Losing It All To Sprawl How Progress Ate My Cracker Landscape:

Losing It All to Sprawl Bill Belleville, 2006-03-27 *Losing It All to Sprawl* is the poignant chronicle of award winning nature writer Bill Belleville and how he came to understand and love his historic Cracker farmhouse and relic neighborhood in central Florida even as it was all wiped out from under him Belleville's narrative is eloquent informed and impassioned a saga in which tractors and backhoes trample through the woods next to his home in order to build the backbone of Florida sprawl the mall As heavy machinery encircles Belleville and his community the noise growing louder and closer displacing everything Belleville has called home for the past fifteen years he tells a story that is much older 10 000 years older The story stretches back to the Timucua and the Mayaca living in harmony with Florida's environment the conquistadors who expected much from but also feared this land of flowers the turn of the century tourists modernizing and climatizing the state the original Cracker families who lived in Belleville's farmhouse In stark contrast to this millennia long transformation is the whiplash of unbridled growth and development that threatens the nearby wilderness of the Wekiva River system consuming Belleville's home and ultimately his very sense of place In Florida one of the nation's fastest growing states and where local and state governments encourage growth balancing use with preservation is an uphill battle Sprawl spreads into the countryside consuming not just natural lands but Old Florida neighborhoods and their unique history In *Losing It All to Sprawl* Belleville accounts for the impacts social political natural personal that a community in the crosshairs of unsustainable growth ultimately must bear but he also offers Floridians and anyone facing the blight of urban confusion the hope that can be found in the rediscovery and appreciation of the natural landscape The Tropic of Cracker Al
Burt, 2009-03-01 Miami Herald columnist Al Burt's tribute to Crackers or lovers of the real Florida Zora Neale Hurston Marjorie Kinnan Rawlings Virgil Hawkins John DeGrove Harry Crews and lots of everyday folks who have in common their memory of Florida as a wild rare place *Historic Osceola County* Jim Robison, 2009 An illustrated history of Osceola County Florida paired with histories of the local companies **Al Burt's Florida** Al Burt, 2025-06-24 This book takes readers on a tour of Florida through the writing of Al Burt longtime reporter for the Miami Herald exploring the charm substance and fantasy of a complex and fascinating state *Come to My Sunland* Julia Winifred Moseley, Betty Powers Crislip, 2020-10-14 Like so many midwesterners since Julia Daniels and Charles Scott Moseley moved to Florida in the 1880s seeking a warmer climate This collection of Julia's letters mainly to her husband who made frequent business trips north and to her close friend Eliza Slade reveals the struggle of a cultured urban woman adjusting to the hardship and isolation of life in pioneer Florida And then coming to love it Tramping through the unsullied land surrounding the Limona community near Tampa where they settled she gloried in her neglected corner in the Garden of Eden where she could look up fifty feet and see air plants growing on the branches of great oaks and hundreds of ferns nodding in the sunlight and gray moss moving through the trees like mist Think of me gazing up among crane's nests with redbirds in my own oaks she wrote Even in the

nighttime a mocking bird often sings to me of all the beautiful things I love Julia herself a published writer selected these unedited letters and copied them for her family into a thick leather book Like characters in a novel the friends and relatives she describes crackle with personality a flamboyant Russian proclaims his version of communism a New England spinster counters with Utopian visions and a university professor retreats from the ivory tower to agricultural experimentation Readers observe Julia s flair for making daily life cheerful and they meet the couple s two adored sons and Scott s children by an earlier marriage as well as Cracker settlers cattle runners and assorted seekers of health or wealth An artist Julia created a distinctive home designed and decorated in the manner of the pre Raphaelites Her palmetto fiber wall covering was exhibited at the Chicago World s Fair in 1893 and survives today The Florida house named The Nest is on the National Register of Historic Places Accompanied by 71 photographs of Julia s home and family these letters transcend the life of one woman to capture the experience and spirit of 19th century Florida

Paving Paradise Craig Pittman,Matthew Waite,2010-05-25 Florida possesses more wetlands than any other state except Alaska yet since 1990 more than 84 000 acres have been lost to development despite presidential pledges to protect them How and why the state s wetlands are continuing to disappear is the subject of Paving Paradise Journalists Craig Pittman and Matthew Waite spent nearly four years investigating the political expedience corruption and negligence on the part of federal and state agencies that led to a failure to enforce regulations on developers They traveled throughout the state interviewed hundreds of people dug through thousands of documents and analyzed satellite imagery to identify former wetlands that were now houses stores and parking lots Exposing the unseen environmental consequences of rampant sprawl Pittman and Waite explain how wetland protection creates the illusion of environmental protection while doing little to stem the tide of destruction

