Reason And Freedom In Sociological Thought:

Reason and Freedom in Sociological Thought (RLE Social Theory) Frank Hearn, 2020-08-26 How has reason believed since the Enlightenment to be the ally of freedom in the search for a better more humanly satisfying world been reduced to a technical rationality that has actually impoverished the bases of human freedom What might be the options and obligations for sociologists who wish to restore reason to its proper status Working within the tradition of C Wright Mills and Jurgen Habermas Frank Hearn sets out to answer these questions He surveys the treatment of the relation between reason and freedom in both the classical tradition especially the writings of Saint Simon Comte Durkheim Marx Weber and Freud and an increasingly significant segment of social thought and criticism and for example in the contrasting visions of Daniel Bell and Christopher Lasch He then analyses both the concrete social and historical forms of expression taken by what Mills calls rationality without reason and their impact on individual autonomy and the freedoms associated with democratic politics Finally he develops Mills's and Habermas's claims that the cultivation of democratic publics and a critical social theory committed to a vibrant public life are indispensable to the protection and revitalization of the values of reason and freedom and of the practices they entail This book updates and enriches Mills's influential argument by demonstrating its affinity with critical theory by showing its contributions to a critical understanding of the classical tradition and by showing its

implications for contemporary social political and economic developments Reason and Freedom in Sociological Thought Frank Hearn, 1985-01-01 *Systemic Racism in South Africa* Rupert Taylor, 2024-12-06 This book takes a critical macro level political sociological perspective to understanding South African politics and society Applying systemic racism theory to South Africa the author argues that South African society through its exclusionary social mechanisms has assumed a systemically racist form that deeply compromises questions of truth and justice Constitutive of and embedded in the structure of South African society racism has a reach and a durability that runs deep through the successive stages of segregationism apartheid and liberal democracy Showing the limits of the rule of law in a racist society the author offers a theoretically informed interpretation as to why the national liberation struggle has fallen short of its promise to deliver a better life for all and as to why truth and justice remain so deeply compromised in South Africa today The arguments advanced are supported by over thirty semi structured interviews conducted by the author with high profile South African politicians jurists and intellectuals as well as by using Truth and Reconciliation Commission hearing transcripts both public and top secret This thought provoking book is driven by the imperative to offer a compelling and sustained argument for taking a systemic racism approach to interpreting South Africa for scholars and students of sociology political science race and ethnic studies law and South African history **Sociological Theory** Bert N. Adams, R. A. Sydnie, 2001-01-30 Providing a concise and comprehensive introduction to both classical and contemporary social thought this volume makes social theory and social theorists accessible and meaningful Classical Sociological Theory Bert N. Adams, R. A. Sydnie, 2002-01-29 A

concise yet surprisingly comprehensive theory text given the range of ideas historical context and theorists discussed Unlike other books of the type *Classical Sociological Theory* focuses on how the pivotal theories contributed not only to the development of the field but also to the evolution of ideas concerning social life *Classical Sociological Theory* Craig Calhoun, Joseph Gerteis, James Moody, Steven Pfaff, Indermohan Virk, 2012-01-17 This comprehensive collection of classical sociological theory is a definitive guide to the roots of sociology from its undisciplined beginnings to its current influence on contemporary sociological debate Explores influential works of Marx Durkheim Weber Mead Simmel Freud Du Bois Adorno Marcuse Parsons and Merton Editorial introductions lend historical and intellectual perspective to the substantial readings Includes a new section with new readings on the immediate pre history of sociological theory including the Enlightenment and de Tocqueville Individual reading selections are updated throughout *Introduction to Sociological Theory* Michele Dillon, 2020-01-07 The revised third edition of the text that combines classical and contemporary theories of sociological theory Thoroughly revised and updated the third edition of an *Introduction to Sociological Theory* offers an in depth introduction to classical and contemporary theories and demonstrates their relevance to offer a clear understanding of a broad range of contemporary issues and topics As with the previous editions the text continues to combine carefully selected primary quotations from a broad range of theorists with extensive discussion and illustrative examples from a diverse range of countries helpful timelines of important and thematically relevant events biographical notes contemporary topic boxes analytical photos and chapter glossaries The text addresses topics such as the persistence of economic and social inequality Brexit post truth society same sex marriage digital surveillance and the on demand gig economy Written in an engaging style *Introduction to Sociological Theory* offers a comprehensive introduction to the pluralistic breadth and wide ranging applicability of sociological theory This updated edition of the authoritative text Contains both classical and contemporary theories in a single text Builds on excerpts from original theoretical writings with detailed discussion of the concepts and ideas under review Includes new examples of current empirical topics such as Brexit Donald Trump s presidency China s growing economic power global warming intersectionality social media and much more Offers additional resources including a website that contains multiple choice and essay questions a thoroughly refreshed set of PowerPoint slides for each chapter with multimedia links to content illustrative of sociological processes a list of complementary primary readings a quotation bank and other background materials Written for undergraduate courses in contemporary and classical sociological theory the third edition of an *Introduction to Sociological Theory* continues to provide a comprehensive in depth and empirically engaging introduction to sociological theory *Sociological Theory in the Contemporary Era* Scott Appelrouth, Laura Desfor Edles, 2010-11-29 Uses a proven text reader hybrid format to introduce contemporary theorists their original works and a theoretical framework for understanding them Praise for *Sociological Theory in the Contemporary Era* Current users of most other theory texts should take notice of *Sociological Theory in the Contemporary Era* as it rivals existing volumes with its

accessibility and its selections Dustin Kidd Temple University TEACHING SOCIOLOGY Vol 36 2008 April 161 184

