Ritsos In Parentheses:

Ritsos in Parentheses Yannis Ritsos, 2015-03-08 Winner of the Harold Morton Landon Translation Award Academy of American Poets A bilingual edition of three major poetry collections by one of the most important Greek poets of the twentieth century One of the most prolific and popular of modern Greek poets Yannis Ritsos follows such eminent predecessors as Cavafy Sikelianos and Seferis in the dramatic and symbolic expression of a tragic sense of life The three volumes of Ritsos's poetry translated here Parentheses 1946-47 Parentheses 1950-61 and The Distant document a three decade poetic journey that reveals the evolution of the poet's sensibility This bilingual edition also features an insightful introduction from translator Edmund Keeley whom Paul Muldoon has called the gold standard in translators of Greek poetry

Ritsos in Parentheses Jannis Ritsos, 1978 Yannis Ritsos Giannēs Ritsos, 1991-03-21 The celebrated modern Greek poet Yannis Ritsos follows such distinguished predecessors as C P Cavafy and George Seferis in a dramatic and symbolic expression of a tragic sense of life The shorter poems gathered in this volume present what Ritsos calls simple things that turn out not to be simple at all Here we find a world of subtle nuances in which everyday events hide much that is threatening oppressive and spiritually vacuous but the poems also provide lyrical and idyllic interludes along with cunning recreations of Greek mythology and history This collection of Ritsos's work perhaps most of all those poems written while he was in forced exile under the dictatorship of the Colonels testifies to his just place among the major European poets of this century The distinguished translator of modern Greek poetry Edmund Keeley has chosen for this anthology selections from seven of Ritsos's volumes of shorter poems written between 1946 and 1975 Two of these volumes are represented here in English versions for the first time two others have been translated only sporadically and the remaining three were first published in a bilingual edition now out of print Ritsos in Parentheses The collection thus covers thirty years of a poetic career that is the most prolific and among the most honored in Greece's modern history *Ritsos in parentheses*

[*neugr.u.engl.*] *Transl. and introd. by Edmund Keeley* Giannes Rhitsos, Edmund Keeley, 1979 **Best Words, Best Order** S. Dobyns, 2016-04-30 In this new edition of Best Words Best Order Stephen Dobyns further explains the mystery of the poet's work Through essays on memory and metaphor pacing and the intricacies of voice and tone and thoughtful appreciations of Chekhov Ritsos Mandelstam and Rilke Dobyns guides readers and writers through poetry's mysterious twilight communiques For this new second edition Dobyns has added two new essays one dealing with the idea of beauty in poetry and another dealing with the almost mystical way poets connect seemingly disparate elements in a single work **Kassandra and the Censors** Karen Van Dyck, 2018-05-31 In this pioneering study of contemporary Greek poetry Karen Van Dyck investigates modernist and postmodernist poetics at the edge of Europe She traces the influential role of Greek women writers back to the sexual politics of censorship under the dictatorship 1967-1974 Reading the effects of censorship in cartoons the dictator's speeches the poetry of the Nobel Laureate George Seferis and the younger generation of poets she shows how women poets

use strategies which although initiated in response to the regime's press law prove useful in articulating a feminist critique. In poetry collections by Rhea Galanaki, Jenny Mastoraki and Maria Laina among others she analyzes how the censors' tactics for stabilizing signification are redeployed to disrupt fixed meanings and gender roles. As much a literary analysis of culture as a cultural analysis of literature her book explores how censorship, consumerism and feminism influence contemporary Greek women's poetry as well as how the resistance to clarity in this poetry trains readers to rethink these cultural practices. Only with greater attention to the cultural and formal specificity of writing Van Dyck argues is it possible to theorize the lessons of censorship and women's writing.

The Dream of the Poem, 2009-01-10 Hebrew culture experienced a renewal in medieval Spain that produced what is arguably the most powerful body of Jewish poetry written since the Bible. Fusing elements of East and West Arabic and Hebrew and the particular and the universal this verse embodies an extraordinary sensuality and intense faith that transcend the limits of language, place and time. Peter Cole's translations reveal this remarkable poetic world to English readers in all of its richness, humor, grace, gravity and wisdom. The Dream of the Poem traces the arc of the entire period, presenting some four hundred poems by fifty-four poets and including a panoramic historical introduction, short biographies of each poet and extensive notes. The original Hebrew texts are available on the Princeton University Press Web site. By far the most potent and comprehensive gathering of medieval Hebrew poems ever assembled in English, Cole's anthology builds on what poet and translator Richard Howard has described as the finest labor of poetic translation that I have seen in many years and an entire revelation, a body of lyric and didactic verse so intense, so intelligent and so vivid that it appears to identify a whole dimension of historical consciousness previously unavailable to us. The Dream of the Poem is, Howard says, a crowning achievement.

A Child Is Not a Knife Göran Sonnevi, 2023-06-06 Göran Sonnevi is one of Sweden's most celebrated, respected and prolific poets. For this first book-length selection of Sonnevi to appear in English, Rika Lesser has chosen works written between 1971 and 1989, although most of the poems come from the last decade and from Sonnevi's last three books, which form part of the single, ongoing, unending, infinite, interminable poem that he continues to write from book to book. Of Lesser's introduction to the work, Richard Howard writes: Lesser's wonderful prose texts at the outset provide not only an ingress into complex and baffling matter but one of the most determined statements of the translator's text since Walter Benjamin. From May 1982: We are here in the ultimate lives of our bodies, negations of the ultimate negation. We are complete parts of the world. We rise up out of infinity like the limestone flats from the sea. Like the stars, We are denials of infinity. One day we shall reach all the way there.
