The Unspeakable Loss Nisha Zenoff, 2017-11-07 A guide to hope and healing after the death of a child from a grief counselor and psychotherapist who has been there Nisha Zenoff lost her son in a tragic accident when he was just seventeen years old Now with decades of experience as a grief counselor and psychotherapist she offers support and guidance from her own journey and from others who have experienced the death of a child The Unspeakable Loss helps those who mourn to face the urgent questions that accompany loss Will my tears ever stop Who am I now without my child How can I help my other children cope I lost my only child how do I live Will my marriage survive Will life ever feel worth living again No matter where you are in your grieving process The Unspeakable Loss provides a space to mourn in your own way and helps you understand how the death of a child affects siblings other family

members and friends recognizing that we each grieve differently And while there is no one prescription for healing Zenoff provides tools to practice the important aspects of grieving that are easily forgotten self compassion and self care The Unspeakable Loss doesn't flinch from the reality or pain caused by the death of a child yet ultimately it is a book about the choice to embrace life love and joy again As Zenoff writes in the Preface Our relationships with our children do not end with their deaths Our relationships change they're transformed but our children will always be with us Gone but Not Lost David W. Tragedy and Trust Thom Vines, 2011-02 **After the Death of a Child** Ann K. Finkbeiner, 2012-12-11 For a parent losing a child is the most devastating event that can occur Most books on the subject focus on grieving and recovery but as most parents agree there is no recovery from such a loss This book examines the continued love parents feel for their child and the many poignant and ingenious ways they devise to preserve the bond Through detailed profiles of parents Ann Finkbeiner shows how new activities and changed relationships with their spouse friends and other children can all help parents preserve a bond with the lost child Based on extensive interviews and grief research Finkbeiner explains how parents have changed five to twenty five years after the deaths of their children The first half of the book discusses the short and long term effects of the child's death on the parent's relationships with the outside world that is with their spouses other children friends and relatives The second half of the book details the effect on the parents internal world their continuing sense of guilt their need to place the death in some larger context and their inability sometimes to consistently do so their new set of priorities the nature of their bond with the lost child and the subtle and creative ways they have of continuing that bond Finkbeiner's central point is not so much how parents grieve for their children but how they love them Refusing to fall back on pop jargon about recovery or to offer easy solutions or standardized timelines Finkbeiner's is a genuine and moving search to come to terms with loss Her complex profiles of parents resonate with the honesty and authenticity of uncomfortable emotions expressed and most importantly shared with others experiencing a similar loss Finally each profile exemplifies the many heroic ways parents learn to live with their pain and by so doing honor the lives their children should have lived **How to Survive the Loss of a Child** Catherine Sanders, 2011-08-17 Thank you Catherine Sanders for giving
