## **Really Big Cats:**

Really Big Cats Allan Fowler, 1998 An introduction to the habits and habitats of lions tigers leopards and jaguars *Big Cats, Little Cats* Jim Medway, 2018-09 This illustrated children's book brings together every domestic cat breed in the world alongside coloured drawings of rare wild cats and the well known big cats It is divided into double page spreads The book features cat breeds from North America Europe Asia and the Rest of the World the second half is devoted to the wild cats of the world both the rarer small species and the large cats of Africa North and South America and Asia the Tiger Lion Leopard Cheetah and Jaguar The book also features both a charming kitten identifier and a cub identifier And an extensive cat index gives the reader fun facts about every breed and species featured This is a great new reference guide for all the family that will make your little children cat experts **Wild Cats** Stacy Tornio, 2017-12-15 From animals that look like small dragons to those that shed their skin and transform into fairy like insects explore the fun and fascinating world of the creatures that live around us with the Amazing Animals series This book explores big cats including lions tigers and many more ferocious felines It contains fun facts quizzes games and color photographs throughout **99 Jumpstarts for Kids** Peggy Whitley, Susan Williams Goodwin, 2003-09-30 Similar to the previous 99 Jumpstarts to Research but designed for younger students this book helps teachers and librarians to teach basic research and information literacy skills to children To help them master the research process and narrow the limitless array of sources available on commonly researched topics in elementary and middle schools students are taught a basic note taking process and given specific source ideas and subject headings for each topic discussed This book will be an invaluable tool to help school librarians and teachers broach the difficult task of beginning to teach the research process Grades 3-8 *Win* Vera Nazarian, 2017-07-12 The Games are Forever It's one thing to Qualify and Compete Now she must Win Gwen Lark nerd geek and awkward smart girl is among the lucky ones She's one of several million teenage refugees to escape the extinction level asteroid barreling towards Earth and reach the ancient colony planet of Atlantis But Atlantis is a strange new world with higher gravity and a blazing white sun where nothing is as expected The new arrivals from Earth will now belong to the majority class of non citizens who face a lifetime of hard work and limited rights To make matters worse Gwen's rare and powerful talent her Logos voice is viewed as a potential weapon to be exploited by the Emperor as well as a threat to the Kassiopei Imperial Dynasty and its uncompromising control over the people of Atlantis A last minute heartbreak prior to arrival turns to joy when Gwen receives a declaration of love from an unexpected source The Wedding date is set but before she can be joined with her true love she is forced to compete in the brutal and deadly Games of the Atlantis Grail to save herself her family friends and everything she cares about Once again her intelligence quick thinking skills resilience and creativity are challenged to the breaking point The Games are monumental intricate lethal and the Games are Forever This time Gwen must fight and figure her way through the most difficult and sophisticated contest she has ever faced Terrifying Ordeals and impossible Challenges ruthless

skilled Competitors vicious secret assassins and dubious teammates she must work with but cannot trust are just the beginning Meanwhile as the Games rage the fate of two worlds is at stake as a new alien threat looms over Earth and Atlantis But Gwen Lark has a secret weapon of her own It s not her Logos voice and its untapped power to control orichalcum technology and perpetuate change It is Gwen herself WIN is the third book in The Atlantis Grail series [Why Big Fierce Animals are Rare](#) Paul Colinvaux,1979-11-21 Here is one of the most provocative wide ranging and delightful books ever written about our environment Paul Colinvaux takes a penetrating look at the science of ecology bringing to his subject both profound knowledge and an enthusiasm that will encourage a greater understanding of the environment and of the efforts of those who seek to preserve it **Field Guide to Drawing & Sketching Animals** Tim Pond,2019-01-02 Artist Tim Pond s lively and engaging book fuses science with art providing the reader with the skills techniques and knowledge they need to create sketches of animals filled with life and movement There are some very good books written on life drawing yet when it comes to drawing wildlife illustrators and artists often revert to working solely from photographs which can leave the artwork looking lifeless and flat In this inspirational book artist Tim Pond shows you how to observe and draw animals in zoos farms wildlife parks and aquariums teaching you some fascinating facts about the animals along the way and ultimately bringing you closer to nature One of the challenges with sketching wildlife is that animals are constantly moving However by having some basic understanding of the biology of an animal such as knowing that a duck has a cheek or that a cheetah can t retract its claws can influence how you might sketch them and results in a lively drawing that captures the form movement and ultimately the spirit of the animal in question Combining scientific knowledge with expert practical guidance is key to creating successful drawings of animals and Tim s ability to convey this in a way that is both accessible and engaging makes this a unique and inspiring guide suitable for artists of all levels Tim s book takes you on a journey of discovery that will enable you to develop the skills techniques and knowledge you need to sketch a broad range of wildlife encompassing mammals reptiles birds fish and insects It includes quick gestural sketches as well as linear and tonal studies in a variety of media pencil pen and ink and watercolour There are numerous studies comprising how to represent the different patterns of animals coats how to capture the plumage of an exotic bird in watercolour and how to sketch a hippo s hooves as well as guidance on tools materials and basic techniques The result is a treasure chest of fascinating facts studies sketches and annotated drawings that will not fail to ignite your enthusiasm for drawing animals from life **How Much Does Your Head Weigh?** Marg Meikle,2010-08 Former CBC Radio host Marg Meikle s three humorous but fact filled books You Asked for It Funny You Should Ask and Ask Me Anything are now available in an omnibus bindup at a sensational price The award winning books are included in their entirety along with over 140 illustrations Here are the answers to all the questions that hundreds of kids asked her questions that would likely stump most adults Half the fun of reading the answers is the off on a tangent with more facts approach that Marg is famous for using Among the hundreds of trivia questions answered are Why is

13 unlucky Why don't tattoos come off Do twins have the same DNA Why is it called a funny bone What did we use before toilet paper Do animals dream Why can't you tickle yourself Over 300 wacky but informative answers fill the pages grouped under themes of Customs Holidays Superstitions Food The Opposite Sex and more **American Drive** Richard E.

