Pemilu The 1999 Indonesian Election:

Pemilu Susan Blackburn,1999 *Elections in Indonesia* Hans Antlov,Sven Cederroth,2021-03-24 It has sometimes been argued that many Indonesians had little sympathy with western notions of elections being events for the contesting and transfer of power and that they rather supported the New Order's use of festivals of democracy elections as occasions at which the mass of ordinary Indonesians were given the opportunity to celebrate the country's achievements under the rule of its New Order leadership as well as legitimize the continued rule of these leaders But the need to stage manage these elections as New Order triumphs finally undid the regime With chapters describing the last New Order election and the first free election in the post Suharto era this volume makes an important contribution to our understanding of the demise of the New Order and the directions being taken by the emerging regime The Indonesian Parliament and Democratization Patrick Ziegenhain,2008 Analyses the Indonesian parliament's contribution towards the process of democratization Contributes not only to research on the Indonesian democratization process but also to the comparative research on parliaments in transition processes in general Party Politics and Democratization in Indonesia Dirk Tomsa,2008-09-03 This book presents the first sustained analysis of Indonesian party politics in the post New Order era and the first systematic application of the increasingly influential party institutionalization approach to the case of Indonesia The 2018 and 2019 Indonesian Elections Leonard Sebastian,Alexander Arifianto,2020-10-15 The 2018 2019 Indonesian elections were among the most divisive elections in Indonesian history where identity politics and ethno religious sentiments were prevalent not just during the 2019 presidential election but also during the 2018 regional executive elections as well Contributors to this edited volume analysed the dynamics between identity politics national and local politics and produce findings and insights that will inform prospective readers regarding the future of identity politics and how it may affect Indonesian politics for the intermediate future This book is an up to date study addressing contemporary Indonesian politics that should be read by Indonesian Studies and more broadly Southeast Asian Studies specialists It is also a useful reference for those studying Electoral Politics Religion and Politics and Comparative Politics Indonesia in Transition Chris Manning,Peter van Diermen,2000-07 Explores the social and economic impact of political problems and the economic crisis during the late 1990s Investigates political developments in east Timor and Indonesia and examines relations between Indonesia and Australia Analyses the effects of the crises on poverty the environment and livelihoods civil society and legal institutions and Islam and politics **Votes, Party Systems and Democracy in Asia** Jungug Choi,2012-04-27 This book looks at the link between voters and political party systems in Asian democracies focusing on India Indonesia Korea and the Philippines It discusses this link in terms of three distinct elements the formation of voters preferences the translation of preferences into votes and the translation of votes into seats The book goes on to discuss how far the general rules of political party systems and their underlying causal mechanisms such as strategic voting are apparent in these Asian democracies In particular it

explores the extent to which electoral rules and social structural variables affect the process of transforming preferences into a political party system within the context of Asian politics The extensive areas covered by the book overcome the traditional sub regional division of Asia namely East Southeast and South Asia Protest and Possibilities Meredith Leigh Weiss,2006 This book examines a recent movement for political reform in Malaysia contrasting the experience both with past initiatives in Malaysia and with a contemporaneous reform movement in Indonesia to help us understand how and when coalitions unite reformers from civil and political societies and how these coalitions engage with the state and society **Elections and Politics in Indonesia** Leo Suryadinata,2002 An analysis of the 1999 Indonesian general election and subsequent presidential election in the context of Indonesian elections and politics The book highlights major characteristics of Indonesian society and culture which affect electoral behaviour namely ethnicity regionalism and religion *The Internet in Indonesia's New Democracy* David T. Hill,Krishna Sen,2005-06-28 The Internet in Indonesia s New Democracy is a detailed study of legal economic political and cultural practices surrounding the provision and consumption of the Internet in Indonesia at the turn of the twenty first century Hill and Sen detail the emergence of the Internet into Indonesia in the mid 1990s and cover its growth through the dramatic economic and political crises of 1997 and the subsequent transition to democracy Conceptually the Internet is seen as a global phenomenon with global implications however this book develops a way of thinking about the Internet within the limits of geo political categories of nations and provinces The political turmoil in Indonesia provides a unique context in which to understand the specific local and national consequences of a global universal technology **Asian Nationalism in an Age of Globalization** Roy Starrs,2013-10-23 Topics include Government Intervention and Economic Growth in East Asia Agricultural Nationalism in the Age of Globalization Japan s Dominance and Multi Racial Coalitions in Malaysia **Communal Violence and Democratization in Indonesia** Gerry van Klinken,2007-01-24 Through close scrutiny of empirical materials and interviews this book uniquely analyzes all the episodes of long running widespread communal violence that erupted during Indonesia s post New Order transition Indonesia democratised after the long and authoritarian New Order regime ended in May 1998 But the transition was far less peaceful than is often thought It claimed about 10 000 lives in communal ethnic and religious violence and nearly as many as that again in separatist violence in Aceh and East Timor Taking a comprehensive look at the communal violence that arose after the New Order regime this book will be of interest to students of Southeast Asian studies social movements political violence and ethnicity Elections in Asia and the Pacific : A Data Handbook Dieter Nohlen,Florian Grotz,Christof Hartmann,2001-11-15 This two volume work continues the series of election data handbooks published by OUP It presents a first ever compendium of electoral data for all the 62 states in Asia Australia and Oceania from their independence to the present Following the overall structure of the series an initial comparative introduction on elections and electoral systems is followed by chapters on each state of the region Written by knowledgeable and renowned scholars the contributions examine

