Lords Of Creation The Demented World Of Men In Power:

Lords of Creation Margaret Cook,2002 In this highly controversial book Margaret Cook undertakes a fascinating study of the patterns of behaviour of men in power throughout history The results are alarming the demeanour of elected rulers tyrants and military leaders bears astonishing similarities and converges on a dangerous path towards egocentrism and iron control spreading mayhem along the way Lord Acton stated that power tends to corrupt but Margaret Cook concludes that it actually causes men to revert to primitive patterns of conduct dustjacket *Historicising the Women's Liberation Movement*

in the Western World Laurel Forster,Sue Bruley,2019-07-09 The Women s Liberation Movement WLM of the late 1960s 1970s and 1980s emerged out of a particular set of economic and social circumstances in which women were unequally treated in the home the workplace and in culture and wider society As part of the WLM women collected together in disparate groups and contexts to express their dissatisfaction with their role and position in society making their concerns apparent through consciousness raising and activism This important time in women s history is revisited in this collection which looks afresh at the diversity of the movement and the ways in which feminism of the time might be reconsidered and historicised The contributions here cover a range of important issues including feminist art local activism class distinction racial politics perceptions of motherhood girls education feminist print cultures the recovery of feminist histories and feminist heritage and they span personal and political concerns in Britain Canada and the United States Each contributor considers the impact of the WLM in a different context reflecting the variety of issues faced by women and helping us to understand the problems of the second wave This book broadens our understanding of the impact and the implication of the WLM explores the dynamism of women s activism and radicalism and acknowledges the significance of this movement to ongoing contemporary feminisms The chapters in this book were originally published as a special issue of Women s History Review

What's Wrong with Us? Colin Feltham,2007-06-13 What s wrong with us Professor Colin Feltham believes that the current crises of the human condition are symptoms of a chronic wayward tendency which he terms anthropathology This interdisciplinary look at the zeitgeist of crisis traces the roots of human suffering exploring the contemporary issues of human violence deceit patriarchy abuse irrationality and greed Our human anthropathology is placed at the heart of all such problems Echoing the pessimism of Schopenhauer Cioran Beckett Gray and others Feltham nevertheless insists that answers may be formulated through confrontation Challenging and enlightening for professionals academics and students What s Wrong With Us is also a fascinating read for anyone with a general interest in our current social state [The British](#)
