Rebecca Harding Davis And American Realism:

Rebecca Harding Davis and American Realism Sharon M. Harris,1991-06 From the late 1860s until her death in 1910 Rebecca Harding Davis was one of the best known writers in America She broke into print as a young woman in the 1860s with *Life in the Iron Mills* which established her as one of the pioneers of American realism She developed a literary theory of the commonplace nearly two decades before William Dean Howells shaped his own version of the concept Yet in spite of her importance to the literary and popular culture of her time she has been for the most part ignored by scholars Rebecca Harding Davis and American Realism helps to change that Parlor Radical Jean Pfaelzer,2010-11-23 Rebecca Harding Davis was a prominent author of radical social fiction during the latter half of the nineteenth century In stories that combine realism with sentimentalism Davis confronted a wide range of contemporary American issues giving voice to working women prostitutes wives seeking divorce celibate utopians and female authors Davis broke down distinctions between the private and the public worlds distinctions that trapped women in the ideology of domesticity By engaging current strategies in literary hermeneutics with a strong sense of historical radicalism in the Gilded Age Jean Pfaelzer reads Davis through the public issues that she forcefully inscribed in her fiction In this study Davis's realistic narratives actively construct a coherent social work not in a fictional vacuum but in direct engagement with the explosive movements of social change from the Civil War through the turn of the century **Rebecca Harding Davis** Edward J. Devlin,1935 **Rebecca Harding Davis in the Context of American Literary Realism/naturalism** Sharon Harris,1988 **The Tangled Roots of Feminism, Environmentalism, and Appalachian Literature** Elizabeth Sanders Delwiche Engelhardt,2003 In this study Elizabeth Engelhardt finds in the work of four women writers from Appalachia the origins of what is recognized today as ecological feminism a wide reaching philosophy that values the connections between humans and non humans and works for social and environmental justice **Life in the Iron-Mills Or, The Kori Woman** Rebecca Harding Davis,2024-04 Anne, and Blind Tom Rebecca Harding Davis,2008-04-01 Rebecca Blaine Harding Davis 1831 1910 born Rebecca Blaine Harding was an American author and journalist She is deemed a pioneer of literary Realism in American literature Her most important literary work is the novella *Life in the Iron Mills* published in the *Atlantic Monthly* 1861 and is regarded by many critics as a pioneering document marking the transition from Romanticism to Realism in American literature Throughout her lifetime she sought to effect social change for blacks women Native Americans immigrants and the working class by intentionally writing about these marginalised groups plight in the 19th century From 1869 onwards she was a regular contributing editor to the *New York Tribune* and the *New York Independent* In 1889 however she resigned from the *Tribune* in order to protest editorial censorship of her articles Her other works include *Margaret Howth A Story of To day* 1862 *Waiting for the Verdict* 1868 *Dallas Galbraith* 1868 *John Andross* 1874 *Kitty's Choice* 1874 *Silhouettes of American Life* 1892 *Doctor Warrick's Daughters* 1896 *Frances Waldeaux* 1897 and *Bits of Gossip* 1904 **Life in the Iron-Mills** Rebecca Davis,2012-12-21 *Life*

in the Iron Mills or the Korl Woman is a short story or novella written by Rebecca Harding Davis in 1861 set in the factory world of the nineteenth century It is one of the earliest American realist works and is an important text for those who study labor and women s issues It was immediately recognized as an innovative work and introduced American readers to the bleak lives of industrial workers in the mills and factories of the nation

Political Prayer in Nineteenth-Century American Literature Amy Dunham Strand,2024-09-30 Political Prayer in Nineteenth Century American Literature explores how American women writers such as Catharine Maria Sedgwick Harriet Beecher Stowe Rebecca Harding Davis and Emily Dickinson translated petitioning a political form for redress of grievances with religious resonance or what Strand calls political prayer in their literary works At a time when petitioning was historically transforming governments mobilizing masses and democratizing North America these White women writers wrote literary petitions to advocate for others in social justice causes such as antiremoval antislavery and labor reform to transform American literature and culture and to articulate an ambivalent political agency Political Prayer in Nineteenth Century American Literature introduces historic petitioning into literary study as an overlooked but important new lens for reading nineteenth century fiction and poetry Understanding petitions in these literary works and these literary works as petitions also helps us to understand women s political agency before their enfranchisement to explain why scholars have long debated and inconsistently interpreted the works of well anthologized women writers and to see more clearly the multidimensional coexisting and often competing religious and political aspects of their writings

Realist Poetics in American Culture, 1866-1900 Elizabeth Renker,2018-05-25 The terms poetry and realism have a complex and often oppositional relationship in American literary histories of the postbellum period The core narrative holds that realism the major literary movement of the era developed apace in prose fiction while poetry stuck in a hopelessly idealist late Romantic mode languished and stagnated Poetry is almost entirely absent from scholarship on American literary realism except as the emblem of realism s opposite a desiccated genteel twilight of the poets Realist Poetics in American Culture 1866 1900 refutes the familiar narrative of postbellum poetics as a scene of failure and it recovers the active and variegated practices of a diverse array of realist poets across print culture The triumph of the twilight tale in the twentieth century obscured

minimized and flattened the many poetic discourses of the age including but not limited to a significant body of realist poems currently missing from US literary histories Excavating an extensive archive of realist poems the volume offers a significant revision to the genre exclusive story of realism and by extension to the very foundations of postbellum American literary history dating back to the earliest stages of the discipline **The Cambridge Companion to Nineteenth-Century**

