Natural Women Cultured Men:

Natural Women, Cultured Men R.A. Sydie, 2011-11-01 This book examines the work of the classical social theorists Durkheim Weber Marx Engels and Freud from a feminist perspective The focus is on the theoretical approach adopted by each theorist in his examination of the nature of human nature and more specifically the nature of sex relationships In general the dichotomized hierarchical view of sex relationships common to each of the theorists forms the framework for the discussions and critiques More recent critical commentaries by feminists are included as well as a brief exegesis on sociobiology as representative of many of the views found in the work of the five sociological fathers The concluding remarks consider suggestions for the direction of a feminist social theory
