

NATURAL RESOURCES AND ECONOMIC DEVELOPMENT

Mineral, power and forest resources are the foundation of economic development. They help in giving an initial push to the raising of production in all sectors of the economy. If the quality of manpower is high a country, it will make the best use of the natural resources and attain development in the shortest possible period of time. Human and natural resources are thus both determining factors in economic development.

We, in this article, briefly examine the importance, quantity and the quality of the mineral power and forest resources available in Pakistan. The resources are discussed under separate heads.
