Racing the Great White Way Katie N. Johnson,2023-07-19 The early drama of Eugene O Neill with its emphasis on racial themes and conflicts opened up extraordinary opportunities for Black performers to challenge racist structures in modern theater and cinema By adapting O Neill s dramatic writing changing scripts to omit offensive epithets inserting African American music and dance or including citations of Black internationalism theater artists of color have used O Neill s texts to raze barriers in American and transatlantic theater Challenging the widely accepted idea that Broadway was the white hot creative engine of U S theater during the early 20th century author Katie N Johnson reveals a far more complex system of exchanges between the Broadway establishment and a vibrant Black theater scene in New York and beyond to chart a new history of American and transnational theater In spite of their dichotomous and at times problematic representation of Blackness O Neill s plays such as *The Emperor Jones* and *All God s Chillun Got Wings* make ideal case studies because of the way these works stimulated traffic between Broadway and Harlem and between white and Black America These investigations of O Neill and Broadway productions are enriched by the vibrant transnational exchange found in early to mid 20th century artistic production Anchored in archival research *Racing the Great White Way* recovers not only vital lost performance histories but also the layered contexts for performing bodies across the Black Atlantic and the Circum Atlantic

Classical Music In America Joseph

Horowitz, 2005-03-15 *Classical Music in America* is a pioneering history by an award winning scholar and leading authority on American symphonic culture. Joseph Horowitz argues that classical music in the United States is peculiarly performance driven and he traces a musical trajectory rising to its peak at the close of the nineteenth century and receding after World War I. He defines the decades of ascendancy as the quest for an American compositional voice, painting vivid vignettes of America's most celebrated performers and such pathbreaking institutions as the New York Philharmonic and the Metropolitan Opera. He explores a century of decline characterized by illustrious orchestras, conductors, and virtuosos, mostly foreign born, and in a final chapter he exposes a crisis of leadership and suggests new musical directions in our postmodern age. As with his acclaimed cultural histories, Horowitz here fashions a sweeping narrative backed with personality and incident, textured by literature, sociology, and intellectual history that freshly illuminates the American experience. 32 pages of illustrations.

The Marriage of Figaro Tim Carter, 1987. *Le nozze di Figaro* 1786 was Mozart's first mature opera buffa. It was also the first of his three major collaborations with the librettist Lorenzo da Ponte. Unlike *Don Giovanni* 1787 and *Cos fan tutte* 1790, *Figaro* has few obvious problems and even if it is not without flaws, it nevertheless contains a remarkable mixture of all those elements that go to produce a good opera: a sound plot, a well structured text, and fine music. This opera handbook examines the work from historical and musical perspectives to set it in the context of Mozart's age.