The Life World: Herman's Adventures in Sustainability Shari Anker,2008-12-20 An unusual visitor teaches a young college student a radical new sustainability paradigm in this lighthearted fable From the smallest to the largest living systems from cells and bacteria to the human body to ecosystems to the planet as a whole readers will learn how it is all connected For students of sustainability of all ages looking to envision a new Big Picture The Life World explores very different assumptions about how evolution works in living systems Just Three Principles of Life are used to accomplish this both simple and yet most challenging paradigm change Not satisfied with outlining this new philosophy alone the author tackles its application to the Florida Everglades global warming pollution and human health Prepare to be surprised Prepare to see the world differently Begin the work of true sustainability as a W ecologist

Alligators in B-Flat Jeff Klinkenberg,2013-04-16 With a keen eye for detail and a lyrical style Jeff Klinkenberg sets his sights on the contradictions that make up the Sunshine State No one else would think to engage a professional symphony orchestra tuba player to find out whether bull gators will thunderously bellow back at a low B flat during mating season they do but only to that pitch From fishing camps and country stores to museums and libraries Klinkenberg is forever unearthing the magic that makes Florida a place worth celebrating

Hitler's Soldiers in the Sunshine State Robert D. Billinger, 2020-11-10 They were Uncle Sam's smiling workers and they looked like all American boys There were at least 10 000 of them deployed in 25 Florida camps between 1942 and 1946 They were also members of the Wehrmacht Hitler's armed forces Forum Most Americans were unaware their government was housing Hitler's soldiers on its shores Billinger weaves interviews with former prisoners American soldiers who worked in the camps newspaper accounts and government documents into a stunning historical narrative Kansas City Star A tropical paradise that for some became a tropical hell Sarasota Herald Tribune First came crewmen of destroyed U boats then thousands of Afrika Korps veterans who swamped the system in 1943 Pro Nazi arrogant and tough they defied U S authorities terrorized anti Nazi inmates and rioted Choice Filled with colorful personal accounts this historical book packs the punch of fiction St Petersburg Times Billinger's first rate history of this little known chapter in American history teaches us that in spite of wartime propaganda our enemies are human too Atlantic City Press Hard to put down Daytona Beach News Journal In the first book length treatment of the German prisoner of war experience in Florida during World War II Robert D Billinger Jr tells the story of the 10 000 men who were guests of Uncle Sam in a tropical paradise that for some became a tropical hell Having been captured while serving on U boats off the Carolinas with the Afrika Korps in Tunisia with the paratroops in Italy or with labor battalions in France the POWs were among the 378 000 Germans held as prisoners in 45 states Except for the servicemen who guarded them the civilian pulp cutters citrus growers and sugarcane foremen who worked them and the FBI and local police who tracked the escapees among them most people were and still are unaware of the German POWs who inhabited the 27 camps that dotted the Sunshine State Billinger describes the experiences of the Germans and their captors as both sides came to the realization that while the Germans worst enemies were often their own comrades in arms wartime enemies might also become life long friends Concentrating especially on the story of Camp Blanding in North Florida Billinger based his research on both American and German archives His account mixes rare photos with interviews with former prisoners reports by the International Red Cross the YMCA and the U S military and local newspaper articles This book will be of great value to scholars and historians as well as all readers with an interest in World War II Those with an interest in Florida history will also find much to admire in this engaging account of a barely known wartime episode A volume in The Florida History and Culture Series edited by Raymond Arsenault and Gary R Mormino

Land of Sunshine, State of Dreams Gary R Mormino, 2008-09-01 Florida is a story of astonishing growth a state swelling from 500 000 residents at the outset of the 20th century to some 16 million at the end As recently as mid century on the eve of Pearl Harbor Florida was the smallest state in the South At the dawn of the millennium it is the fourth largest in the country a megastate that was among those introducing new words into the American vernacular space coast climate control growth management retirement community theme park edge cities shopping mall boomburbs beach renourishment Interstate and Internet Land of Sunshine State of Dreams attempts to understand the firestorm of change that erupted into

