Pluma Fronteriza, 2001 **Lorenzo De' Medici, the Magnificent** Alfred von Reumont, 1876 American Revolutions in the

Digital Age Nora Slonimsky, Mark Boonshoft, Ben Wright, 2024-08-15 The interdisciplinary essays in *American Revolutions in the Digital Age* explore what digital tools can tell us about the late eighteenth and early nineteenth century United States and reveal how an understanding of the American past can make sense of our digital present By employing a host of innovative digital research methods these authors challenge long held assumptions about the American past In addition this collection uniquely demonstrates how contemporary anxieties about an array of topics including media disinformation patriarchy

economic inequality and public memory can be better understood through careful considerations of early American history

Open Access edition funded by Iona University **The Subject of Revolution** Jennifer L. Lambe, 2024-08-27 From television to travel bans geopolitics to popular dance The Subject of Revolution explores how knowledge about the 1959 Cuban Revolution was produced and how the Revolution in turn shaped new worldviews Drawing on sources from over twenty archives as well as film music theater and material culture this book traces the consolidation of the Revolution over two decades in the interface between political and popular culture The subject of Revolution it proposes should be understood as the evolving synthesis of the imaginaries constructed by its many subjects including revolutionary leaders activists academics and ordinary people within and beyond the island's borders The book reopens some of the questions that have long animated debates about Cuba from the relationship between populace and leadership to the archive and its limits while foregrounding the construction of popular understandings It argues that the politicization of everyday life was an inescapable effect of the revolutionary process as well as the catalyst for new ways of knowing and being **Revolutionary Spring** Christopher Clark, 2024-06-11 New York Times Book Review Editors Choice From the bestselling author of The Sleepwalkers comes an epic history of the 1848 revolutions that swept Europe and the charismatic figures who propelled them forward Refreshingly original Familiar characters are given vibrancy and previously unknown players emerge from the shadows The Times UK A BEST BOOK OF THE YEAR New Yorker The Economist Financial Times As history the uprisings of 1848 have long been overshadowed by the French Revolution of 1789 and the Russian revolutions of the early twentieth century And yet in 1848 nearly all of Europe was aflame with conflict Parallel political tumults spread like brush fire across the entire continent leading to significant changes that continue to shape our world today These battles for the future were fought with one eye kept squarely on the past The men and women of 1848 saw the urgent challenges of their world as shaped profoundly by the past and saw themselves as inheritors of a revolutionary tradition Celebrated Cambridge historian Christopher Clark describes 1848 as the particle collision chamber at the center of the European nineteenth century a moment when political movements and ideas from socialism and democratic radicalism to liberalism nationalism corporatism and conservatism were tested and transformed The insurgents asked questions that sound modern to our ears What happens when demands for political or economic liberty conflict with demands for social rights How do we reconcile representative and direct forms of democracy How is capitalism connected to social inequality The revolutions of 1848 were short lived but their impact on public life and political thought throughout Europe and beyond has been profound Meticulously researched elegantly written and filled with a cast of charismatic figures including the social theorist Alexis de Tocqueville the writer George Sand and the troubled priest Flicit de Lamennais who struggled to reconcile his faith with politics Revolutionary Spring offers a new understanding of 1848 that suggests chilling parallels to our present moment Looking back at the revolutions from the end of the first quarter of the twenty first century it is impossible not to be struck by the resonances

