Nature Of God

Arthur W. Pink

Nature Of God:

The Nature of God in Plain Language David L. Hocking, 1984 **The Nature of God** Gerard Hughes, 2005-08-04 In *The Nature of God* Gerard Hughes takes the central attributes ascribed to God such as Existence Simplicity Omniscience Omnipotence and Goodness and gives them a historical and analytical background Incorporating texts by Aquinas Ockham Molina Descartes Hume and Kant he aims to give the reader first hand acquaintance with these classic writers and to then discuss their arguments in the light of contemporary debate While the focus of *The Nature of God* is on the philosophy of religion Hughes widens his scope to consider its implications in epistemology metaphysics and moral philosophy The issues he considers include necessity and possibility the relation of logic to epistemology and the connections between causation and moral philosophy *The True Nature of God* Andrew Wommack, 1997 Often human perspective and the mechanics of Christianity eclipse the true nature of God the God Who wants nothing more than to share an intimate friendship with His children If you're wondering who God is or if He cares let Andrew Wommack show you *The True Nature of God* **The True Nature of God** Andrew Wommack, 2012-08-07 I've tried to be the perfect person God expects me to be but I just can't I give up I know God loves me but it seems like He never answers my prayers I do everything the Bible says I should so why hasn't God blessed me like He promised Is God schizophrenic The Bible is full of nothing but contradictions Questions and comments like these compelled Andrew Wommack to introduce the profoundly simple concepts found in this book Often human perspective and the mechanics of Christianity eclipse *The True Nature of God* the God who wants nothing more than to share an intimate friendship with His children If you're wondering who God is or if He cares let Andrew show you *The True Nature of God* *The Nature of God and His Purpose for the World* Conference on Christian Politics, Economics and Citizenship. Commission on the Nature of God, 1924 **Nature, God and Humanity** Richard L. Fern, 2002-04-04 *Nature God and Humanity* clarifies the task of forming an ethics of nature thereby empowering readers to develop their own critical faith based ethics Calling on original thought provoking analyses and arguments Richard L Fern frames a philosophical ethics of nature assesses it scientifically finds support for it in traditional biblical theism and situates it culturally Though defending the moral value of beliefs affirming the radical Otherness of God and human uniqueness this book aims not to compel the adoption of any particular ethic but rather illumine the contribution diverse forms of inquiry make to an ethics of nature How does philosophy clarify moral conviction What does science tell us about nature Why does religious faith matter Rejecting the illusion of a single rationally compelling ethics Fern answers these questions in a way that fosters both agreement and disagreement allowing those holding conflicting ethics of nature to work together for the common good *The Nature of God* Frankie L. Jackson, 2008-12-09 **The Nature of God** Arthur W. Pink, 1999-05-10 He is just yet merciful He is above all yet He sent His Son to die for us Arthur W Pink's classic meditation on God's personality and power has inspired readers for generations He leads readers through reflections on 45 facets of God's personality Ideal for personal

reflection and daily Bible study this book will help readers develop a deeper richer love for the One who calls us His own
