—THE OPENING OF—
THE AMERICAN MIND

Opening Of The American Mind

Alan Heimert

Opening Of The American Mind:

The Opening of the American Mind Lawrence W. Levine, 1997-08-14 Publicly greeted as the definitive answer to recent attacks on the university Lawrence W Levine's book is a brilliantly argued positive vision of American education and culture

The Opening of the American Mind The Point, 2020-11-06 In a cultural landscape dominated by hot takes and petty polemics The Point stands for something different Informed by the conviction that humanistic thinking has relevance for everyday life the magazine has long maintained a rare space for thoughtful dialogue between a wide range of political views philosophical perspectives and personal experiences its contributors include liberals and conservatives philosophers and activists Marxists and Catholics New Yorkers and Midwesterners A little more than a decade since its founding on the campus of the University of Chicago it offers a unique and revelatory look at the changing face of America one that speaks not only to way American minds have been forced to open by a decade of trauma and transformation but also to the challenge of remaining open to our fellow citizens during our deeply divided present Featuring award winning and highly acclaimed essays from The Point's first ten years *The Opening of the American Mind* traces the path of American intellect from the magazine's inception in 2009 when Barack Obama was ascending the steps of the White House to the brink of the 2020 election The essays chosen both for the way they capture their time and transcend it are assembled into five sections that address cycles of cultural frustrations social movements and the aftermath of the 2016 election and provide lively forward looking considerations of how we might expand our imaginations into the future Spanning the era of Obama and Trump Occupy Wall Street and Black Lives Matter MeToo and renewed attention to reparations this anthology offers critical reflections on some of the decade's most influential events and stands as a testament to the significance of open exchange The intellectual dialogue provided by The Point has never been more urgently needed and this collection will bring the magazine's vital work to an even broader readership

Opening the American Mind: Recognizing the Threat to the Nation Andrew P. O'Meara Jr., 2016-02-15 *Opening the American Mind* is a history of our involvement in Vietnam and an examination of the communist models of revolution O'Meara's report examines the impact of the War on the Vietnamese people and on the American Home Front He looks at the role of communist front organizations used to mobilize resistance in underdeveloped societies as well as more sophisticated fronts used to wage revolutionary warfare in industrialized societies The long march of the radical left through American colleges and universities established the support for the cause of International Socialism and communist revolutionaries in America It was Marxist professors and fellow travelers who wrote the one-sided historical accounts of American involvement in Vietnam justifying the cause of our enemies Colonel O'Meara wraps up his survey of America's stand in Vietnam by looking at communist front organizations operating behind the scenes here in America His work is must reading for all Americans especially young Americans seeking answers to questions concealed by politically correct control of higher education in America

[On the Form of the American Mind](#) Eric

Voegelin, 1995 In 1924 not quite two years after receiving his doctorate from the University of Vienna Eric Voegelin was named a Laura Spelman Rockefeller Memorial Fellow and thus given the opportunity to pursue postdoctoral studies in the United States For the next twenty four months Voegelin worked with some of the most creative scholars in America and at several of the country's great universities an experience that undoubtedly influenced his scholarly and personal perspectives throughout his life A more immediate result was the publication in 1928 of *On the Form of the American Mind* the young philosopher's first major work in which his acute perceptions and analyses combine with a conceptual vocabulary struggling to find its own coherence and form Voegelin begins his inquiry into the form of the American mind with a complex discussion of the concepts of time and existence in European and American philosophy and continues with an extended interpretation of George Santayana a study of the Puritan mystic Jonathan Edwards a presentation on Anglo American jurisprudence and a consideration of the historian economist and political scientist John R Commons Voegelin was particularly interested in Commons views on the mental political social and economic aspects of democracy in modern urban and industrial America Although admitting that this diversity of themes seems only loosely connected Voegelin demonstrates the actual overall unity of these various subjects each concerns linguistic expressions of a theoretical nature Analysis of *On the Form of the American Mind* indicates that Voegelin integrated the approaches of Lebensphilosophie into what Georg Misch called the philosophical combination of anthropology and history which characterized contemporary trends within the discourse of the Geisteswissenschaften and finally resulted in a theoretical paradigm of philosophical anthropology Jürgen Gebhardt and Barry Cooper provide access to this brilliant study with their two part introduction The first part considers *On the Form of the American Mind* in the context of methodological debates ongoing in Germany at the time Voegelin was writing the book the second describes Voegelin's American experience and compares his work with similar studies written during the post World War I period [American Higher Education Transformed, 1940-2005](#) Wilson Smith, Thomas Bender, 2008-04-11 This long awaited sequel to Richard Hofstadter and Wilson Smith's classic anthology *American Higher Education A Documentary History* presents one hundred and seventy two key edited documents that record the transformation of higher education over the past sixty years The volume includes such seminal documents as Vannevar Bush's 1945 report to President Franklin D Roosevelt *Science the Endless Frontier* the U S Supreme Court decisions in *Brown v Board of Education* and *Sweezy v New Hampshire* and Adrienne Rich's challenging essay *Taking Women Students Seriously* The wide variety of readings underscores responses of higher education to a memorable often tumultuous half century Colleges and universities faced a transformation of their educational goals institutional structures and curricula and admission policies the ethnic and economic composition of student bodies an expanding social and gender membership in the professoriate their growing allegiance to and dependence on federal and foundation financial aids and even the definitions and defenses of academic freedom Wilson Smith and Thomas Bender have assembled an essential reference for policymakers administrators and all

