Unreasonable Faith

James Fodor, 2022-06-29 He has written or edited more than 30 books his arguments for God and Jesus are frequently cited by Christian apologists around the world and he has severely overstated his case through a series of blatant mischaracterizations and philosophical blunders You may have heard of William Lane Craig a professor of philosophy at Talbot School of Theology who is known for debating atheists but even if you haven t you have probably heard his arguments through followers and fans He is known for painting faith as the reasonable road and falsely claiming that he can prove the validity of his religion From his work attempting to show evidence for Jesus resurrection to his development of the Kalam cosmological argument for the existence of God Craig is respected among his peers on the Christian side of the religious spectrum But is that deserved What s at the core of these arguments Are they philosophically sound More importantly is this Unreasonable Faith an excellent destruction of W L Craig s entire apologetics Cogently argued and factually accurate this is required reading for anyone keen to question the soundness of anything W L Craig has argued over the decades Which makes it an invaluable resource for refuting Christian apologetics generally Richard Carrier author on the historicity of Jesus This book should be required reading for anyone who is proposing to debate William Lane Craig on the existence of God It should also be something that those who debate Craig on that topic advertise this book gives an accurate idea of the amount of material that needs to be provided to begin to address the usual panoply of arguments that Craig puts forward in a debate Professor Graham Oppy Monash James Fodor has a graduate degree in physics at the University of Melbourne and is a research assistant in structural biology at Monash University With a keen interest in philosophy he writes for the Rationalist magazine on various subjects in religion and epistemology As president of the University of Melbourne Secular Society he has engaged in numerous discussions and public debates concerning religion with a focus on secular morality and the evidence for the resurrection of Jesus He also has a keen interest in effective altruism and computational neuroscience

Faith's Defenders Dr. Octavian Caius Obeada, 2024-07-28 *Faith's Defenders* The Christian Apologetic Mission offers a comprehensive exploration of the crucial role of apologetics in the Christian Church. It examines the foundational beliefs, historical challenges, and modern day threats to Christianity while providing a detailed overview of apologetics from early Christianity to the present. The book emphasizes the need for respectful and intellectually rigorous strategies to engage with contemporary culture, address doubts, and reinvigorate faith. Drawing on insights from renowned defenders of the faith, it highlights the importance of apologetics in strengthening the Church's witness and fostering meaningful dialogue, making a compelling call for the Church to present the gospel with confidence, clarity, and compassion. Do Christians, Muslims, and Jews Worship the Same God?: Four Views Zondervan, 2019-10-22 During a time of global conflict, the theological question of whether Muslims, Jews, and Christians worship the same God carries political baggage. Is the God of ISIS the same as the God of Israel? Do Sunni Muslims and Protestant Christians pray to the same Creator and Sustainer of the universe? In this *Counterpoints* volume, five leading scholars present the main religious perspectives on this question, demonstrating how to think carefully about an issue where opinions differ and confusion abounds. All Worship the Same God: Religious Pluralist View: Wm. Andrew Schwartz and John B. Cobb Jr. All Worship the Same God: Referring to the Same God View: Francis J. Beckwith. Jews and Christians Worship the Same God: Shared Revelation View: Gerald R. McDermott. None Worship the Same God: Different Conceptions View: Jerry L. Walls. Contributors examine related subtopics such as: The difference between God being referentially the same and essentially the same. What the same means when referring to God. The significance of the Trinity in this discussion. Whether religious inclusivism is inferred by certain understandings of God's sameness. The appropriateness of interfaith worship. Additional essays by Joseph Cumming and David W. Shenk explore the implications of this question specifically for Christians wanting to minister among and build relationships with Muslims. Insightful, gracious, and relevant. *Do Christians, Muslims, and Jews Worship the Same God?* sheds light on one of the most important theological issues of our day. The *Counterpoints* series presents a comparison and critique of scholarly views on topics important to Christians that are both fair-minded and respectful of the biblical text. Each volume is a one-stop reference that allows readers to evaluate the different positions on a specific issue and form their own educated opinion.

