**Lighthouses** Wil O'Connell, Pat O'Connell, 2011 Ohio Lighthouses reveals a multitude of stories about the structures along Lake Erie. It chronicles makeovers such as the transformation of the 1821 Marblehead Lighthouse from ugly duckling to beautiful swan. It also documents heartbreaking tales like the story of the fire at the Green Island Lighthouse that started during a New Year's dinner while the lighthouse keeper's son watched from a mile away on South Bass Island, he along with friends unable to come to the rescue in a snowstorm. It touches on the strength of Mother Nature such as late one fall when a blizzard struck as two lighthouse keepers were preparing to leave the Ashtabula Lighthouse for the winter. For three days waves washed over the lighthouse in sub zero temperatures and water froze as it fell. The sun came out on the fourth day but the men found themselves unable to open the door. Other interesting histories include those of the lost lighthouse, a disappearing lighthouse sinking into Lake Erie, a Romanesque lighthouse 8 miles from shore, the wood lighthouse on a slightly sinful island, the lighthouse built to last forever but slated for the wrecking ball, and more.

**Haunted Lighthouses: Stories of Lost Souls and Spectral Lights** Pasquale De Marco, 2025-08-11 Prepare to embark on a spine-chilling journey through the haunted lighthouses of America where restless spirits and tragic tales intertwine. From the rocky shores of Maine to the windswept coasts of California, these sentinels of the sea hold a darker allure, whispered tales of shipwrecks, murders, and suicides that have left their mark on history. Within these pages, you'll discover the haunting stories of St. Augustine Lighthouse in Florida where ghostly apparitions roam the halls, and Point Reyes Lighthouse in California where the phantom keeper eternally guards the grounds. Meet the Lady in White who wanders the Cape Lookout Lighthouse in North Carolina searching for her lost love, and the Screaming Ghost of Yaquina Head Lighthouse in Oregon whose mournful cries echo through the night. Unravel the mystery of the five keepers who vanished without a trace from the Thomas Point Shoal Lighthouse in Maryland, leaving behind an eerie silence. Explore the legend of the Sea Witch at Cape Blanco Lighthouse in Oregon, said to be the vengeful spirit of a scorned woman. As you delve deeper into these haunted lighthouses, you'll encounter tales of unexplained phenomena and paranormal encounters that defy rational explanation. From phantom footsteps and disembodied voices to sudden drops in temperature and flickering lights, these lighthouses are said to be portals to the supernatural. But beyond the chilling stories, these haunted lighthouses also reveal the resilience of the human spirit. They stand as testaments to the courage and determination of the lighthouse keepers who braved isolation, harsh weather, and treacherous conditions to keep the lights burning. Their stories of sacrifice and devotion add a layer of poignancy to the eerie atmosphere of these haunted places. So gather your courage and let these haunted lighthouses transport you to a realm where the living and the dead collide. Experience the thrill of the unknown as you explore the dark and mysterious world of America's haunted lighthouses where the whispers of the past refuse to be silenced. **Lighthouse Stories** Tony Beddard,2022-11-30 Lighthouses remain a fascination to most people The light beam still flashes a warning to all shipping and acts as a guide to safe harbour in rough weather but unfortunately the lighthouse keepers are now a thing of the past Modern technology has meant that satellite navigation where signals can be bounced off satellites to turn engines on and off and fog signals can be operated from ashore without the trusty keepers The lights still twinkle and backup systems ensure ships still have guidance to safety No keepers alas they have all been made redundant The way of life of the lighthouse keeper is now well past The reader of my stories should gain an insight into what being a keeper was all about The working details provide a fair look at what makes a lighthouse function The short stories cover a wide variety of different locations including the Channel Islands Characters within the service are as varied as the lighthouse but there is always a story to tell given the nature of the work and the importance of safety at sea for shipping As always it s the sea that is the master in everything that happens but humour keeps rearing its head to remind us of the simple things in life it constantly raises a smile Although lighthouses are now unmanned the public is still curious about their history and what a keeper s life was all about This book and its stories perhaps can give an insight into a time when keepers were essential to safe passage
