Community Psychiatric Nursing Charles Brooker and Edward White, 2013-12-11 Reflections on Community Psychiatric Nursing Tony Gillam, 2003-09-02 Reflections on Community Psychiatric Nursing provides new insights into many aspects of the CPN s work Written by a practising CPN this is a lively and easy to read introduction to the key debates in community mental health covering issues including professional identity the community and the role of the nurse teaching assessment and clinical supervision good practice and the concept of risk mental health promotion user involvement treatment from medication to psychosocial interventions This text is essential reading for students and those undertaking further training as CPN s In addition practising nurses and other professionals will find it useful in developing their own reflective practice as well as offering a useful overview of an increasingly important area of nursing The Handbook of Community Mental Health Nursing Michael Coffey, Ben Hannigan, 2005-07-25 This handbook brings together authoritative contributions from leading mental health researchers educators and practitioners to provide a comprehensive text for community mental health nurses in training and practice In thirty three chapters it covers a wide range of topics from the history of the profession to current approaches to specific client groups organised around three linked themes professional context practice issues education and research Each chapter includes a summary of key points and suggestions for further reading and also includes useful appendices listing key professional and voluntary organisations journals Internet and mailing lists The handbook reflects the diversity and scope of the role of the CMHN and recognizes the multidisciplinary and service user context in which nurses work It is an essential text for CMHNs and mental health nurse educators and offers a useful source of reference for allied professionals *The Story of Nursing in British Mental Hospitals* Niall McCrae, Peter Nolan, 2016-02-22 From their beginnings as the asylum attendants of the 19th century mental health nurses have come a long

way This comprehensive volume is the first book in over twenty years to explore the history of mental health nursing and during this period the landscape has transformed as the large institutions have been replaced by services in the community McCrae and Nolan examine how the role of mental health nursing has evolved in a social and professional context brought to life by an abundance of anecdotal accounts Moving from the early nineteenth to the end of the twentieth century the book's nine chronologically ordered chapters follow the development from untrained attendants in the pauper lunatic asylums to the professionally qualified nurses of the twentieth century and finally consider the rundown and closure of the mental hospitals from nurses' perspectives Throughout the argument is made that whilst the training organisation and environment of mental health nursing has changed the aim has remained essentially the same to develop a therapeutic relationship with people in distress McCrae and Nolan look forward as well as back and highlight significant messages for the future of mental health care For mental health nursing to be meaningfully directed we must first understand the place from which this field has developed This scholarly but accessible book is aimed at anyone with an interest in mental health or social history and will also act as a useful resource for policy makers managers and mental health workers