Has God Spoken? Hank Hanegraaff, 2011-08-30 Compelling evidence that the Bible is God's Holy Word. Using the memorable acronym MAPS, radio host and Bible scholar Hank Hanegraaff masterfully reveals four proofs that confirm the divine origin of the Bible. M represents the strength of the manuscript itself as many actual fragments have been located. A stands for the archaeological proofs that have been uncovered. P is for the prophecy that has accurately predicted events. S represents the scriptural synergy found in the unity, consistency, and harmony of the sixty-six books. These clearly presented proofs provide powerful indicators that confirm the trustworthiness and divine nature of Scripture, that God has indeed spoken, and that the Bible is the reliable repository of His words. **Why**

Does God Seem So Hidden? Joshua C. Waltman, 2023-04-06 Why does God seem so hidden obscure and silent Why doesn't he make himself known in a more explicit way to those who dispute his existence This line of questioning presents a perplexing conundrum for Christian theologians On the one hand Christians affirm that God's revelation of himself is sufficient but on the other hand it appears that some genuine seekers remain unconvinced of his existence In recent decades philosopher J L Schellenberg has proposed an argument for atheism that attempts to exploit this apparent contradiction This book offers a new take by approaching the conversation using a Trinitarian theological lens The character of Trinitarian love shapes the way God communicates in pursuit of relationships Namely God desires spiritually oriented communal divine human relationships and this endeavor necessarily entails hiddenness This work proposes five spiritual criteria that an individual must meet to be open to having a relationship with the triune God and these are the criteria that atheists have failed to consider Articulating these five is exactly what is needed to resolve the vexing theological puzzle of divine hiddenness

Christian Apologetics Alister E. Renewing Philosophy of Religion Paul Draper, J. L. Schellenberg, 2018-01-26 This book is animated by a shared conviction that philosophy of religion needs to change thirteen new essays suggest why and how The first part of the volume explores possible changes to the focus of the field The second part focuses on the standpoint from which philosophers of religion should approach their field In the first part are chapters on how an emphasis on faith distorts attempts to engage non western religious ideas on how philosophers from different traditions might collaborate on common interests on why the common presupposition of ultimacy leads to error on how new religious movements feed a naturalistic philosophy of religion on why a focus on belief and a focus on practice are both mistaken on why philosophy's deep axiological concern should set much of the field's agenda and on how the field might contribute to religious evolution The second part includes a qualitative analysis of the standpoint of fifty one philosophers of religion and also addresses issues about humility needed in continental philosophy of religion about the implausibility of claiming that one's own worldview is uniquely rational about the Moorean approach to religious epistemology about a

Spinozan middle way between insider and outsider perspectives and about the unorthodox lessons we could learn from scriptures like the book of Job if we could get past the confessional turn in recent philosophy of religion The goal of the volume is to identify new paths for philosophers of religion that are distinct from those travelled by theologians and other scholars of religion

Apologetics for the Twenty-First Century Louis Markos, 2010-10-06 The vibrant and persuasive arguments of C S Lewis brought about a shift in the discipline of apologetics moving the conversation from the ivory tower to the public square The resulting strain of popular apologetics which weaves through Lewis into twentieth century writers like Francis Schaeffer and modern apologists like William Lane Craig Josh McDowell and Lee Strobel has equipped countless believers to defend their faith against its detractors *Apologetics for the Twenty first Century* uses Lewis s work as the starting point for an absorbing survey of the key apologists and major arguments that inform apologetics today Like apologists before him Markos writes to engage Christians of all denominations as well as seekers and skeptics His narrative man of letters style and short chapters make *Apologetics for the Twenty first Century* easily accessible for the general reader But an extensive and heavily annotated bibliography detailed timeline list of prominent apologists and glossary of common terms will satisfy the curiosity of the seasoned academic as the book prepares all readers to meet the particular challenges of defending the faith today

The Truly Infinite Universe David James Stewart, 2019-06-14 The discoveries of general relativity and quantum mechanics in the 20th century provide the perfect opportunity for Hegel s thought to become more topical than it has ever been By bringing speculative philosophy into conversation with quantum cosmology this book develops Hegel s metaphysics of true infinitude and Hawking s theory on the origins of spacetime in tandem providing a compelling rationale for the idea that the universe is a self generating self organizing self enclosed whole Ever sensitive to the complex relationship of scientific philosophical and theological issues in theoretical cosmology the study brings a fresh perspective to the unique brand of metaphysical theology underlying speculative philosophy and offers a new way of conducting transdisciplinary work involving Hegelian thought This is essential reading for Hegel scholars Hawking scholars those interested in philosophical cosmology the ontology of the quantum void the realism vs idealism debate infinitude imaginary time and dialectical materialism and those compelled by post classical approaches to theology