the evolution of institutional and electoral arrangements and provide systematic surveys of the up to date electoral provisions and their historical development Exhaustive statistics on national elections and referendums are given in each chapter Together with the other books of this series Elections in Asia and the Pacific is a highly reliable resource for historical and cross national comparisons of elections and electoral systems world wide The second volume of Elections in Asia and the Pacific covers the Asia Pacific area i e the 30 independent states of East Asia including Japan South East Asia and the South Pacific including Australia and New Zealand **Governments and Markets in East Asia** Jungug Choi,2007-01-24

Governments and Markets in East Asia examines the relationship between economic performance elite co operation and political regime stability in the context of the Asian crisis and argues that economic crisis is not the cause of greater political harmony or discord but rather that it serves as a catalyst that may encourage elites to cooperate or conflict depending upon the particular circumstances at the time of crisis This book maintains that the political consequences of the Asian crisis varied according to the type of elite that existed in each stricken society Including a comprehensive comparative study of five countries experiences during the economic crisis Indonesia Thailand Malaysia South Korea and the Philippines this book investigates the pre crisis political context and elite configuration of these five countries and considers what lessons can be drawn from their experiences Constituting an impressive body of descriptive and theoretical material on the Asian crisis this book looks towards the implications of economic crisis for elite behaviour and political stability Politics of Human Rights

in Southeast Asia Philip J. Eldridge,2013-01-11 The divide between the West and Southeast Asia seems to be nowhere more apparent than in debates about human rights Within these diverse geographical political and cultural climates human rights seem to have become relative and the quest for absolutes seems unattainable In this new book Philip J Eldridge seeks to question this stalemate He argues that the Association of Southeast Asian Nations inclusion in United Nations human rights treaties could be the common ground that bridges the gap between East and West Eldridge uses topical case studies and primary research from Malaysia Indonesia East Timor and Australia to compare the effectiveness of United Nations human rights directives on local democracies This study presents insightful research into a hotly debated topic As such it will be a thought provoking resource for students of human rights politics and international relations Democratization in

Post-Suharto Indonesia Marco Bunte,Andreas Ufen,2008-08-21 This book gives an overview of the difficult and multilayered process of democratization in Indonesia since the fall of its long term autocratic ruler Suharto **Beyond Free and Fair**

Eric Bjornlund,2004-11-02 Publisher Description **Indonesian Electoral Behaviour** Aris Ananta,Evi Nurvidya Arifin,Leo Suryadinata,2004 In Indonesias plural society ethnicity and religion are often considered as two important independent variables to explain electoral behaviour Many writers have used qualitative methods to relate the performance of political parties in terms of ethnicity and religion This book questions these assumptions by looking at up to date data on the 1999 election and the 2000 population census The authors researchers from the Institute of Southeast Asian Studies in Singapore

statistically examine the strength of the impact of religious and ethnic variables relative to those of socio economic variables education per capita income migration urbanization and poverty on the electoral behaviour of the seven major political parties Their analysis and findings together with detailed population profiles in terms of religion ethnicity and socio economic conditions at the provincial and district levels throws light on not only the 1999 election but also the forthcoming 2004 election and beyond

Rebellion and Reform in Indonesia Michelle Ann Miller, 2008-10-22 This book examines the policies of successive governments in Jakarta to contain regional separatist forces focusing in particular on the response towards the armed separatist movement in Aceh

Scandal and Democracy Mary E. McCoy, 2019-03-15 Successful transitions to enduring democracy are both difficult and rare In *Scandal and Democracy* Mary E McCoy explores how newly democratizing nations can avoid reverting to authoritarian solutions in response to the daunting problems brought about by sudden change The troubled transitions that have derailed democratization in nations worldwide make this problem a major concern for scholars and citizens alike This study of Indonesia's transition from authoritarian rule sheds light on the fragility not just of democratic transitions but of democracy itself and finds that democratization's durability depends to a surprising extent on the role of the media particularly its airing of political scandal and intraelite conflict More broadly *Scandal and Democracy* examines how the media's use of new freedoms can help ward off a slide into pseudodemocracy or a return to authoritarian rule As Indonesia marks the twentieth anniversary of its democratic revolution of 1998 it remains among the world's most resilient new democracies and one of the few successful democratic transitions in the Muslim world McCoy explains the media's central role in this change and corroborates that finding with comparative cases from Mexico Tunisia and South Korea offering counterintuitive insights that help make sense of the success and failure of recent transitions to democracy
