher Samuel Taylor Coleridge in a conversation in Hans Georg Gadamer s sense with philosophical thinkers today who share his interest in the relationship of interpretation to ethics and whose ideas can be both illuminated and challenged by Coleridge s insights into and struggles with this relationship In his philosophy poetry theology and personal life Coleridge revealed his concern with this issue as it manifests itself in the relation between technical and ethical discourse between fact and value between self and other and in the ethical function of aesthetic experience and the role of love in interpretation and ethical action Relying on Gadamer s hermeneutics to supply a framework for his approach Haney connects Coleridge s ideas with among others Emmanuel Levinas s other oriented notion of ethical subjectivity Paul Ricoeur s view about the other s implication in the self reinterpretations of Greek drama by Bernard Williams and Martha Nussbaum and Gianni Vattimo s post Nietzschean hermeneutics Coleridge is treated not as a product of Romantic ideology to be deconstructed from a modern perspective but as a writer who offers a challenge to our modern tendency to
