Mythus Magick Dangerous Journeys:

Mythus Magick Gary Gygax, Lester Smith, 1992-07-01 *Empire of Imagination* Michael Witwer, 2015-10-06 The life story of Gary Gygax godfather of all fantasy adventure games has been told only in bits and pieces Michael Witwer has written a dynamic dramatized biography of Gygax from his childhood in Lake Geneva Wisconsin to his untimely death in 2008 Gygax's magnum opus *Dungeons & Dragons* would explode in popularity throughout the 1970s and 80s and irreversibly alter the world of gaming D & D is the best known best selling role playing game of all time and it boasts an elite class of alumni Stephen Colbert Robin Williams and Junot Diaz all have spoken openly about their experience with the game as teenagers and some credit it as the workshop where their nascent imaginations were fostered Gygax's involvement in the industry lasted long after his dramatic and involuntary departure from D & D's parent company TSR and his footprint can be seen in the genre he is largely responsible for creating But as Witwer shows perhaps the most compelling facet of his life and work was his unwavering commitment to the power of creativity in the face of myriad sources of adversity whether cultural economic or personal Through his creation of the role playing genre Gygax gave two generations of gamers the tools to invent characters and entire worlds in their minds Told in narrative driven and dramatic fashion Witwer has written an engaging chronicle of the life and legacy of this emperor of the imagination **Империя воображения: Гэри Гайгэкс и**

Filippo Carlà-Uhink,2020-04-16 Theme park studies is a growing field in social and cultural studies Nonetheless until now little attention has been dedicated to the choice of the themes represented in the parks and the strategies of their representation This is particularly interesting when the theme is a historical one for example ancient Greece Which elements of classical Greece find their way into a theme park and how are they chosen and represented What is the entertainment element in ancient Greek history culture and myth which allows its presence in commercial structures aiming to people s fun How does the representation of Greece change against different cultural backgrounds e g in different European countries in the USA in China This book frames a discussion of these representations within the current debates about immersive spaces uses of history and postmodern aesthetics and analyses how ancient Greece has been represented and made enjoyable in seven different theme parks across the world providing an original and ground breaking contribution to theme park studies