those interested in the history and sociology of higher education The Mormon Image in the American Mind J.B. Haws,2013-12 What do Americans think about Mormons and why do they think what they do This is a story where the Osmonds the Olympics the Tabernacle Choir Evangelical Christians the Equal Rights Amendment Sports Illustrated and even Miss America all figure into the equation The book is punctuated by the presidential campaigns of George and Mitt Romney four decades apart A survey of the past half century reveals a growing tension inherent in the public s views of Mormons and the public s views of the religion that inspires that body Buying the American Mind Stephanie Epstein,1991 The Center examined Japan s quest for U S ideas in science economic policy and the schools and found among other things that taxpayer supported high tech university laboratory research is being sold away for a song to Japanese and other non U S corporations

The American Mind Bliss Perry,2023-10-01 Welcome to the enlightening world of The American Mind by Bliss Perry a thought provoking exploration of the intellectual and cultural landscape of America that offers readers a deeper understanding of the nation s history values and identity Prepare to embark on a journey through the rich tapestry of American thought and ideas as Perry delves into the minds of the nation s most influential thinkers writers and leaders From the founding fathers to the modern day visionaries from the Transcendentalists to the Pragmatists this insightful book examines the diverse strands of thought that have shaped the American psyche Join Perry as he explores the key themes and ideas that have defined the American experience from democracy and individualism to freedom and progress Through engaging prose and meticulous research he offers readers a comprehensive overview of the intellectual currents that have shaped the nation s history and shaped its destiny The American Mind is more than just a survey of American thought it s a celebration of the nation s intellectual vitality and creative spirit Perry s insightful analysis and engaging storytelling shed light on the complexities of American culture and offer readers a deeper appreciation for the diverse voices that have contributed to its development The overall tone of the book is one of curiosity and exploration as Perry invites readers to join him on a journey of discovery through the annals of American history and literature Through his vivid descriptions and vivid characterizations he brings to life the ideas and personalities that have shaped the American mind Since its publication The American Mind has been praised for its erudition insight and readability making it a beloved classic of American intellectual history Its exploration of the nation s intellectual heritage offers readers a valuable perspective on the ideas and values that continue to shape American society today Whether you re a student of American history a lover of ideas or simply someone seeking a deeper understanding of the American experience The American Mind promises an enlightening and enriching reading experience Prepare to be inspired challenged and ultimately transformed by Bliss Perry s masterful exploration of the nation s intellectual landscape Experience the richness of The American Mind today Order your copy now and embark on a journey of discovery through the heart and soul of America The American Mind: The E. T. Earl Lectures Bliss Perry,2009-01-01 The Canceling of the American Mind Greg Lukianoff,Rikki Schlott,2023-10-17 A galvanizing The Wall

Street Journal deep dive into cancel culture and its dangers to all Americans from the team that brought you Coddling of the American Mind Cancel culture is a new phenomenon and The Canceling of the American Mind is the first book to codify it and survey its effects including hard data and research on what cancel culture is and how it works along with hundreds of new examples showing the left and right both working to silence their enemies The Canceling of the American Mind changes how you view cancel culture Rather than a moral panic we should consider it a dysfunctional part of how Americans battle for power status and dominance Cancel culture is just one symptom of a much larger problem the use of cheap rhetorical tactics to win arguments without actually winning arguments After all why bother refuting your opponents when you can just take away their platform or career The good news is that we can beat back this threat to democracy through better citizenship The Canceling of the American Mind offers concrete steps toward reclaiming a free speech culture with materials specifically tailored for parents teachers business leaders and everyone who uses social media We can all show intellectual humility and promote the essential American principles of individuality resilience and open mindedness

This is likewise one of the factors by obtaining the soft documents of this **Opening Of The American Mind** by online. You might not require more grow old to spend to go to the book start as without difficulty as search for them. In some cases, you likewise get not discover the broadcast Opening Of The American Mind that you are looking for. It will unconditionally squander the time.

However below, similar to you visit this web page, it will be for that reason no question easy to acquire as without difficulty as download guide Opening Of The American Mind

It will not say yes many mature as we tell before. You can do it though pretend something else at home and even in your workplace. so easy! So, are you question? Just exercise just what we manage to pay for under as capably as evaluation **Opening Of The American Mind** what you gone to read!
