Wilkins, 1998 Originally published New York Library Publishers 1952      *Maps of the Ancient Sea Kings* Charles H. Hapgood, 1966 Hapgood utilizes ancient maps as concrete evidence of an advanced worldwide civilization existing many thousands of years before ancient Egypt Hapgood concluded that these ancient mapmakers were in some ways much more advanced in mapmaking than any people prior to the 18th century Hapgood believes that they mapped all the continents This would mean that the Americas were mapped thousands of years before Columbus Antarctica would have been mapped when its coasts were free of ice Hapgood supposes that there is evidence that these people must have lived when the Ice Age had not yet ended in the Northern Hemisphere and when Alaska was still connected with Siberia by the Pleistocene Ice Age land bridge      **UFOs and Anti-Gravity** Leonard G. Cramp, 1997-03 Long out of print Cramp's 1966 classic book on flying saucer propulsion and suppressed technology is available again Cramp wrote *Space Gravity and the Flying Saucer* in 1954 and was Vice President of the British UFO Research Association BUFORA This is a highly technical look at the UFO phenomenon by a trained scientist Cramp first introduces the idea of anti gravity and introduces us to the various theories of gravitation He then examines the technology necessary to build a flying saucer and examines in great detail the technical aspects of such a craft Cramp's book is a wealth of material and diagrams on flying saucers anti gravity suppressed technology G fields and UFOs      Mystery in Acambaro Charles H. Hapgood, 1999-12 The Acambaro collection comprises hundreds of clay figurines that are apparently thousands of years old however they depict such bizarre animals and scenes that most archaeologists dismiss them as an elaborate hoax The collection shows humans interacting with dinosaurs and various other monsters such as horned men Both Hapgood and Earl Stanley Gardner were convinced that the figurines from Acambaro were authentic ancient artifacts that indicated that men and dinosaurs had cohabited together in the recent past and that dinosaurs had not become extinct many millions of years ago as commonly thought David Hatcher Childress writes a lengthy introduction concerning Acambaro the latest testing and other evidence of living dinosaurs      **The A.T. Factor** Leonard G. Cramp, 2001 British aerospace engineer Cramp began much of his scientific anti gravity and UFO propulsion analysis back in 1955 with his landmark book *Space Gravity and the Flying Saucer* out of print and rare His next books *UFOs and Anti Gravity Piece for a Jig Saw* and *The Cosmic Matrix Piece for a Jig Saw Part 2* began Cramp's in depth look into gravity control free energy and the interlocking web of energy that pervades the universe In this final book Cramp brings to a close his detailed and controversial study of UFOs and Anti Gravity with what he calls the Advanced Time Factor or the AT Factor This fascinating collection of some of the UFO related works is presented here in an autobiographical format in response to popular enquiry In this work the author points out that any preview of future events can logically be regarded as a form of time travel and this may occur in a vast cosmic matrix system in which all things have their shared existence Drawing on his own experience the author discovered that the

elapsed time between preview of an event to its manifestation can also be variable and for co ordination and tabulating purposes he has designated this as an advanced time fa
