Garden Book Club Lost Tribes of Israel: A Journey of Adventure in History, Myth, and Memory AJ Carmichael, 2025-08-04 Why do the Lost Tribes Matter The Mystery That Simply Refuses to Die They went into captivity and vanished from the face of the earth but their memory haunts the corridors of time Throughout the annals of sacred scripture imperial conquest and cultural folklore few mysteries have endured with such fierce fascination as that of the Lost Tribes of Israel The idea that ten of the twelve tribes descendants of the patriarch Jacob were scattered absorbed or vanished into the great silence of history has ignited the imaginations of prophets and poets kings and conquistadors rabbis and revolutionaries Their story rooted in ancient scripture and echoing through the chants of distant nations is not merely a tale of disappearance It is a tale of survival transformation and longing For nearly 3 000 years from the dusty roads of Mesopotamia to the stone circles of Ireland voices have whispered that the Lost Tribes were not lost at all but simply hidden waiting to be revealed in some future reckoning **One More 'Lost Peace'?** Raffaele D'Agata, Lawrence Gray, 2011 Were there any missed chances to

build a more peaceful world than the present one after the Cold War Were there any attempts at working out a more comprehensive and more cooperative way to overcome it What was precisely at stake during the Cold War What was really at stake for the losers and what stakes did the winners gain if there are any winners at all Those questions were raised during a seminar where some outstanding scholars were invited to discuss them plainly before an audience of young students in an

ancient yet peripheral Italian university The result may be seen as a readable concentration of basic and meaningful insights that often defy a noticeable amount of conventional wisdom on the ground of careful and authoritative scholarly research

Understanding Ethiopia's Tigray War Martin Plaut, Sarah Vaughan, 2023-02-16 The war in Ethiopia's northern region of Tigray began in November 2020 It inflicted more casualties than any other contemporary conflict in the world It has also been among the least understood The fighting and accompanying blockade led to an estimated 600 000 deaths more than the number who died in the 1984-5 famine International journalists were banned as the region was sealed off from the outside world by Ethiopian and Eritrean governments prosecuting a strategy designed to crush Tigray at almost any cost Hatred of Tigrayans was stoked by senior advisers to Ethiopia's Prime Minister Abiy Ahmed they have called Tigrayans weeds who must be uprooted their place in history extinguished Their language was reminiscent of that which preceded the genocide in Rwanda The war was also orchestrated by Eritrea's President Isaias Afwerki who came to wield increasing influence over Ethiopian affairs It drew in Somali troops as well as Eritrean forces Peace agreements signed in November 2022 ended the worst of the violence but without resolving the war's underlying drivers which continue to feed a tense and uncertain situation This book provides the first clear explanation of the factors that led to the conflict unravelling their roots in Ethiopia's long and complex history It describes the battles that were fought at such terrible cost and the immense suffering particularly of women who were brutally abused

How the West Was Won and Lost Rocky M. Mirza, PhD, 2016-04-14 Western powers are addicted to stealing and warmongering and their days at the top of civilization are numbered To prove this point Rocky M Mirza PhD traces the rise of the Western powers from the Greek and Roman empires through the Portuguese Spanish British French German Italian and American empires He argues that the West has promoted private property over communal property which has created huge inequalities of wealth encouraged the production and consumption of goods instead of preserving our planet exploited Third World workers to satisfy obese citizens addicted to super size portions From the time Portugal found a sea route to India and Spain rediscovered the New World the West has sought to steal and kill At first Muslims in the Middle East and powerful countries in Asia thwarted Western ambitions but the Industrial Revolution of the eighteenth century changed the landscape Instead of building mutually beneficial relationships Western empires from the Portuguese to the American have sought to solely look out for their own interests Find out how the balance is shifting in *How the West was Won and Lost*

Hodgson, 2020-11-20 Generally speaking the losing party is more interested than the winning party in understanding the reasons for the outcome of the proceeding And yet the requirement that unless otherwise agreed by the parties the award shall state the reasons upon which it is based is a widely recognized principle in international arbitration The rules of most arbitral institutions also require that an award include reasons This Institute Dossier addresses reasoning in International Commercial and Investment Arbitration Awards Should an arbitrator state his

reasons Why How extensive and or complete must the reasoning be for the process to be fully comprehensible and thus legitimate to the parties What may be the consequences of an unsatisfactory reasoning Readers will get useful insights into the legal reasoning process by accessing data from a recent large scale empirical study of legal reasoning in commercial disputes They will also be treated to some creative writing tips in the hope that reading an award becomes a more interesting part of the job The ICC Institute of World Business Law brings together the finest legal minds to strengthen links between international business practitioners and the legal profession The Institute Dossiers is a series that has gained international prestige These Dossiers are the outcome of the Institute s annual meetings where experts from around the globe come together to discuss salient issues of international commercial law and arbitration An ICC Services publication distributed by Kluwer Law International The Lost Tribes, are the Teutonic Race Josiah J.