modern Florida by examining the great social cultural and economic forces driving its transformation Gary Mormino ranges far and wide across the landscape and boundaries of a place that is at once America's southernmost state and the northernmost outpost of the Caribbean From the capital Tallahassee a day's walk from the Georgia border to Miami a city distant but tantalizingly close to Cuba and Haiti Mormino traces the themes of Florida's transformation the echoes of old Dixie and a vanishing Florida land booms and tourist empires revolutions in agriculture technology and demographics the seductions of the beach and the dynamics of a graying population and the enduring but changing meanings of a dreamstate Beneath the iconography of popular culture is revealed a complex and complicated social framework that reflects a dizzying passage from New Spain to Old South New South to Sunbelt **Florida's Space Coast** William B. Faherty, 2024-03-05 An important interesting study of the relations between the Kennedy Space Center and the communities of Brevard County Florida Roger D. Launius chief historian NASA Washington D C This outstanding book provides readers of Florida history our first insight into the impact that high technology has had on the state Brevard County is a veritable laboratory for understanding what happens when space science and engineering put down roots in a wilderness setting Faherty's writing is direct simple even folksy at times I devoured it Michael Gannon author of Pearl Harbor Betrayed and A Short History of Florida Florida's Space Coast tells the compelling story of America's half century in space exploration from the successful launch of the first two stage rocket in 1950 through the latest space shuttle missions of 2000 Told from the unique viewpoint of the people who built the Spaceport this book shows how the space program transformed the east central Florida coast from a traditional citrus production and tourist area to one of the most influential high tech centers in the nation Cape Canaveral was chosen as a missile launch site because of its many geographical advantages However in the early years of the space program the area was far from an ideal place for NASA employees to raise their families NASA brought in thousands of space related workers who besides sending machines and men into space had to meet the challenge of moving their families from urban environs to a rural southern county This book engagingly recounts the parallel stories of the establishment of America's space program and its impact on the development of Brevard County William Barnaby Faherty is professor emeritus of history at St Louis University and director of the Museum of the Western Jesuit Missions in Hazelwood Missouri

Beechers, Stowes, and Yankee Strangers John T. Foster, Sarah Whitmer Foster, 2024-11-12 This book tells the story of Harriet Beecher Stowe author of Uncle Tom's Cabin her brother Charles and a small group of Yankee reformers who lived in Reconstruction Florida **Backcountry Lawman** Bob H. Lee, 2013-03-12 With thirty years of backcountry patrol experience in Florida Bob Lee has lived through incidents of legend including one of the biggest environmental busts in Florida history His fascinating memoir reveals the danger and the humor in the unsung exploits of game wardens **Ditch of Dreams** Steven Noll, David Tegeder, 2009-11-22 For centuries men dreamed of cutting a canal across the Florida peninsula Intended to reduce shipping times it was championed in the early twentieth century as a way to make the mostly

rural state a center of national commerce and trade Rejected by the Army Corps of Engineers as not worthy the project received continued support from Florida legislators Federal funding was eventually allocated and work began in the 1930s but the canal quickly became a lightning rod for controversy Steven Noll and David Tegeder trace the twists and turns of the project through the years drawing on a wealth of archival and primary sources Far from being a simplistic morality tale of good environmentalists versus evil canal developers the story of the Cross Florida Barge Canal is a complex one of competing interests amid the changing political landscape of modern Florida Thanks to the unprecedented success of environmental citizen activists construction was halted in 1971 though it took another twenty years for the project to be canceled Though the land intended for the canal was deeded to the state and converted into the Cross Florida Greenway certain aspects of the dispute including the fate of Rodman Reservoir have yet to be resolved

Frank Lloyd Wright's Florida Southern College Dale Allen Gyure,2010-10-10 Florida Southern College in Lakeland boasts the largest single site collection of Frank Lloyd Wright architecture in the world With eleven buildings planned and designed by Wright the campus forms a rich tableau for examining the architect s philosophy and design practice In this fully illustrated volume Dale Allen Gyure tells the engaging story of the ambitious project from beginning to end The college s dynamic president Ludd M Spivey wanted the grounds and buildings redesigned to embody a modern and distinctly American expression of Protestant theology Informed by Spivey s vision his own early educational experience and his architectural philosophy Wright conceived the Child of the Sun complex Much like Thomas Jefferson s famous plan for the University of Virginia the academic village that Wright designed for Florida Southern College expresses a dramatic and personal statement about education in a democratic society Little studied to date this significant campus and its history are finally given the attention they deserve in this fascinating volume

