Real Presences:

Real Presences George Steiner, 1986-03-13 Can there be major dimensions of a poem a painting a musical composition created in the absence of God Or is God always a real presence in the arts Steiner passionately argues that a transcendent reality grounds all genuine art and human communication

Real Presences George Steiner, 2013-04-16 Renowned scholar George Steiner explores the power and presence of the unseen in art It takes someone of his stature to tackle this theme head on The New York Times There is a philosophical school of thought that believes the presence of God in art literature and music in creativity in general is a vacant metaphor an eroded figure of speech a ghost in humanity s common parlance George Steiner posits the opposite that any coherent understanding of language and art any capacity to communicate meaning and feeling is premised on God In doing so he argues against the kind of criticism that obscures instead of elucidates meaning From the power of language to vital philosophical tenets **Real Presences** examines the role of meaning and of the spiritual in art throughout history and across cultures

Real Presence Nathan D. Mitchell, 2025-10-01 This third edition of the late Nathan D Mitchell s seminal work brings his historical scholarship on Eucharistic practices into dialogue with twentieth century Eucharistic theology His reflections on the transformative power of the Eucharist remain essential for parish life and for how Sunday Mass is celebrated today

Real Presence Michael Hickey, 2025-09-04 Christ s real presence is manifested not only in the Eucharist but also in all aspects and subsections throughout humanity the author engages with many of these manifestations devoting an entire chapter to the exploration of each Any books written on the subject of Real Presence thus far have confined the writing to be strictly writing about the real presence of God Christ in the Eucharist which confines itself mostly to a discussion among Catholics who are the principal Christian church which believes in Christ s real presence in the Eucharist This book differs for several reasons First the author writes about the real presence of Jesus Christ not only in the Eucharist but also in the poor and lowly in children in the suffering in creation in the stranger and the prisoner in the neighbor and the family in the Word of God in the Bible in the church community etc Each area is examined through an entire chapter devoted to it This broadens the scope of God s real presence in the world as God is continually revealing Godself to humanity in many other ways than only the Eucharist Because Christ is revealing Himself through the power and presence of the Holy Spirit within us each moment can be seen as a Sacrament of the present moment The book continues to discuss the principle of sacramentality and how each moment we are alive on this earth is a sacramental moment involving more than we can be mortally aware of This moment is not only a moment in time but a reflection of the timelessness of all of eternity Christ continues to reveal his presence to us not only through the Eucharistic Banquet but Christ attempts to encounter us with his presence throughout all created reality Because Christians believe in faith that after the crucifixion death and resurrection of Jesus the Holy Spirit of Jesus Christ we received in Baptism is in us as the Body of Christ Because the resurrected Christ is now the universal Christ throughout all of creation the entire

universe has become Christocentric Therefore all created reality now being imbued with the presence of Christ at its center can prove to be a potential encounter with the REAL PRESENCE of Christ a greater interest not only to Catholics but because of its universality to Christians of all denominations *The Real Presence* George Anthony Denison,1853

Exploring the Belief in the Real Presence David J. Keys, PhD,2015-03-12 The Eucharistic celebration is an ancient ritual originating almost 2000 years ago It took place during the last Passover supper Jesus had with his apostles on the day before he died At that time Jesus took bread blessed it broke it and gave it to the apostles saying This is my body Subsequently Jesus took the wine gave thanks and gave it to the apostles saying This is my blood Jesus commanded the apostles to Do this in memory of me Currently the religions of more than three fourths of the worlds Christians believe that when these same words are said during their faiths Eucharistic liturgy the bread and wine turn into the real presence of Jesus Christ that is into the body blood soul and divinity of Jesus Christ In addition many individuals belonging to those religions which believe in the real presence have little understanding of the basis for this ancient belief In Exploring the Belief in the Real Presence author Dr David J Keys provides an understanding of the real presence in the Eucharist for both newcomers to the principle and for those who wish to extend their belief to a deeper level Through scripture and documentation Keys shares the beauty and richness of this ancient teaching concerning the real presence of Jesus in the Eucharist Doctrine of the Real Presence John Harrison,2023-03-28 Reprint of the original first published in 1871 The publishing house Anatiposi publishes historical books as reprints Due to their age these books may have missing pages or inferior quality Our aim is to preserve these books and make them available to the public so that they do not get lost **The Real Presence ... Deus justificatus. Of the real presence of Christ in the Holy

Sacrament Jeremy Taylor, Reginald Heber, 1839 **The Real Presence of Christ in the Liturgy and in the World** Anne Y. Koester, 2024-02-06 Often when we think of Christ's presence in the liturgy we think of his risen presence in the sacrament of the Eucharist. Sacrosanctum concilium, the first document of the Second Vatican Council, presents the fourfold presence of Christ in the liturgy as well as in the Body of Christ, the Church. This resource explores these modes of Christ's presence and calls us to deepen our understanding and experience of how Christ is present to us both in the liturgy and in the world. With biblical and theological foundations, it provides an opportunity for Catholics to engage with the symbols of the liturgy so as to deepen their relationship with God and with each other.
