Sixteen Crucified Saviors has been out of print but sought after for many years A small part of it was reprinted in The Book Your Church Doesn't Want You to Read in 1994 Many people are unaware that before Christianity there were 15 other religions that also had a savior who died for their sins then arose from the dead     Liquid Conspiracy George Piccard,1999 Underground author George Piccard on the politics of LSD mind control and Kennedy's involvement with Area 51 and UFOs Reveals JFK's LSD experiences with Mary Pinchot Meyer The plot thickens with an ever expanding web of CIA involvement from underground bases with UFOs seen by JFK and Marilyn Monroe among others to a vaster conspiracy that affects every government agency from NASA to the Justice Department This may have been the reason that Marilyn Monroe and actress columnist Dorothy Killgallen were both murdered Focussing on the bizarre side of history Liquid Conspiracy takes the reader on a psychedelic tour de force     **Mysteries of Ancient South America** Harold T. Wilkins,2000 The reprint of Wilkin's classic book on the megaliths and mysteries of South America This book predates Wilkin's book Secret Cities of Old South America published in 1952 Mysteries of Ancient South America was first published in 1947 and is considered a classic book of its kind With diagrams photographs and maps Wilkins digs into old manuscripts and books to bring us some truly amazing stories of South America a bizarre subterranean tunnel system lost cities in the remote border jungles of Brazil legends of Atlantis in South America cataclysmic changes that shaped South America and other strange stories from one of the world's greatest researchers     **A Culture of Conspiracy** Michael Barkun,2013-08-15 It is well known that some Americans are obsessed with conspiracies Films best selling books and television shows talk about plots by the Illuminati or sightings of black helicopters But American society has changed dramatically since A Culture of Conspiracy was first published in 2001 In this revised and expanded edition leading expert Michael Barkun delves deeper into America's conspiracy subculture exploring the rise of 9 11 conspiracy theories the birther controversy surrounding Barack Obama's American citizenship and how the conspiracy landscape has changed with the rise of the Internet and other new media Unraveling the extraordinary genealogies and permutations of these increasingly widespread conspiracies Barkun shows how the web of urban legends has spread among subcultures on the Internet and through mass media how a new style of conspiracy thinking has recently arisen and how this phenomenon relates to larger changes in American culture By looking closely at the manifestations of these ideas in a wide range of literature and source material Barkun finds that America is in the throes of an unrivaled period of millenarian activity and underscores the importance of understanding why this phenomenon is permeating segments of mainstream American culture Book jacket     UFOs and Anti-Gravity Leonard G. Cramp,1997-03 Long out of print Cramp's 1966 classic book on flying saucer propulsion and suppressed technology is available again Cramp wrote Space Gravity and the Flying Saucer in 1954 and was Vice President of the British UFO Research Association BUFORA This is a highly technical look at the UFO phenomenon by a trained scientist Cramp first introduces the idea of anti gravity and introduces us to the various theories of gravitation He then examines the technology necessary to build a flying saucer and examines in great

detail the technical aspects of such a craft Cramp's book is a wealth of material and diagrams on flying saucers anti gravity suppressed technology G fields and UFOs      Conspiracy Theories Aaron John Gulyas,2016-02-08 Narratives based on conspiratorial and paranoid thinking have become increasingly prominent throughout the 20th and 21st centuries From the prosaic to the outlandish conspiracy theories involve aliens and Nazis underground bases and mind control technology They range from sinister tales of malevolent reptilian beings infiltrating our government to fears of the New World Order rounding up patriotic Americans and putting them into internment camps These stories and their underlying concerns have a long history in the U S and have often been bolstered by revelations of real conspiracies and cover ups by private and public entities This book examines conspiracy theories and the narratives constructed by those who believe and propagate them providing a unique view of U S history and highlighting fears both founded and unfounded      *Dig Here!