American Women's Writing Dale M. Bauer, Philip Gould, 2001-11-15 Providing an overview of the history of writing by women in the period this 2001 Companion establishes the context in which this writing emerged and traces the origin of the terms which have traditionally defined the debate It includes essays on topics of recent concern such as women and war erotic violence the liberating and disciplinary effects of religion and examines the work of a variety of women writers including Harriet Beecher Stowe Rebecca Harding Davis and Louisa May Alcott The volume plots new directions for the study of American literary history and provides several valuable tools for students including a chronology of works and suggestions for further reading *Women's Contribution to Nineteenth-century American Theatre* Miriam López

Rodríguez, María Dolores Narbona Carrión, 2011-11-28 Aquesta col·lecció d'assajos mostra els múltiples aspectes de la contribució que va fer la dona al teatre americà del segle XIX En aquest estudi s'ensenyen diversos tipus de dones i els rols que ocupen així com reflecteix la manera que Susan Glaspell i Sophie Treadwell van ajudar a donar forma al teatre entre moltes altres que escriurien d'aquí a uns anys **The Cambridge Introduction to American Literary Realism** Phillip J.

Barrish, 2011-10-06 Between the Civil War and the First World War realism was the most prominent form of American fiction Realist writers of the period include some of America's greatest such as Henry James Edith Wharton and Mark Twain but also many lesser known writers whose work still speaks to us today for instance Charles Chesnutt Zitkala and Sarah Orne Jewett Emphasizing realism's historical context this introduction traces the genre's relationship with powerful often violent social conflicts involving race gender class and national origin It also examines how the realist style was created the necessarily ambiguous relationship between realism produced on the page and reality outside the book and the different often contradictory forms realism took in literary works by different authors The most accessible yet sophisticated account of American literary realism currently available this volume will be of great value to students teachers and readers of the American novel *Literature and Journalism in Antebellum America* M. Canada, 2011-04-11 Explores the sibling rivalry that emerged in the American literary marketplace in the decades after the advent of the penny press showing how journalism became a target a counterpoint and even a model for numerous American authors including Thoreau Cooper Poe and Stowe

The Oxford Handbook of American Literary Realism Keith Newlin, 2019 The Oxford Handbook of American Literary Realism offers fresh interpretations of the artistic and political challenges of representing life accurately It is the first book to treat the subject topically and thematically in wide scope with essays that draw upon recent scholarship in literary and cultural studies to offer an authoritative and in depth reassessment of major and minor figures and the contexts that shaped

their work *Extraordinary Bodies* Rosemarie Garland Thomson, 2017-03-07 *Extraordinary Bodies* is a cornerstone text of disability studies establishing the field upon its publication in 1997. Framing disability as a minority discourse rather than a medical one, the book added depth to oppressive narratives and revealed novel liberatory ones. Through her incisive readings of such texts as Harriet Beecher Stowe's *Uncle Tom's Cabin* and Rebecca Harding Davis's *Life in the Iron Mills*, Rosemarie Garland Thomson exposed the social forces driving representations of disability. She encouraged new ways of looking at texts and their depiction of the body and stretched the limits of what counted as a text, considering freak shows and other pop culture artifacts as reflections of community rites and fears. Garland Thomson also elevated the status of African American novels by Toni Morrison and Audre Lorde. *Extraordinary Bodies* laid the groundwork for an appreciation of disability culture and an inclusive new approach to the study of social marginalization. Writing the Woman Artist Suzanne W.

Jones, 2016-11-11 I mean what is a woman I assure you I do not know I do not believe that you know I do not believe that anybody can know until she has expressed herself in all the arts and professions open to human skill. Virginia Woolf, *Professions for Women*. *Writing The Woman Artist* is a collection of essays that explores the ways in which women writers portray women painters, sculptors, writers, and performers. Surveying the works of a variety of women writers from the nineteenth and twentieth centuries from different ethnic, national, racial, and economic backgrounds, this book treats their revisions of the Kinstlerroman and their perceptions of the relationships between muse, artist, and audience in other genres. Suzanne W. Jones and her collaborators seek to understand how representations of women artists and their poetics and politics are mediated by social and historical factors, including literary movements and theories of language. In doing so, they make an important contribution to the field of feminist scholarship and generate new ways of understanding how the dynamics of creativity intersect with the dynamics of gender. Contributors to the volume are Ann Ardis, Alison Booth, Kathleen Brogan, Lynda Bundtzen, Pamela Caughie, Mary DeShazer, Linda Dittmar, Josephine Donovan, Susan Stanford Friedman, Gayle Greene, Linda Hunt, Katherine Kearns, Holly Laird, Estella Lauter, Z. Nelly Martinez, Jane Atteridge, Rose Margaret Diane Stetz, Renate Voris, and Mara Witzling. *Writing The Woman Artist* is a valuable new resource for scholars and students working in the fields of European and American literature and women's studies. **Battle Scars** Catherine Clinton, Nina Silber, 2006-02-23 This collection addresses how gender scholarship has changed interpretations of the Civil War. It examines the study of masculinity and war and deals with issues of health, treason, religion, domesticity, and slavery as they affected Northern and Southern men and women during the Civil War era.
