Lord Of The Rings Excerpts:

The Ring and the Cross: The ring Paul E. Kerry,2011 The influence of J R R Tolkien's Christianity on his writing has sparked intense discussion and debate What has been lacking is a forum for a civilized discussion about the topic as well as a chronological overview of the major arguments and themes that have engaged scholars about the impact of Christianity on Tolkein's oeuvre with particular reference to The Lord of the Rings The Ring and the Cross addresses these two needs

J.R.R.Tolkien Reads Excerpts from The Lord of the Rings John Ronald Reuel Tolkien, 2001 Tree of Tales Trevor A. Hart, Ivan Khovacs, 2007 This work examines the theological relationship between creation and creativity in the works of JRR Tolkien It does so by bringing together a synthesis of various disciplines and perspectives to the creativity of J R R Tolkien Hart and Khovacs provide a fresh reading of these important themes in Tolkien and the result captures the multi faceted nature of Tolkien's own vivid theology and literary imagination Amazon com **Tolkien and Shakespeare** Janet Brennan Croft, Donald E. Palumbo, C.W. Sullivan III, 2007-04-05 Tolkien and Shakespeare one a prolific popular dramatist and poet of the Elizabethan era the other a twentieth century scholar of Old English and author of a considerably smaller body of work Though unquestionably very different writers the two have more in common than one might expect These essays focus on the broad themes and motifs which concerned both authors They seek to uncover Shakespeare's influence on Tolkien through echoes of the playwright's themes and even word choices discovering how Tolkien used revised updated corrected and otherwise held an ongoing dialogue with Shakespeare's works The depiction of Elves and the world of Faerie and how humans interact with them are some of the most obvious points of comparison and difference for the two writers Both Tolkien and Shakespeare deeply explored the uses and abuses of power with princes politics war and the lessons of history Magic and prophecy were also of great concern to both authors and the works of both are full of encounters with the Other masks and disguises mirrors that hide and reveal or seeing stones that show only part of the truth The Making of Middle-earth Christopher A. Snyder, 2013-10-22 J R R Tolkien's The Lord of the Rings consistently tops polls as the best loved literary work of all time Now medieval scholar and Tolkien expert Christopher Snyder presents the most in depth exploration yet of Tolkien's source materials for Middle earth from the languages poetry and mythology of medieval Europe and ancient Greece to the halls of Oxford and the battlefields of World War I Fueled by the author's passion for all things Tolkien this richly illustrated book also reveals the surprisingly pervasive influence of Tolkien's timeless fantasies on modern culture

Houghton, Janet Brennan Croft, Nancy Martsch, 2014-06-04 Widely considered one of the leading experts on the works of J R R Tolkien Thomas Alan Shippey has informed and enlightened a generation of Tolkien scholars and fans In this collection friends and colleagues honor Shippey with 15 essays that reflect their mentor's research interests methods of literary criticism and attention to Tolkien's shorter works In a wide ranging consideration of Tolkien's oeuvre the contributors explore the influence of 19th

and 20th century book illustrations on Tolkien's work utopia and fantasy in Tolkien's Middle earth the Silmarils the Arkenstone and the One Ring as thematic vehicles the pattern of decline in Middle earth as reflected in the diminishing power of language Tolkien's interest in medieval genres the heroism of secondary characters and numerous other topics Also included are brief memoirs by Shippey's colleagues and friends in academia and fandom and a bibliography of Shippey's The Philosophy of Tolkien Peter Kreeft, 2009-09-03 While nothing can equal or replace the adventure in reading Tolkien's masterwork The Lord of the Rings Peter Kreeft says that the journey into its underlying philosophy can be another exhilarating adventure Thus Kreeft takes the reader on a voyage of discovery into the philosophical bones of Middle earth He organizes the philosophical themes in The Lord of the Rings into 50 categories accompanied by over 1 000 references to the text of Lord Since many of the great questions of philosophy are included in the 50 theme outline this book can also be read as an engaging introduction to philosophy For each of the philosophical topics in Lord Kreeft presents tools by which they can be understood Illustrated The Good News of the Return of the King Michael T. Jahosky, 2020 Although many people today reject Christianity for intellectual reasons greater numbers of people are rejecting Christianity because it does not engage their imagination Christians must not only demosntrate that the Christian worldview is true but that it is also good beautiful and relevant The Good News of the Return of the King The Gospel in Middle earth is a book that endeavors to show the truth goodness and beauty of Jesus Christ the gospel and the biblical metanarrative by engaging the imagination through JRR Tolkien's The Lord of the Rings as well as The Hobbit and the Silmarillion In this book I propose that JRR Tolkien's The Lord of the Rings is a story about what Jesus parables are about the good news about the return of the king As a work of imaginative fiction similar to Jesus parables The Lord of the Rings can bypass both intellectual and imaginative objections to the gospel and pullk back the veil of familiarity that obscures the gospel for many *Understanding the Leitmotif* Matthew Bribitzer-Stull, 2015-05-14 The musical leitmotif having reached a point of particular forcefulness in the music of Richard Wagner has remained a popular compositional device up to the present day In this book Matthew Bribitzer Stull explores the background and development of the leitmotif from Wagner to the Hollywood adaptations of The Lord of The Rings and the Harry Potter series Analyzing both concert music and film music Bribitzer Stull explains what the leitmotif is and establishes it as the union of two aspects the thematic and the associative He goes on to show that Wagner's Ring cycle provides a leitmotivic paradigm a model from which we can learn to better understand the leitmotif across style periods Arguing for a renewed interest in the artistic merit of the leitmotif Bribitzer Stull reveals how uniting meaning memory and emotion in music can lead to a richer listening experience and a better understanding of dramatic music s enduring appeal Tolkien Richard Purtill, 2011-05-02 Here is an in depth look at the role myth morality and religion play in J R R Tolkien s works such as The Hobbit The Lord of the Rings and The Silmarillion including Tolkien's private letters and revealing opinions of his own work Richard L Purtill brilliantly argues that Tolkien's extraordinary ability to touch his readers lives

through his storytelling so unlike much modern literature accounts for his enormous literary success This book demonstrates the moral depth in Tolkien's work and cuts through current subjectivism and cynicism about morality A careful reader will find a subtle religious dimension to Tolkien's work all the more potent because it is below the surface Purtill reveals that Tolkien's fantasy stories creatively incorporate profound religious and ethical ideas For example Purtill shows us how hobbits reflect both the pettiness of parochial humanity and unexpected heroism Purtill author of 19 books effectively addresses larger issues of the place of myth the relation of religion and morality to literature the relation of Tolkien's work to traditional J.R.R. Tolkien in Central Europe Janka mythology and the lessons Tolkien's work teaches for our own lives Kascakova, David Levente Palatinus, 2023-09-29 This volume is a long overdue contribution to the dynamic but unevenly distributed study of fantasy and J R R Tolkien's legacy in Central Europe The chapters move between and across theories of cultural and social history reception adaptation and audience studies and offer methodological reflections on the various cultural perceptions of Tolkien's oeuvre and its impact on twenty first century manifestations. They analyse how discourses about fantasy are produced and mediated and how processes of re mediation shape our understanding of the historical coordinates and local peculiarities of fantasy in general and Tolkien in particular all that in Central Europe in an age of global fandom The collection examines the entanglement of fantasy and Central European political and cultural shifts across the past 50 years and traces the ways in which its haunting legacy permeates and subverts different modes and aesthetics across different domains from communist times through today s media saturated culture Children's Magazine Guide P's & Queer's of online dating: out from under the covers.
