Hawking, 2025-08-23 Composed from the journals of explorer M G Hawking's five years in remote areas of the Himalayas this book transports the reader into a legendary lost world a journey that leads to the discovery of the most refined and powerful knowledge possessed by the human race Many years ago on an extended trek into an inner region of the vast wilderness of the Great Himalayan Range Hawking chanced on an unexpected find In a majestic valley surrounded by towering ice peaks he encountered a beautiful small village In that community called Siddhalaya by its residents he had the privilege of meeting a number of truly extraordinary men and women This encounter marked the beginning of sixty two months Hawking spent in the Himalayas during which time he kept detailed records of his adventures experiences and conversations with those highly enlightened individuals Our team at Wisdom Masters Press in association with Hawking has worked diligently to compose a series of books based on his journals and field notes This was a daunting assignment Hawking had accumulated hundreds of pages of hand written journal entries and field notes all of which had to be sorted and cataloged Yet it was a fascinating if formidable task one that could not have been accomplished without the assistance and encouragement of some of the extraordinary individuals Hawking met in the Himalayas all of whom you will meet in the pages of our books From the Author The knowledge of the masters is profound and powerful and one hopes it will have relevance to others will offer them insight and guidance will greatly expand their knowledge and power will be validated by their experience or at the very least will stimulate them to search further on their own The philosophy expressed by the masters reflects as well the broader context and search of our culture at this particular stage of its development The evolutionary viewpoints in this book reflect that emerging pattern of a seeking for our direction and place in the Universe a reawakening of a search begun by the original pre Socratic philosophers one that goes further back than even the roots of religion the search for a true connection with our origins in the Cosmos that gave rise to us and within which we continue the creation our individual lives and the mass co creation of the world we all share There are no words adequate to express my respect for those remarkable sages who gave to me an amateur so lavishly of their time and knowledge They appeared to be grateful to see their efforts aided by one who loves life and wisdom enough to permit him to share their wisdom insights dialogues and highly elevated knowledge M G Hawking This volume presents a comprehensive anthology containing detailed narratives of Hawking's various experiences and conversations including first hand accounts of the psychokinetic abilities he witnessed and in depth descriptions of the esoteric knowledge that made such extraordinary abilities possible Includes a section with a list and brief descriptions of our books From all of us here at Wisdom Masters Press thank you 2025 Edition e reader page count 263 estimated actual page count varies depending on the reading device used *Lost in the Himalayas* James Scott, Joanne Robertson, 1993 **The Lost Years of Jesus** Elizabeth Clare Prophet, 2020-12-22 Reads like a detective
