mariners were Atlanteans and that the destruction of Atlantis by war and natural catastrophe brought about the end of Bronze Age civilization Furthermore Atlantis s survivors dispersed to all sides of their former island empire into Western Europe the Near East and North and South America In *Survivors of Atlantis* Frank Joseph provides an in depth study of the Atlantean war and the intimate connections it had with the last of four great cosmic catastrophes generated by the cyclical return of a comet and its debris This quartet of natural disasters was followed by mass migrations recorded in the histories of such diverse peoples as the Incas of Peru the Celtic Irish the Classical Greeks and the Aztecs of Mexico Where the archaeology mythology astronomy and geology of these cultures coincide a common thread is exposed Atlantis Joseph shows that the fate of the Atlantean empire is the story of early civilization and reveals Atlantis to be a credible part of the world s history
