Real War The Classic Reporting On The Vietnam War:

The Real War Jonathan Schell, 1988-01-12 Jonathan Schell's extraordinary on the scene writing about Vietnam has stood the test of time in our continuing attempt to understand how and why the United States went to war and how and why it lost. In *The Village of Ben Suc* written with skill that many a veteran reporter will envy New York Times Schell recounts how American forces destroyed a village caught up in the largest American military operation of the war he flies into Ben Suc in the attack helicopters follows the assault on the village and describes the fate of the villages after they have been taken to refugee camps. In *Military Half* Schell describes the destruction of two entire provinces in South Vietnam by American bombing and ground operations he flies in the air control planes that guide the bombing and provides firsthand accounts of the runs and their results. In *Real War* Schell offers a personal look back at the war he reported decades before. *The Real War* is without equal in recreating the sights the sounds and the feel of Vietnam. If years from now Americans are willing to read any books about the war let them be *The Village of Ben Suc* and *The Military Half* by Jonathan Schell. They tell everything. Gloria Emerson

The Real War Jonathan Schell, 1989 *The Vietnam War* David L. Anderson, 2017-03-22 The Vietnam War endured for thirty years cost billions of dollars and resulted in thousands of Vietnamese French and American deaths. Massive American military intervention in Vietnam embroiled America in protests placed enormous strains on the western alliance and altered U.S. relations with the Soviet Union and China. David L. Anderson's concise overview critiques U.S. errors in magnifying the strategic importance of South East Asia in the Cold War and in underestimating the strength of the Vietnamese communist movement.

"There It Is": Narratives of the Vietnam War Tom Burns, 2021-09-06 This book provides a critical survey of the literature on the Vietnam War and is intended both for academic and general readers. Earlier works of this kind constantly recycled criticism of a half dozen of the same works. In this study the aim was to discuss a much greater number of works including a few that have never been discussed. To appeal to non academic readers Lit Crit jargon was kept to a minimum and parallels with earlier works of war literature especially those of the two world wars were established.

Supplement to Vietnam 1964-1973 Elwood L. White, 2005 This bibliography is a supplement to the Special Bibliography Series Number 80 compiled in 1990 to support the 14th Military History Symposium. It is primarily intended as a listing of scholarly works completed since 1990 on the Vietnam War although some works prior to that date are included. The bibliography is selected from the holdings on that war housed in the McDermott library United States Air Force Academy and includes books journal articles government publications and technical reports Newspaper articles works of fiction collections of poetry and most personal narratives are not included. The Clark Special Collections Branch of the library has extensive primary source materials and artifacts focused on American POW experiences in Southeast Asia. Those items are also excluded from this bibliography since they are limited to in house use only. Individuals wanting information about that collection should contact the Special Collections Curator and Academy Archivist.

Vietnam and America Marvin E.

Gettleman,1995 No single event since World War II has marked this country s foreign policy and national image as deeply as did the war in Vietnam Vietnam and America is a complete history of the war as documented in essays by leading experts and in original source material With generous selections from the documentary records the book dispels distortions and illuminates in depth the many facets of the war from Vietnam s history before the war to Washington s insider policy making to troop perspectives to the impact back on the home front In essays introducing each major stage of the war the editors elucidate the issues foreign policy choices and consequences of U S involvement Substantial headnotes put each document in historical perspective This comprehensive anthology is an invaluable reference for anyone who wants to understand the Vietnam War *Atrocity and American Military Justice in Southeast Asia* Louise Barnett,2010-01-21 Using individual

judicial proceedings held within war time Southeast Asia this book analyses how the American military legal system handled crimes against civilians and determines what these cases reveal about the way that war produces atrocity against civilians

Bombing Civilians Marilyn Blatt Young,2009 From the Publisher A groundbreaking historical analysis of indiscriminate bombing from the advent of aircraft to the present war in Iraq *Hollywood's Imperial Wars* Armando José Prats,2024-04-16 When the Vietnam War punctured the myth of American military invincibility Hollywood needed a new kind of war movie The familiar triumphal narrative was relegated to history and with it the heroic legacy that had passed from one generation to the next for more than two hundred years How Hollywood helped create and instill the American myth of heroic continuity and how films revised that myth after the Vietnam War is what Armando Jos Prats explores in Hollywood s Imperial Wars The book offers a new way of understanding the cultural and historical significance of Vietnam in relation to Hollywood s earlier representations of Americans at war from the mythic heroism of a film like *Sands of Iwo Jima* to the rupture of that myth in films such as *The Deer Hunter* *Apocalypse Now* and *Platoon* As early as the mid 1940s Prats suggests fears aroused by the Cold War were stirring anxieties about sustaining the heroic myth anxieties reflected in the insistent aggressive patriotism in films of the period In this context Prats considers the immeasurable cultural importance of John Wayne the cinematic apotheosis of wartime valor and righteousness whose patriotism was nonetheless deeply compromised by his not having served in World War II Prats reveals how historical and cultural anxieties emerge in well known Vietnam movies in which characters inspired by the heroes of the Second World War are denied the heroic legacy of their fathers American war movies in Prats s analysis were forever altered by the loss in Vietnam Even movies like *American Sniper* that exalt war heroes are marked as much by the failure of the heroic tropes of old Hollywood war movies as by the tragic turn of actual historical events Tracing what Prats calls the anxiety of legacy through the films of the World War II and post Vietnam War periods this book offers a new way of looking at both the Hollywood war movie and the profound cultural shifts it reflects and refracts *Special Bibliography Series* ,1957 **The Columbia Guide to the Vietnam War** David L. Anderson,2002 The Vietnam War remains a major point of reference in discussions of U S foreign policy and national character The lessons and

