Realist Fantasy:

Realist Fantasy Paul Coates, 1983-12-15 The Victorian Novel Dreams of the Real Audrey Jaffe, 2016-03-08 Critical discussions of the Victorian realist novel tend to focus on its vivid representations of everyday life The Victorian Novel Dreams of the Real proposes that the genre is founded in desire moving the novels not towards a shared reality but rather toward distinct fantasies dreams of the real Rather than simply redefine Victorian realism or propose a new canon for it The Victorian Novel Dreams of the Real argues that the real is inevitably for the Victorian realist novel an object of desire what the novel seeks to capture and represent A novel's construction of the real is therefore inseparable from its fantasy of the real a formulation Audrey Jaffe refers to as realist fantasy One way in which this simultaneity manifests itself is that the conventions novels frequently use to represent characters dreams daydreams and fantasies overlap with those each novel uses to create its realist effects In new readings of Victorian novels including Eliot's Adam Bede Dickens's Oliver Twist Hardy's The Mayor of Casterbridge and The Return of the Native Trollope's Orley Farm and Wilkie Collins's Armadale The Victorian Novel Dreams of the Real demonstrates that one of the signal effects of this overlapping is Victorian realism's construction of the real as an object of readerly desire Jaffe shows that realism and fantasy in the Victorian realist novel are not opposed but rather occupy the same space and are shaped by the same conventions Revisiting and reconsidering key elements of realist novel theory including metonymy the insignificant detail character interiority the representation of everyday life and the idea of disillusionment The Victorian Novel Dreams of the Real also uncovers and anatomizes representational strategies unique to each text Fantasy Land Paul Timothy Jensen, Sean Benson, 2022-05-13 In Fantasy Land Jensen and Benson provide a rigorous analysis of how anti realism the belief that reality is merely a social construct has corroded American culture institutions and discourse From Supreme Court decisions redefining marriage to controversial cases of cancel culture the authors demonstrate how the rejection of objective reality leads to harmful consequences for individuals and society The book examines several key manifestations of anti realism the persecution of those who hold traditional views on marriage and sexuality the weaponization of terms like homophobia to silence dissent the misapplication of scientific concepts to moral questions and media distortions that create false narratives Using case studies ranging from the soccer player Jaelene Hinkle to baker Jack Phillips the authors reveal how anti realism transforms disagreement into hatred and turns reasonable people into pariahs With philosophical rigor and cultural insight Jensen and Benson trace the roots of anti realism to Immanuel Kant and show how it has evolved into a dominant worldview with real world consequences The book concludes with a hopeful call for readers to embrace realism as the only sound basis for human flourishing and civil discourse Fantasy Land is an essential read for anyone seeking to understand the philosophical underpinnings of today's cultural divides and a compelling case for returning to objective reality as the foundation for a healthy society If you enjoyed The Coddling of the American Mind The Madness of Crowds and Life at the Bottom you'll love Fantasy Land The War on Objectivity in American Culture **Comedy,**

Matthew J. Smith, Caleb D. Spencer, 2022-01-13 This book challenges the status quo of studies in literature and religion by returning to experience as a bridge between theory and practice Essays focus on keywords of religious experience and demonstrate their applications in drama fiction and poetry Each chapter explores the broad significance of its keyword as a category of psychological and social behavior and tracks its unique articulation by individual authors including Conrad Beecher Stowe and Melville Together the chapters construct a critical foundation for studying literature not only from the perspectives of theology and historicism but from the ways that literary experience reflects reinforces and sometimes challenges religious experience

Strangers and the Enchantment of Space in Victorian Fiction, 1830-1865 Kristen Pond, 2023-10-20 Tracing the origins of how we think about strangers to the Victorian period Strangers and the Enchantment of Space in Victorian Fiction 1830 1865 explores the vital role strangers had in shaping social relations during the cultural transformations of the Industrial Revolution transportation technologies and globalization While studies of nineteenth century Britain tend to trace the rise of an aloof cosmopolitanism and distancing narrative strategies this volume calls attention to the personalizing impulse in nineteenth century literary form investigating the deeply personal reflections on individual and national identities In her book Dr Pond leads the reader through homes of the urban poor wandering the Great Exhibition in the Crystal Palace loitering in suburban neighborhoods riding the railway and touring a country estate Readers will experience how the ordinary can be enchanting and how the mundane can be unexpected discovering a new way of thinking about strangers and their influence on our lives Through an examination of the short and long fictional forms of Martineau Dickens Bront Gaskell and Braddon this study locates the figure of the stranger as a powerful topos in the story of Victorian literature and the ethics of social relations This book will be ideal for those seeking to understand the dynamics of the stranger in Victorian fiction as a figure for understanding the changing dynamics of social relations in England in the early nineteenth century

Politics in Fantasy Media Gerold Sedlmayr, Nicole Waller, 2014-10-21 Fantasy is often condemned as escapist unsophisticated and superficial This collection of new essays puts such easy dismissals to the test by examining the ways in which Fantasy narratives present diverse politically relevant discourses gender race religion or consumerism and thereby serve as indicators of their real world contexts Through their depiction of other worlds allegedly disconnected from our own these texts are able to actualize political attitudes Instead of categorizing Fantasy either as conservative or progressive the essays suggest that its generic peculiarity allows the emergence of productive forms of

oscillation between these extremes Covered are J R R Tolkien s The Lord of the Rings George R R Martin s A Song of Ice and Fire sequence J K Rowling s Harry Potter novels the vampire TV series True Blood and the dystopian computer game Fallout