* Thomas Penfield,2004 The most amazing treasure book ever written giving the locations of well over 100 fabulous fortunes waiting to be found in the ore rich Southwest Thomas Penfield has done years of exhaustive research for Dig Here and has accomplished the Herculean task of separating fact from fiction For the first time lost treasure stories of the Southwest are stripped bare of their legends and lies Each treasure account is preceded by the approximate location estimated total value and authentication Reading sources for each account are also included so you can do additional research on the intriguing stories of these treasures Dig Here is overflowing with lore spellbinding backgrounds driving Western drama and exciting reliable facts      *Eccentric Lives and Peculiar Notions* John Michell,1999-04 Takes us into the bizarre and often humorous lives of such people as Lady Blount who was sure that the earth is flat Cyrus Teed who believed that the earth is a hollow shell with us in the inside Edward Hine who believed that the British are the lost Tribes of Israel and Baron de Guldenstubbe who was sure that statues wrote him letters British writer and housewife Nesta Webster devoted her life to exposing international conspiracies and Father O Callaghan devoted his to opposing interest on loans The extraordinary characters in this book were and in some cases still are wholehearted enthusiasts for the various causes and outrageous notions they adopted and John Michell describes their adventures with spirit and compassion      Cyberculture Counterconspiracy Kenn Thomas,2000 Includes book reviews Prouty hypothesis Loch Ness Bin Laden before 911 Casolaro Octopus Reich Anthrax Waco HIV origins military build up Owen Hart Morrow the Tippet connection the pentagons web heavily illustrated Manson family expos remote viewing and mind control much more      The Shadow Government Len Bracken,2002 This book presents the alarming evidence that nation states actively engage in terror and also passively allow terror to be visited upon their citizens It is not just liberation movements and radical groups that deploy terrorist tactics for offensive ends States use terror defensively to directly intimidate their citizens and to indirectly attack themselves or harm their citizens under a false flag Their motivation To provide pretexts for otherwise unwanted wars or to gain increased police powers Statesmen have executed indirect terrorism in various ways but most plots tend to involve the pretence of blind eyes misdirection and cover

ups that give the statesmen plausible deniability The shrinking of the Lusitania the bombing of Pearl Harbour the October Surprise the first World Trade Center bombing the Oklahoma City bombing and other well known incidents suggest that terrorism is often successfully used by states to take the offensive against enemies at home and abroad Was 9 11 such an indirect defensive attack Len Bracken traces the clues circumstantially connecting a multi armed hydra of oil interests the CIA FBI diplomats and statesmen to the September 11 attacks and examines whether they were engineered or allowed as a pretext for the war in Afghanistan The subsequent anthrax attack targeting Democratic senators is considered in light of the controversial USA Patriot Acts rights encroaching measures and the act s easy passage under conditions of terror A shadow government appears to have covered the land like black ice     Extraterrestrial Archaeology David Hatcher Childress,2000 Occasionally reissued with the same ISBN but with slightly differing bibliographical details     **Technology of the Gods** David Hatcher Childress,2000 Technology of the Gods lays out the mind bending evidence that long lost civilizations had attained and even exceeded our modern level of advancement Westerners have been taught that humankind has progressed along a straight line path from the primitive past to the proficient present but the hard fast evidence literally written in stone proves that the ancients had technologies we cannot even replicate today     **In Search of Quetzalcoatl** Pierre Honore,2007 Pre historic Native American legends tell of white men with beards landing on the shores of the New World bringing knowledge of science engineering and laws and more This work introduces readers to the mysterious heritage of South and Central American civilisation     *In Quest of Lost Worlds* Byron Khun de Prorok,2002-10 The reprint of Count Byron de Prorok s classic archaeology adventure book first published in 1936 by E P Dutton and Co in New York In this exciting and well illustrated book de Prorok takes us into the deep Sahara of forbidden Algeria to the Queen of the Tuaregs and many prehistoric ruins Then he on to the Siwa Oasis in Egypt and then to Ethiopia De Prorok continues on to Mexico and the remote jungles of Chiapas to discover a lost Mayan tribe and a lost city and a search for King Solomon s mines in Ethiopia Great reading history and adventure Includes Tin Hinan Legendary Queen of the Tuaregs The mysterious A Haggar Range of southern Algeria Jupiter Ammon and Tripolitania The Talking Dune The Land of the Garamantes Mexico and the Poison Trail Seeking Atlantis Shadowed by the Little People Ancient Pyramids of the Usamasinta and Piedras Negras in Guatemala In Search of King Solomon s Mines and the Land of Ophir Ancient Emerald Mines of Ethiopia Also includes 24 pages of special illustrations of the famous Search For the Tassili Frescoes by Henri Lhote 1959 A visual treat Of a remote area of the world that is even today forbidden to outsider     *Quest for Zero Point Energy* Moray B. King,2001 Electrical Engineer Moray B King expands with diagrams on how free energy and anti gravity are possible The theories of zero point energy maintain there are tremendous fluctuations of electrical field energy embedded within the fabric of space King explains the following topics Tapping the Zero Point Energy as an Energy Source Fundamentals of a Zero Point Energy Technology Vacuum Energy Vortices The Super Tube Charge Clusters The Basis of Zero Point Energy Inventions Vortex Filaments Torsion Fields and the