Clark writes If a revolution is coming for us it may look something like 1848 **Biographical Sketches of Loyalists of the American Revolution** Lorenzo Sabine, 1864 This book contains an historical essay and short biographies on those who stayed loyal to Britain during the American Revolution in the American colonies The essay focuses on the coming of the Revolution and the reasons for American rebellion or loyalism and the sparse biographies organized in alphabetical order offer what is known about the loyalist and their journey Death or Liberty Douglas R. Egerton, 2009-01-13 In Death or Liberty Douglas R Egerton offers a sweeping chronicle of African American history stretching from Britain s 1763 victory in the Seven Years War to the election of slaveholder Thomas Jefferson as president in 1800 While American slavery is usually identified with antebellum cotton plantations Egerton shows that on the eve of the Revolution it encompassed everything from wading in the South Carolina rice fields to carting goods around Manhattan to serving the households of Boston s elite More important he recaptures the drama of slaves freed blacks and white reformers fighting to make the young nation fulfill its republican slogans Although this struggle often unfolded in the corridors of power Egerton pays special attention to what black Americans did for themselves in these decades and his narrative brims with compelling portraits of forgotten African American activists and rebels who battled huge odds and succeeded in finding liberty if never equality only in northern states Egerton concludes that despite the real possibility of peaceful if gradual emancipation the Founders ultimately lacked the courage to end slavery Journalism, Digital Media and the Fourth Industrial Revolution José Sixto-García, Alberto Quian, Ana-Isabel Rodríguez-Vázquez, Alba Silva-Rodríguez, Xosé Soengas-Pérez, 2024-09-03 The Fourth Industrial Revolution also known as Industry 4 0 is the fourth most important industrial stage that has occurred since the beginning of the Industrial Revolution in the 18th century This new revolution is characterized by combining cutting edge production techniques with intelligent systems that integrate with organizations and people Communication and journalism especially digital media face the challenge of integrating emerging technologies and practices or in test or developing technologies into companies and communicative products that are breaking down the boundaries between physical digital and biological This collection analyzes and reflects on the impact of Industry 4 0 on journalism and digital media The collection is split into three parts The first part analyzes the emergence of centralized and decentralized networks and their impact on digital media Specifically it delves into the role of cryptographic journalism and the impact of free and collaborative networks in the fediverse to fight against disinformation and censorship as well as to promote data and metadata journalism In a second part the innovation of innovation is explored with the aim of continuing to create products that satisfy the needs of 4 0 audiences This is where the challenges and opportunities offered by the metaverse content automation technologies the impact of the Internet of Things on journalism labs the application of R D I to journalism and collaborative encounters between journalists to develop highly innovative proposals are explored Finally in the third part of the book the emergence of new communicative and journalistic actors in the 4 0 context is reviewed Examples include start ups spin offs or other entrepreneurial initiatives

communication of knowledge transfer new financing models and outsourcing of tasks new proposals for newsgames or the impact of artificial intelligence in journalism practices In addition a final chapter is dedicated to exploring the new professional skills needed for journalists in this Fourth Industrial Revolution **Anarchism, Revolution and Reaction** Angel Smith,2007-01-01 The period from 1898 to 1923 was a particularly dramatic one in Spanish history it culminated in the violent Barcelona labor wars and was only brought to a close with the coup d tat launched by the Barcelona Captain General Miguel Primo de Rivera in September 1923 In his detailed examination of the rise of the Catalan anarchist syndicalist led labor movement the author blends social cultural and political history in a novel way He analyses the working class from below and the policies of the Spanish State towards labor from above Based on an in depth usage of primary sources the authors provides an unrivalled account of Catalan labor and the Catalan anarchist syndicalist movement and thus makes an important contribution to our understanding of early twentieth century Spanish history **The Tory's Wife** Cynthia A. Kierner,2023-09-01 Finalist for the 2024 George Washington Prize The Spurgin family of North Carolina experienced the cataclysm of the American Revolution in the most dramatic ways and from different sides This engrossing book tells the story of Jane Welborn Spurgin a patriot who welcomed General Nathanael Greene to her home and aided Continental forces while her loyalist husband was fighting for the king as an officer in the Tory militia By focusing on the wife of a middling backcountry farmer esteemed historian Cynthia Kierner shows how the Revolution not only toppled long established political hierarchies but also strained family ties and drew women into the public sphere to claim both citizenship and rights as Jane Spurgin did with a dramatic series of petitions to the North Carolina state legislature when she fought to reclaim her family s lost property after the war was over While providing readers with stories of battles horse stealing bigamy and exile that bring the Revolutionary era vividly to life this book also serves as an invaluable examination of the potentially transformative effects of war and revolution both personally and politically *Eastern Europe to the French Revolution. Western Europe in the Middle Ages* Arthur Mee,1909 Harmsworth History of the World: Eastern Europe to the French Revolution. Western Europe in the Middle Ages Arthur Mee,1909