3 **Fantasy** Brian Attebery,2022 Fantasy has become a dominant mode of storytelling and it mirrors our experiences and anxieties better than any representation of the merely real This book poses two central questions about fantastic storytelling how can it be meaningful if it doesn t claim to represent things as they are and what kind of change can it make in the world

Constructing Adolescence in Fantastic Realism Alison Waller, 2010-12-22 Constructing Adolescence in Fantastic Realism examines those fundamental themes which inform our understanding of the teenager themes that emerge in both literary and cultural contexts Models of adolescence do not arise solely from discourses of psychology sociology and education Rather these models frameworks including developmentalism identity formation social agency and subjectivity in cultural space can also be found represented symbolically in fantastic tropes such as metamorphosis time slip hauntings doppelgangers invisibility magic gifts and witchcraft These are the incredible supernatural and magical elements that invade the everyday and diurnal world of fantastic realism In this original study Alison Waller proposes a new critical term to categorize a popular and established genre in literature for teenagers young adult fantastic realism Though fantastic realism plays a crucial part in the short history of young adult literature up until now this genre has typically been overlooked or subsumed into the wider class of fantasy Touching on well known authors including Robert Cormier Melvin Burgess Gillian Cross Margaret Mahy K M Peyton and Robert Westall as well as previously unexamined writers Waller explores the themes and ideological perspectives embedded in fantastic realist novels in order to ask whether parallel realities and fantastic identities produce forms of adolescence that are dynamic and subversive One of the first studies to deal with late twentieth century fantastic literature for young adults this book makes a valuable contribution to our understanding of adult attitudes toward adolescent identity

In Defence of Realism Raymond Tallis, 1998-01-01 In Defence of Realism is a powerful indictment of the fog of bad philosophy and worse linguistics that has shrouded much contemporary literary theory and criticism Raymond Tallis one of the most important critics of post Saussurean literary theory in the English speaking world examines the reasons often cited by critics and theorists for believing that realism in fiction is impossible and verisimilitude a mere literary effect He clearly demonstrates not only that the arguments of critics hostile to realism are invalid but that even if they were sound they would apply equally to anti realist fiction indeed to all intelligible discourse

Enjoyment and

Submission in Modern Fantasy Mihnea Panu, 2016-11-03 This book reveals the workings of the bourgeois passion for submission in a variety of contemporary contexts By re-introducing the concept bourgeois as an analytical term and describing this contemporary subject as a psychic economy rather than just as a social class Panu shows the intractability of contemporary forms of enjoyment and neoliberalism's periodic outbursts of aggressiveness to be connected by a recurrent circuit of trauma and anxiety originating in the bourgeois subject's difficult relationship with symbolic authority So far most anticapitalist and decolonial struggles in the West have been hesitant when engaging with the issue of bourgeois enjoyment as the main source of capitalism's resilience This exciting new work draws on an extensive range of theorists such as Butler Copjec Žižek and Župancić to emphasise the importance of psychological mechanisms irreducible to rationality or knowledge such as desire enjoyment and the obscure nature of selfhood in the reiteration of the current capitalist reality Scientific Realism Jarrett Leplin, 2023-04-28 This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer-reviewed scholarship accessible once again using print on demand technology This title was originally published in 1984 **Fear and Fantasy in a Global World**, 2015-09-01 At a time when the mass media insist on bombarding us with news about natural political and economic disasters words ideas and images associated with such crises and catastrophes shape to a great extent collective memory and current imagination *Fear and Fantasy in a Global World* seeks to stir the debate on the processes and meanings of as well as on the relations between fear and fantasy in the globalized world Collective fears and fantasies are analysed from a number of cross-disciplinary perspectives promoted by the epistemological underpinnings of comparative literature In various ways and from different disciplinary angles the 17 essays here gathered respond to and scrutinize key questions related to the imaginaries of fear and fantasy as well as their relations to trauma crisis anxiety and representations of both the conscious and the unconscious Contributors Alexandra Hills Ana Filipa Prata Brecht de Groote Christin Grunert Christopher Bollas Daniela Di Pasquale David Vichnar Edith Beltrán Gero Gutzzeit Hande Gurses Harriet Hulme James Rushing Daniel João Pedro da Costa Margarita García Candeira Marija Sruk Martijn Boven and Ortwin de Graef **Fantasy** Jacqueline Furby, Claire Hines, 2011-09-02 This book considers fantasy film and its relationship to myth legend and fairytale examining its important role in contemporary culture It provides an historical overview of the genre and its evolution contextualising each fantasy film within its socio-cultural period and with reference to relevant critical theory Gender, Fantasy, and Realism in American Literature Alfred Habegger, 1982 In this study of the 19th century American novel the author demonstrates the imaginative continuity between sentimental and realistic fiction and sets out to establish that realism is the central and preeminent literary type in America a mode grounded in the tradition of women's popular fiction which shaped the nation's reading habits in the mid 19th century He examines this feminine literature with its common technique of symbolizing deeper social conflicts through patterns of

courtship marriage and gender roles. It contends that Howells and James owe much of their fictional domain to the often disparaged household dramas of these female precursors. A Certain Realism Maurizio Viano, 1993-07-15 Superb In its careful handling of the biographical and the autobiographical, the factual and the speculative, this book will become a model for how studies of individual directors should be done in the future. Peter Brunette, author of *Roberto Rossellini*