A Journey into Florida Railroad History Gregg M. Turner,2012-03-25 It is safe to say that without railroads Florida wouldn t be what it is today Railroads connected the state s important cities and towns conquered the peninsula s vast and seemingly impenetrable interior ushered in untold numbers of settlers and tourists and conveyed to market faster than any previous means of transportation the myriad products of Florida s mines forests factories farms and groves Gregg Turner traces the long slow development of Florida railroads from the first tentative lines in the 1830s through the boom of the 1880s to the maturity of the railroad system in the 1920s At the end of that decade nearly 6 000 miles of labyrinthine track covered the state Turner also examines the decline of the industry as the automobile rose to prominence in American culture and lines were abandoned or sold for hiking trails and green spaces Meticulously researched and richly illustrated including many never before published images A Journey into Florida Railroad History is a comprehensive authoritative history of the subject Written by one of the nation s foremost authorities on Florida railroads it explores all the key players and companies and every significant period of development This engaging and lively story will be savored and enjoyed by generations to come

Key West on the Edge Kerstein Robert,2012-04-01 Discusses the history of Key West from its first one hundred years to

the present day also discusses the effects of tourism on the Key West community Nature's Writers Donald S. Clark,2024-09-03 A photographic celebration of the landscapes that have influenced some of America's most important nature writers from John Muir to Terry Tempest Williams to Barbara Kingsolver Since 2019 Donald S Clark has documented the places that have been instrumental in influencing the lives and words of both historic and contemporary nature and environmental writers throughout the United States While we have always felt their passionate connection to their own environments no book has ever made this visual connection between writers and their land before the relationship between prose and place Featuring more than 40 of America's most important writers the content is as far reaching as America itself from sea to shining sea forest to prairie and mountain to coastline Accompanying each gallery of stunning photography is a selected excerpt by the writer about their land With the increasingly noticeable effects of climate change the significance of these writers and their personal connections to the environment is even more timely This unique and compelling story of the land and how it has inspired some of our greatest poets and authors will make a wonderful gift for budding environmentalists students of nature writing or anyone interested in conservation **Pilgrim in the Land of Alligators** Jeff

Klinkenberg,2011-04-03 Pilgrim in the Land of Alligators provides a welcome opportunity for readers to discover the character and characters of real Florida In this compilation drawn in part from his award winning columns Klinkenberg celebrates some of the Sunshine State's most distinctive personalities including the original Coppertone girl and the actor who played the Creature from the Black Lagoon Along the way he travels to swamps rickety piers and Florida's only cook your own pancake restaurant Ranging from light and comical to wistful and nostalgic Klinkenberg roams the state from panhandle to the keys looking to answer the question What makes Florida Florida Pilgrim in the Land of Alligators will be a welcome addition to the bookshelves of longtime fans or readers new to his work **Seasons of Real Florida** Jeff

Klinkenberg,2009-09-20 No wonder Jeff Klinkenberg loves Florida At any time of year he can find a place in the state that's ripe to enjoy or a person whose story has aged to perfection Arranged by season the book opens in the fall which Klinkenberg says is like spring in the north a time of celebration Having survived our harshest season we feel renewed Fair weather good food and the joys of nature lie ahead described here in essays that are like time capsules of old Florida values Preserving the past they reveal Klinkenberg's waggish appreciation of the state's history folkways and landscape not to mention its barbecued ribs smoked mullet stone crab claws and fresh lemonade Many pieces focus off the beaten path and on modern rogues who seem to turn their backsides to the subdivisions and shopping malls that pave the state Miss Ruby whose fruit stand features rutabagas boiled peanuts and her own brightly colored plywood paintings an 85 year old resident of the remote island of Cayo Costa who hums Beethoven while she hunts for shells the scientists who test mosquito repellent in Everglades National Park and the unofficial caretaker of Lilly Spring on the Santa Fe River who greets canoeists wearing glasses a necklace and on occasion a synthetic fur loincloth Other pieces pay homage to Klinkenberg's literary heroes who ve

written in and about Florida such as Pulitzer Prize winner Marjorie Kinnan Rawlings Rawlings's companion and memoirist Idella Parker Everglades crusader Marjory Stoneman Douglas and novelist Ernest Hemingway Klinkenberg also revisits an old St Johns River campsite of 19th century botanist William Bartram whose encounters with alligators there were as alarming as Klinkenberg's with beer cans and soda bottles For anyone who has a stake in the real Florida resident tourist naturalist or newcomer this tour of the seasons will linger in memory like the aroma of orange blossoms on a clear winter night

Eventually, you will enormously discover a new experience and capability by spending more cash. yet when? reach you take that you require to get those all needs similar to having significantly cash? Why dont you try to acquire something basic in the beginning? Thats something that will lead you to comprehend even more re the globe, experience, some places, following history, amusement, and a lot more?