Sociological Theory in the Contemporary Era Second Edition combines well edited important original writings from sociology's core contemporary theorists with introductory text that provides a historical and theoretical framework for understanding them Authors Scott Appelrouth and Laura Desfor Edles use this unique text reader approach to introduce students to contemporary sociological theory in a lively and engaging fashion The text reader provides not only a biographical and theoretical summary of each theorist's works but also an overarching scaffolding that students can use to examine compare and contrast each theorist's major themes and concepts The book also offers discussions of past social and intellectual milieus to provide a holistic picture of the development of the theories discussed Contributor to the SAGE Teaching Innovations and Professional Development Award

Freedom and Criminal Responsibility in American Legal Thought Thomas Andrew Green, 2014-10-27 As the first full length study of twentieth century American legal academics wrestling with the problem of free will versus determinism in the context of criminal responsibility this book deals with one of the most fundamental problems in criminal law Thomas Andrew Green chronicles legal academic ideas from the Progressive Era critiques of free will based and generally retributive theories of criminal responsibility to the midcentury acceptance of the idea of free will as necessary to a criminal law conceived of in practical moral legal terms that need not accord with scientific fact to the late in century insistence on the compatibility of scientific determinism with moral and legal responsibility and with a modern version of the retributivism that the Progressives had attacked Foregrounding scholars language and ideas Green invites readers to participate in reconstructing an aspect of the past that is central to attempts to work out bases for moral judgment legal blame and criminal punishment

Contemporary Philosophy and Social Science Michiru Nagatsu, Attilia Ruzzene, 2019-05-30 How should we theorize about the social world How can we integrate theories models and approaches from seemingly incompatible disciplines Does theory affect social reality This state of the art collection addresses contemporary methodological questions and interdisciplinary developments in the philosophy of social science Facilitating a mutually enriching dialogue chapters by leading social scientists are followed by critical evaluations from philosophers of social science This exchange showcases recent major theoretical and methodological breakthroughs and challenges in the social sciences as well as fruitful ways in which the analytic tools developed in philosophy of science can be applied to understand these advancements The volume covers a diverse range of principles methods innovations and applications including scientific and methodological pluralism performativity of theories causal inferences and applications of social science to policy and business Taking a practice orientated and interactive approach it offers a new philosophy of social science grounded in and relevant to the emerging social science practice

Contemporary Critical Theory and Methodology Piet Strydom, 2011-03-01 Contemporary critical theory's methodology is currently taking shape under the impact both of transformative internal developments within the discipline and of external pressures and incentives arising from a

series of international debates In this book Piet Strydom presents a groundbreaking treatment of critical theory's methodology using as a base the reconstruction of the left Hegelian tradition the relation between critical theory and pragmatism and the associated metatheoretical implications He assesses extant positions presents a detailed yet comprehensive restatement and development of critical theory's methodology compares it with a wide range of current concepts of social criticism and critique and analyzes leading critical theorists exemplary applications of it Besides immanent transcendence and the sign mediated epistemology common to the left Hegelian tradition special attention is given to the abductive imagination reconstruction normative and causal explanation explanatory mechanisms and the communicative framework which enables critical theory to link up with its addressees and the public Contemporary Critical Theory and Methodology is recommended reading for senior undergraduate and postgraduate students as well as professionals working within disciplines such as sociology philosophy political science critical theory and cultural studies Transcending Modernity with Relational Thinking Pierpaolo Donati, 2021-03-30 The Open Access version of this book available at <http://www.taylorfrancis.com/books/e/9781003146698> has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license This book explores the ways in which social relations are profoundly changing modern society arguing that constituting a reality of their own social relations will ultimately lead to a new form of society an aftermodern or relational society Drawing on the thought of Simmel it extends the idea that society consists essentially of social relations in order to make sense of the operation of dichotomous forces in society and to examine the emergence of a third in the morphogenetic processes Through a realist and critical relational sociology which allows for the fact that human beings are both internal and external to social relations and therefore to society the author shows how we are moving towards a new trans modern society one that calls into question the guiding ideas of Western modernity such as the notion of linear progression that science and technology are the decisive factors of human development and that culture can entirely supplant nature As such it will appeal to sociologists social theorists economists political scientists and social philosophers with interests in relational thought critical realism and social transformation **Media Accountability and Freedom of Publication** Denis McQuail, 2003 What are the media's responsibilities To whom are they accountable Are they increasingly growing out of control In the 21st century our mass media are becoming more powerful and more difficult to hold to account and attempts at control to prevent harm or make media more responsible are often viewed as infringements of market and media freedom In this study Denis McQuail identifies problematic trends and issues and outlines the principles underlying media regulation and accountability *Human Liberty and Freedom of Speech* C. Edwin Baker, 1989 Baker here evaluates the prevalent justifications for freedom of speech and formulates a liberty theory which he applies to contemporary free speech cases as a means of suggesting possible reforms to free speech doctrine *The Aporia of Freedom* Michał Roch Kaczmarczyk, 2023-03-06 The Aporia of Freedom systematizes social theories in a new manner alternative both to the

