YORK TIMES BESTSELLER In his New York Times bestselling book Discipline Is Destiny Ryan Holiday made the Stoic case for a life of self discipline In this much anticipated third installment in the Stoic Virtues series he argues for the necessity of doing what s right even when it isn t easy For the ancients everything worth pursuing in life flowed from a strong sense of justice or one s commitment to doing the right thing no matter how difficult In order to be courageous wise and self disciplined one must begin with justice The influence of the modern world often tells us that acting justly is optional Holiday argues that that s simply untrue and the fact that so few people today have the strength to stand by their convictions explains much about why we re so unhappy In Right Thing Right Now Holiday draws on fascinating stories of historical figures such as Marcus Aurelius Florence Nightingale Jimmy Carter Gandhi and Frederick Douglass whose examples of kindness honesty integrity and loyalty we can emulate as pillars of upright living Through the lives of these role models readers learn the

transformational power of living by a moral code and through the cautionary tales of unjust leaders the consequences of an ill formed conscience The Stoics never claimed that living justly was easy only that it was necessary And that the alternative sacrificing our principles for something lesser was considered only by cowards and fools Right Thing Right Now is a powerful antidote to the moral failures of our modern age and a manual for living virtuously **Doing The Right Thing** David Greene,2013-11-19 Who controls today s conversation about what education should be in the classroom Bill Gates Arne Duncan Michelle Rhee Media Politicians Who has gained more and more control of what actually goes on in the classroom Bill Gates Arne Duncan Michelle Rhee Media Politicians Why Where are the voices of the thousands of talented and loved teachers whose classrooms should be models of what works regardless of the socioeconomic environment they are located I am but one of many Each of us has gotten to be who we are as teachers through our own set of circumstances We like all other professionals learn our craft through our experiences as well as our academic preparation Some of us get to pass on what we have learned about our craft by becoming supervisors mentors or university lecturers I have mentored new teachers I have taught a graduate education class But those endeavors have reached relatively few I have even spawned new teachers inspired by me but those are even fewer Initially it is why started writing this book Much of it started as advice to give to my mentees Then some suggested to me to write a book So I did **Do the Right Thing** Ed Guerrero,2020-05-14 Spike Lee s Do The Right Thing 1989 is one of the most popular and celebrated examples of the African American new black film wave Set during the hottest day of a hot summer in New York City the film s ensemble cast including Lee himself brilliantly play out the edgy negotiations and dramas of a racially and culturally diverse working class Brooklyn neighborhood Contrary to Hollywood s markedly cautious treatment of race and its confinement to the South and the past Do The Right Thing offers a nuanced portrayal of black urban life From hip hop fashions Afrocentric colors and rap music to police brutality gentrification non white immigration de industrialization and joblessness Do The Right Thing depicts it all from a contemporary African American point of view In his insightful study of the film Ed Guerrero discusses how it epitomizes Spike Lee s powerful impact on the representation of race and difference in America the progress of black film making and the rise of multicultural voices in the media This new edition includes a foreword by the author reflecting on Lee s subsequent film making career and on an America in which African Americans still contend with racial discrimination and police brutality Guerrero emphasizes Lee s especially timely understanding of black film making as a complex act mixing the skills of art politics and business in order to fashion a creative practice that confronts institutional discrimination and power relations head on
