Lost Treasures Of Britain Five Centuries Of Creation And Destruction:

Lost Treasures of Britain Five Centuries of Creation and Destruction Roy Strong, 1990 Tales from the Tower of London Daniel Diehl, Mark P Donnelly, 2011-10-24 Highly enjoyable Ancestors A fascinating recreation of the Tower as the life and death blood of the nation Oxford Times Serving as both a palace and a prison the Tower of London has been at the centre of more intrigue terror and crucial turning points in history than any other site in England Diehl and Donnelly take us behind the grim grey walls which circumscribe England's greatest fortress to discover true stories of the rebels rogues despots lovers spies and conmen who lived or were held captive there and whose various strange fates have added to the Tower's sinister reputation It is a place where court intrigues clandestine liaisons gruesome tortures and grisly executions took place with frightening regularity Tales from the Tower of London is more than the factual history of a great building it is storytelling at its best The fifteen stories in this book are made all the more poignant by the fact that they are all true and focus on individuals royal and common good and bad heroic and villainous who lived loved plotted and died there The characters you will meet include William the Conqueror Richard II and the forlorn Princes in the Tower Wat Tyler Lady Jane Grey Guy Fawkes Colonel Thomas Blood Henry Laurens Sir Roger Casement Whether you are a lover of history adventure intrigue and romance or just appreciate a ripping good yarn you will find Tales from the Tower of London a classic page turner Conservation and the City Peter Larkham, 2002-03-11 It is a widely held belief that cities must change or they will wither and die One of the key problems of urbanization is how to cope with these changes while retaining the structures constructed and maintained by previous generations Conservation and the City is a study of conservation and change throughout the built environment city centres suburbs and even tiny villages and how the activities of conservation interact with the planning system Using detailed case studies from Britain and the Westernized world the author examines some of the key social economic and psychological ideas which support conservation as well as studying the urban landscape and the agents of change Conservation and the City seeks to understand urban conservation and in doing so presents possible solutions for managing change in the built environment of the future **The Tourist-Historic City** G.J. Ashworth, J.E. Tunbridge, 2000-11-07 Reflects the importance of heritage to cities and cities to the creation and marketing of heritage products not least within tourism This book presents a review of the state of urban heritage tourism at the turn of the twentieth and twenty first centuries **Whitehall** Colin Brown, 2009-05-05 WHITEHALL the name of a street now synonymous with the civil service has been the centre of British religious and political power for over 500 years Whitehall takes the reader behind closed doors to explore the fascinating history that lies behind the facade of the great departments of state and some of the greatest figures in British history including Henry VIII's playground the execution of Charles I Nelson's tortured love life and Winston Churchill's plans for a last stand against the forces of Hitler's Nazi invaders It explores the private house in Whitehall ignored by tourists today which became the most notorious address in London

when Byron and Lady Caroline Lamb conducted their very public and tempestuous love affair there Inside Admiralty House screened from public view is the elaborately decorated boardroom equipped with its own wind clock where Nelson received his orders to attack the French There is also the dining room where Nelson fumed over dinner with his wife Fanny who burst into tears at his black mood Fragments of the tennis courts where Anne Boleyn watched Henry VIII playing tennis in his slops have survived behind the walls of the Cabinet Office at 70 Whitehall Beyond its glass doors a secret passageway leads to Number Ten Downing Street Cabinet papers reveal that Winston Churchill planned to use Whitehall as a fortress in 1940 when Britain faced imminent invasion by Hitler's Nazi forces The documents published for the first time show how Churchill prepared for street fighting in Whitehall's departments as he made his final stand And it also reveals for the first time the films that helped Churchill escape the rigors of war in his underground cinema at Whitehall as the Prime Minister battled to preserve Britain for another 1 000 years Urban Achievement in Early Modern Europe Patrick O'Brien,2001-04-12

century The Forest, Park and Palace of Clarendon, C. 1200-c. 1650 Amanda Richardson, 2005 Reconstructing an actual conceptual and documented Wiltshire landscape The main argument of this thesis is that the landscape and locality of Clarendon Forest and Park some 6 km east of Salisbury Wiltshire England were strongly influenced by the presence or later absence of Clarendon Palace which fell into decay in the late fifteenth century The first sure evidence of a royal residence at Clarendon dates from the reign of Henry I 1100 1135 although the site may well have Saxon connections A primary aim of this work is to restore the wider conceptual landscape by considering the forest alongside the relict landscape of the park and it is argued throughout that because medieval forests are archaeologically elusive the best way to achieve this is through an intensive documentary methodology Attention is drawn throughout to the capacity of documents to illustrate how estates were managed over time The argument representing an unprecedented systematic study of manuscript sources for Clarendon Park and Forest held at central and regional record offices is supported by references to printed primary sources It has resulted in the compilation of a main computer database listing over 800 relevant documents held at the Public Record Office alone from which those that might prove most useful were selected and transcribed The transcriptions arranged by subject form several substantial and searchable electronic databases facilitating cross checking and comparison The written sources themselves have informed the structure of the work and help to illustrate that this unique landscape and locality was indeed profoundly influenced by the existence of a royal park and palace at its centre Nevertheless what has emerged strongly in the course of the study are the myriad ways in which the forest in turn shaped the lifecycle of the palace