Dauch, Hank H. Cox, 2012-09-18 Politicians voters executives and employees all want the answer to one question How can America compete with cheap foreign labor and restore skilled well paying jobs to our economy American Drive answers that question An executive with nearly thirty years in the trenches of the hard nosed Detroit automobile industry Richard E. Dick Dauch had long dreamed of running his own manufacturing company From his first job on the plant floor at General Motors to his crucial role in helping to rescue Chrysler from the brink of bankruptcy Dauch focused passionately and relentlessly on quality productivity and flexibility in manufacturing In 1993 he took on the challenge of his life buying a lagging axle supply and parts business from GM along with five rusting unprofitable union controlled near decrepit plants in the heart of a crime ridden Detroit and a deteriorating environment in Buffalo New York The newly created stand alone company was named American Axle and Manufacturing Dauch set out to create a world class industrial automotive manufacturer He bought and bulldozed the crack liquor and prostitution businesses that surrounded the company and rebuilt the plants He upward educated trained and expanded the skill sets of the workforce struck tough bargains with unions and solved massive quality problems that were costing tens of millions every year and undermining customer satisfaction Within one year of opening the doors AAM had turned an astounding 66 million in profit In American Drive Dauch narrates the story of AAM against the backdrop of his nearly fifty years in the auto industry from its glory days to its decline in the face of foreign competition government bailouts battles with unions and the recent Great Recession Tough smart inspiring high energy and opinionated Dauch offers memorable lessons on leadership advanced product technology communication negotiation and making profits in the most difficult times Dauch's story transcends the auto industry and draws a blueprint for job creation manufacturing competitiveness economic growth and excellence in America *Unleashed* Katie Macalister, 2011-09-06 A novella set in

New York Times bestselling author Katie's MacAlister's Dark Ones series Meet Jacintha Ferreira kitty whisperer Or at least that's what the guys around the Washington State Game and Wildlife office call Jas Her skills with bigger cats than are normally found left on the back doorstep of the Cupid Cats Animal Shelter are put to the test when she encounters a sexy Dark One shape shifter who has no idea how he became a really big kitty but he does know a Beloved when he sees one

*Dogs and Cats* Steve Jenkins, 2007-05-14 Are you a cat lover A dog person Either way this book is for you Read about how your favorite companion came to be a pet and how its body works Then flip the book over and find out about the other kind Once again Steve Jenkins takes children's nonfiction to a new level Here is an amazing book filled with great information visual facts and lots of animal history The illustrations are so incredibly realistic you'll want to pet them *The Story of the Real Sad Sack* Irving Risch, 2016-03-21 In 1957 there was a movie out called Sad Sack It was a very funny movie with Jerry

Lewis who plays Private Meredith Bixby a soldier who couldn't do anything right Then in 1959 he starred in another movie called Don't Give Up the Ship where he manages to lose a ship I recommend you watch both these movies if you want a good belly laugh I also tell you about them because what you are about to read is the true story of the real Sad Sack You might be asking how do I know this Well it is because I lived it Now that I look back on it I can see the humor in it but at the time it was happening I wasn't laughing You might be thinking from the subtitle of this book that this is going to be a story about someone marooned on a little island in the middle of nowhere and how they survived If you did you were wrong But just like the subtitle says part of this story is about living on a remote island in the south Pacific It was south of Japan and part of Japan's Ogasawara Islands chain Even though this island was only 5 miles long and 2 1/2 miles wide it was a very important island and it played a very key role in WWII I know you can get a lot of information about this island on the Internet but in this book I am going to give you some first hand information because I spent 10 1/2 months on this island and during this time a lot happen in my life some funny and some things not so funny The name of this island if you have not guessed it by now is Iwo Jima This island had a nickname It's called The Black Pearl of the Pacific The name came from the fact that all the beaches around the island were black and this was because of the volcanic ash that was mixed with the sand and gave it the black color Yes this was a volcanic island because of the volcanic mountain on the far end of the island What made Iwo so important was its location and the layout of the island that made a perfect landing field for aircraft during the war Now besides all the history of this Island I will tell you what happen when I drove a bus off the top of Mount Suribachi and when I backed a forty foot lowboy into the side of a C124 aircraft and a few other stories like when everyone on the island got ptomaine poisoning except for two people and How we caught a great white shark with a truck Like I said even though I was only on the island 10 1/2 months a lot happen in my life I will even include a few photos for you Also I will let you in a what happen to me leading up to when and how I ended up on this island and how my life changed after getting off the island This book is going to be full of stories and they are all true

**Africa's Big Five and Other Wildlife Filmmakers** Jean Hartley, 2010-11-01 Jean Hartley born in Kenya is acknowledged as being the first to legitimise fixing for wildlife film crews Over the last 25 years she has worked on over a thousand films the vast majority being about wildlife and nature She features five of the great film makers who all started their careers in Kenya in the 1950s legends whom she is proud to call personal friends Watching all of their films and many more she became fascinated by the history of film making in Kenya and determined to find out when it all started In this insightful book she traces the roots of wildlife film back a hundred years drawing on accounts of the original film makers and the professional hunters who guided those early safaris She tracks the changes from those grainy speeded up silent films through to the technologically perfect High Definition and 3D films that are being made today
