Realism and Romance and Other Essays Andrew Lang, University of St. Andrews. Library. Lang Collection, *Language, Science and Popular Fiction in the Victorian Fin-de-Siècle* Christine Ferguson, 2017-03-02 Christine Ferguson's timely study is the first comprehensive examination of the importance of language in forming a crucial nexus among popular fiction biology and philology at the Victorian fin de siècle Focusing on a variety of literary and non literary texts the book maps out the dialogue between the Victorian life and social sciences most involved in the study of language and the literary genre frequently indicted for causing linguistic corruption and debasement popular fiction Ferguson demonstrates how Darwinian biological philological and anthropological accounts of primitive and animal language were co-opted into wider cultural debates about the apparent brutality of popular fiction and shows how popular novelists such as Marie Corelli Grant Allen H G Wells H Rider Haggard and Bram Stoker used their fantastic narratives to radically reformulate the relationships among language thought and progress that underwrote much of the contemporary prejudice against mass literary taste In its alignment of scientific cultural and popular discourses of human language *Language Science and Popular Fiction in the Victorian Fin de Siècle* stands as a corrective to assessments of best selling fiction's intellectual ideological and aesthetic simplicity

Scheick, 2014-10-14 The romance genre was a popular literary form among writers and readers in the nineteenth and early twentieth centuries but since then it has often been dismissed as juvenile unmodern improper or subversive In this study William J Scheick seeks to recover the place of romance in fin de siècle England and America to distinguish among its subgenres of eventuary aesthetic and ethical romance and to reinstate ethical romance as a major mode of artistic expression Scheick argues that the narrative maneuvers of ethical romance dissolve the boundary between fiction and fact In contrast to eventuary romances which offer easily consumed entertainment or aesthetic romances which urge upon readers a passive appreciation of a wondrous work of art ethical romances potentially disorient and reorient their readers concerning some metaphysical insight hidden within the commonplace They prompt readers to question what is real and what is true and to ponder the wonder of life and the text of the self there to detect what the reader might do in the art of his or her own life The authors whose works Scheick discusses are Nathaniel Hawthorne H Rider Haggard Henry James C J Cutcliffe Hyne H G Wells John Kendrick Bangs Gilbert K Chesterton Richard Harding Davis Stephen Crane Mary Austin Jack London Robert Louis Stevenson Mary Cholmondeley and Rudyard Kipling This wide selection expands the canon to include writers and

Report of the Committee on Supplementary Reading Based on the Required Texts New York City Association of Teachers of English,1920 **Faulkner's Media Romance** Julian Murphet,2017-07-13 This book treats William Faulkner s major fiction from *Flags in the Dust* through to *Absalom Absalom* to a searching reappraisal under the spotlight of a media historical inquiry It proposes that Faulkner s inveterate attraction to the paradigms of romance was disciplined and masked by the recurrent use of metaphorical figures borrowed from the new media ecology Faulkner dressed up his romance materials in the technological garb of radio gramophony photography and cinema along with the transportational networks of road and air that were being installed in the 1920s His modernism emerges from a fraught but productive interplay between his anachronistic predilection for chivalric chich s and his extraordinarily knowledgeable interest in the most up to date media institutions and forms Rather than see Faulkner as a divided author who worked for money in the magazines and studios while producing his serious fiction in despite of their symbolic economies this study demonstrates how profoundly his mature art was shot through with the figures and dynamics of the materials he publicly repudiated The result is a richer and more nuanced understanding of the dialectics of his art Saturday Review of Politics, Literature, Science and Art ,1898
