Natural Healthcare At Home:

Doctor Mom's Natural Healthcare for Children Kathy Duerr, 2003 You're at home on the weekend or on holiday or it's after 5 p.m. and you don't know how to solve the pain or burn or bite your child has. Dr. Mom's Natural Healthcare for Children offers help. The single mother of three children, Kathy Duerr describes the real-life treatments that worked with the common childhood illnesses that her children experienced. Divided into three parts, the book includes homeopathic and herbal medicines, infant care from breast feeding to immunisation, and common children's diseases and ailments. [Our Children's Health](#) Bonnie C. Minsky, Lisa E. Holk, 2002

Leading nutritionist Bonnie Minsky takes up the cause of the rapidly declining health of our nation's children. She provides much needed practical information to give back children their inherent state of good health, normal weight, and boundless good energy.

Healthcare in the United States: Clinical, Financial, and Operational Dimensions, Second Edition Stephen L. Walston, Kenneth L. Johnson, 2024-05-21 Healthcare in the United States offers a comprehensive examination of the US healthcare system and its development, addressing various challenges related to cost, access, and quality. Using straightforward descriptions, sidebars, case studies, and vignettes, the text illuminates the complex system's organizations, financing, and delivery models. This second edition contains updated data throughout and explores the effect of the COVID-19 pandemic on many facets of the healthcare system, including long-term care, population health, and health information technology. It also includes the following new material: New chapters on public health organizations, services, and challenges; the interplay between healthcare laws and ethics; and healthcare funding and financial management of healthcare organizations. Expanded discussions of post-acute care, mental health parity, and health disparities. Healthcare in the United States provides future healthcare administrators and clinicians with a thorough understanding of the multifaceted US healthcare system, as well as the conflicting assumptions and expectations that underpin the delivery of healthcare.