pluralistic concept according to which social theories are incommensurable and to the concept which postulates a theoretical synthesis in social sciences Kaczmarczyk argues that famous social theories constitute interrelated attempts to solve the same problem called the aporia of freedom The problem concerns the relation between existential assumptions of social determinism and human freedom Although these ideas turn out to be mutually exclusive they seem to be necessary for the construction of a coherent and empirically convincing social theory

Sociological Theory Alessandro Orsini, 2024-05-14

This textbook analyses the work of classical and contemporary sociological theorists The first part is dedicated to Comte Spencer Marx Durkheim Weber Pareto and Simmel The second part covers the major contemporary sociological perspectives Functionalism Marxism Conflict Theory Symbolic Interactionism Phenomenological Sociology and Rational Choice Theory The third part is devoted to Postmodern Theory Feminist Theory Postcolonial Theory and Race Theory The author combines academic rigour with clear and accessible language offering students an in depth and extensive overview of the main recurring problems that have troubled sociological theory from its origins to the present day The textbook uses contemporary examples analysing how sociological theory can explain the most tragic phenomena of our time including the war in Ukraine the Israeli Palestinian conflict US China competition over Taiwan nuclear proliferation radicalization neofascism white suprematism jihadism and terrorism With pedagogic features aiding learning this book helps navigate the various approaches methods and research that divide sociologists into distinct schools This textbook is therefore an invaluable tool to any sociology student looking to gain a comprehensive understanding of the foundational thinkers that have shaped the discipline

Encyclopedia of Social Theory Austin Harrington, Barbara L. Marshall, Hans-Peter Müller, 2006 The Encyclopedia of Social Theory contains over 500 entries varying from concise definitions of key terms and short biographies of key theorists to comprehensive surveys of leading concepts debates themes and schools The object of the Encyclopedia has been to give thorough coverage of the central topics in theoretical sociology as well as terms and concepts in the methodology and philosophy of social science Although 106 theorists are given entries the emphasis of the work is on the elucidation of ideas rather than intellectual biography The Encyclopedia covers the leading contemporary domains of debate on social theory and the classical legacies of social thinkers from the nineteenth and early twentieth centuries giving proper balance to both the European and North American traditions and to important new developments in the global self understanding of sociology Social theory has become one of the most vigorous specialisms of sociology in recent years This is in part due to the considerable overlaps of social theory with other disciplinary areas such as cultural and media studies anthropology and political theory and to the cross disciplinary nature of theoretical approaches such as feminism and psychoanalysis and new fields such as postcolonial studies The editors have therefore worked to produce in the Encyclopedia of Social Theory a first call reference for students and researchers across the social sciences and humanities with an interest in contemporary theory and the modern history of ideas The Encyclopedia has been authored by leading international specialists in the field

under the direction of a well balanced editorial team It is comprehensively cross referenced and all larger entries carry bibliographies There is a full index History and Freedom Theodor W. Adorno, 2014-11-05 Despite all of humanity's failures futile efforts and wrong turnings in the past Adorno did not let himself be persuaded that we are doomed to suffer a bleak future for ever One of the factors that prevented him from identifying a definitive plan for the future course of history was his feelings of solidarity with the victims and losers As for the future the course of events was to remain open ended instead of finality he remained committed to a Hlderlin like openness This trace of the messianic has what he called the colour of the concrete as opposed to mere abstract possibility Early in the 1960s Adorno gave four courses of lectures on the road leading to Negative Dialectics his magnum opus of 1966 The second of these was concerned with the topics of history and freedom In terms of content these lectures represented an early version of the chapters in Negative Dialectics devoted to Kant and Hegel In formal terms these were improvised lectures that permit us to glimpse a philosophical work in progress The text published here gives us an overview of all the themes and motifs of Adorno's philosophy of history the key notion of the domination of nature his criticism of the existentialist concept of a historicity without history and finally his opposition to the traditional idea of truth as something permanent unchanging and ahistorical *Contemporary Sociological Theory and Its Classical Roots* George Ritzer, Jeffrey Stepnisky, 2022-04-18 Contemporary Sociological Theory and Its Classical Roots The Basics is a brief survey of sociology's major theorists and theoretical approaches from the Classical founders to the present The authors connect many theorists together into chapters with broad headings Contemporary Integrative Theories Contemporary Theories of Everyday Life etc that offer students a big picture synthesized view of the entire span of sociological theory *History of Sociological Thought* Jerzy Szacki, 1979 Soziologie Geschichte
