Nice Work The Continuing Scandal Of Canadas Senate:

Protecting Canadian Democracy Canadian Centre for Management Development, 2003 This first in depth analysis of Canada's Senate in 40 years **Nice Work** Claire Hoy, 1999 Claire Hoy has turned his irascible attention to Canada's Senate It's not a pretty sight The trial of Senator Eric Berntson that resulted in his conviction for fraud in February 1999 a result that is being appealed represents only the most recent in a long line of scandals the Canadian Senate has endured True some senators perform work that is constructive and useful most of it in committees that examine legislation put forward by the House of Commons But even their defenders admit that these contributions don't add up to much and note that a declining minority of senators carries the load Tory Senator Brenda Robertson vice chair of the Standing Orders Committee admitted the party has problems getting senators to attend According to my math she reported in about four years we will have about twenty five active members in the Senate Those are the good ones The others collect their generous pay perks and allowances while they either slack off actively pursue partisan political advantage for their respective parties or build wealth for themselves and the corporations on whose boards of directors so many of them sit There are signs that the end may be approaching The mammoth battles of ego and partisan rancour that marked the second term of the Mulroney government when the Liberal leader in the Senate set out to sabotage the legislative program of the Tories marked an undoubted low point in the history of the upper chamber Whether the Senate can be reformed however and what shape reform should take remain open questions **Improving Canada's Democracy** Terry Julian, 2002 Literature