legacies of the most divisive event in U S history in the twentieth century are hotly debated to this day Written by a renowned scholar of the conflict The Columbia Guide to the Vietnam War provides students and researchers with the materials to think seriously about the conflict s many paradoxes and ramifications **Grunts** Kyle Longley, Jacqueline Whitt, 2020-05-17 Now in its second edition Grunts The American Combat Soldier in Vietnam provides a fresh approach to understanding the American combat soldier s experience in Vietnam by focusing on the day to day experiences of front line troops The book delves into the Vietnam combat soldier s experience from the decision to join the army life in training and combat and readjusting to civilian life with memories of war By utilizing letters oral histories and memoirs of actual veterans Kyle Longley and Jacqueline Whitt offer a powerful insight into the minds and lives of the 870 000 grunts who endured the controversial war Important topics such as class race and gender are examined enabling students to better analyze the social dynamics during this divisive period of American history In addition to an updated introduction and epilogue the new edition includes expanded sections on military chaplains medics and the moral injury of war A new timeline provides details of major events leading up to during and after the war A truly comprehensive picture of the Vietnam experience for soldiers this volume is a valuable and unique addition to military history courses and classes on the Vietnam War and 1960s America

Facing My Lai David L. Anderson, 1998 But these questions are asked again in the hope that they might lead to a better understanding of what My Lai means for us now **My Lai** NA NA, 2016-04-30 This volume introduces students to the most controversial incident of the Vietnam War the My Lai massacre when almost 400 Vietnamese civilians were killed in four hours The authors discuss the ramifications of the cover up and the ensuing investigations for the American public policymakers the anti War movement and the soldiers involved They examine the causes of the massacre and the issues of culpability and human rights The narrative is built around 70 primary documents drawn mainly from testimony and reports from the government enquiry into the outrage **The Abu Ghraib Effect** Stephen Eisenman, 2007-04-25 Skillfully weaving together visual theory history philosophy and current events Stephen Eisenman probe the iconic images from the detention center at Abu Ghraib *Massacres and Morality* Alex J. Bellamy, 2012-09-27 Most cultural and legal codes agree that the intentional killing of civilians whether in peacetime or war is prohibited Yet despite this fact the deliberate killing of large numbers of civilians remains a persistent feature of global political life *A Shared Authority* Michael Frisch, 1990-01-01 A collection of 13 previously published essays by Frisch American studies SUNY Among them are general reflections on oral history collective memory and American culture and history detailed studies of specific issues in documentary work and considerations of public history and programming Examples used include the unemployed Chinese students and the television history of the Vietnam War No index Paper edition unseen 17 95 Annotation copyrighted by Book News Inc Portland OR *The Ethnography of Vietnam's Central Highlanders* Oscar Salemink, 2019-10-18 This book looks at ethnographic discourses concerning the indigenous population of Vietnam s Central Highlands during periods of

christianization colonization war and socialist transformation and analyses these in their relation to tribal ethnic territorial governmental and gendered discourses Salemink's book is a timely contribution to anthropological knowledge as the ethnic minorities in Vietnam have again been the object of fierce academic debate This is a historically grounded post colonial critique relevant to theories of ethnicity and the history of anthropology and will be of interest to graduate students of anthropology and cultural studies as well as Vietnam studies American Western Stephen McVeigh, 2007-02-14 This wide ranging book illuminates the importance of the Western in American history It explores the interconnections between the Western in both literature and film and the United States in the 20th century Structured chronologically the book traces the evolution of the Western as a uniquely American form The author argues that America's frontier past was quickly transformed into a set of symbols and myths an American meta narrative that came to underpin much of the American century He details how and why this process occurred the form and function of Western myths and symbols the evolution of this mythology and its subversions and reconstructions throughout 20th century American history The book engages with the full range of historical literary and cinematic perspectives and texts from the founding Western histories of Theodore Roosevelt and Frederick Jackson Turner to the New Western history of Patricia Nelson Limerick and Richard White

Locating Memory Annette Kuhn, Kirsten Emiko McAllister, 2006 Paying close attention to the setting in which photographs are made and used the contributors consider how meanings in photographs from historical inquiry to quests for identity may be shifted challenged and renewed over time and for different purposes

Unveiling the Magic of Words: A Review of "**Real War The Classic Reporting On The Vietnam War**"

In a global defined by information and interconnectivity, the enchanting power of words has acquired unparalleled significance.
