Reason For Being A Meditation On Ecclesiastes:

Reason for Being Jacques Ellul, 2022-09-30 In *Reason for Being* the creative theologian and sociologist Jacques Ellul whom John Goldingay described as unexcelled as a theological exegete of the Old Testament among twentieth century thinkers invites readers directly to the heart of his engagement with the biblical text. Intended as his concluding last word, Ellul here distills a half century of careful meditations on Ecclesiastes into a moving treatise on wisdom, vanity, and the presence of God. Ellul follows the narrator Qohelet on an ironic path to the limits of human wisdom, a path which ends with wisdom's recognition of its own vanity. This would lead to despair over the meaninglessness of our accomplishments and our very lives if not for the surprising presence of God who shows up when we least expect it. In the poetic prose of translator Joyce Main Hanks, Ellul's *Reason for Being* resounds as an arresting interrogation, an invitation to honest self-examination, and a challenge to free dialogue with God here and now.

The Reason for Being Jacques Ellul, 1990 **Jacques Ellul and the Bible** Jacob Marques Rollison, 2022-05-26 The hermeneutic contribution of the French theologian and sociologist Jacques Ellul is given new prominence in this striking collection of essays revealing him to be one of the twentieth century's most creative and insightful interpreters of the Bible. With a breadth of contributors ranging from established biblical scholars and theologians to pastoral practitioners from top Ellul scholars to emerging voices and including six first-time English translations of Ellul's own articles, this volume not only provides a detailed overview of Ellul's biblical approach but also constitutes a crucial moment in Ellul's theological reception. The essays gathered here represent a clear demonstration that the full potential of Ellul's theological interpretation of Scripture to rejuvenate and reconfigure contemporary biblical hermeneutics has yet to be seen.

Understanding Jacques Ellul Jeffrey P. Greenman, Read M. Schuchardt, Noah J. Toly, 2013-07-25 Jacques Ellul (1912-1994) was one of the world's last great polymaths and one of the most important Christian thinkers of his time, engaging the world with a simplicity, sincerity, courage, and passion that few have matched. However, Ellul is an often misunderstood thinker. As more than fifty books and over one thousand articles bear his name, embarking on a study of Ellul's thought can be daunting. This book provides an introduction to Ellul's life and work, analysing and assessing his thought across the most important themes of his scholarship. Readers will see that his remarkably broad field of vision, clarity of focus, and boldly prophetic voice make his work worth reading and considering, rereading, and discussing.
