Green, Roger Waldinger, 2016-08-15 This collection of articles by sociologically minded historians and historically minded sociologists highlights both the long term persistence and the continuing instability of home country connections Encompassing societies of origin and destination from around the world A Century of Transnationalism shows that while population movements across states recurrently produce homeland ties those connections have varied across contexts and from one historical period to another changing in unpredictable ways Any number of factors shape the linkages between home and destination including conditions in the society of immigration policies of the state of emigration and geopolitics worldwide Contributors Houda Asal Marie Claude Blanc Chal ard Caroline Douki David FitzGerald Nancy L Green Madeline Y Hsu Thomas Lacroix Tony Michels Victor Pereira M nica Raisa Schpun and Roger Waldinger **Forging Arizona** Anita Huizar-Hernández, 2019-04-05 In Forging Arizona Anita Huizar Hern ndez looks back at a bizarre nineteenth century land grant scheme that tests the limits of how ideas about race citizenship and national expansion are forged An important addition to extant scholarship on the U S Southwest this book recovers a forgotten case that reminds readers that the borders that divide are only as stable as the narratives that define them **Black, Brown, Yellow, and Left** Laura Pulido, 2006-01-16 Black Brown Yellow and Left is unique No other work deals in such detail with the complex relationships between racial nationalism and the radical left during the 1960 s A powerful and

resonant achievement Highly recommended Howard Winant author of *The World is a Ghetto Race and Democracy Since World War II* Laura Pulido has written an invaluable study of the development of the multiracial Third World Left in southern California She engages black brown and yellow radical activisms together demonstrating how each vision differed but contributed to a movement that was ultimately more than the sum of its parts Pulido's powerful excavation of the Third World Left's historical past provides reasons to hope for a more just antiracist left future Lisa Lowe author of *Immigrant Acts On Asian American Cultural Politics* We so greatly needed this panorama of information and analysis Finally we have an author putting the pieces together with commitment enthusiasm and a view to the future Elizabeth Betita Martinez activist and author of *500 Years of Chicano History 500 Años del Pueblo Chicano* Mexicanos Manuel G. Gonzales, 2009-08-20 Newly revised and updated *Mexicanos* tells the rich and vibrant story of Mexicans in the United States Emerging from the ruins of Aztec civilization and from centuries of Spanish contact with indigenous people Mexican culture followed the Spanish colonial frontier northward and put its distinctive mark on what became the southwestern United States Shaped by their Indian and Spanish ancestors deeply influenced by Catholicism and tempered by an often difficult existence Mexicans continue to play an important role in U.S. society even as the dominant Anglo culture strives to assimilate them Thorough and balanced *Mexicanos* makes a valuable contribution to the understanding of the Mexican population of the United States a growing minority who are a vital presence in 21st century America **Even the Women Are Leaving** Larisa L. Veloz, 2023-05-09 The first decades of the twentieth century were crucial for the development of Mexican circular family migration a process shaped by family and community networks as much as it was fashioned by labor markets and economic conditions *Even the Women Are Leaving* explores bidirectional migration across the US Mexico border from 1890 to 1965 and centers the experiences of Mexican women and families Highlighting migrant voices and testimonies Larisa L. Veloz depicts the long history of family and female migration across the border and elucidates the personal experiences of early twentieth century border crossings family separations and reunifications This book offers a fresh analysis of the ways that female migrants navigated evolving immigration restrictions and constructed binational lives through the eras of the Mexican Revolution the Great Depression and the Bracero Program Murder at the Sleepy Lagoon Eduardo Obregón Pagán, 2004-07-21 The notorious 1942 Sleepy Lagoon murder trial in Los Angeles concluded with the conviction of seventeen young Mexican American men for the alleged gang slaying of fellow youth Jose Diaz Just five months later the so called Zoot Suit Riot erupted as white soldiers in the city attacked minority youths and burned their distinctive zoot suits Eduardo Obregon Pagan here provides the first comprehensive social history of both the trial and the riot and argues that they resulted from a volatile mix of racial and social tensions that had long been simmering In reconstructing the lives of the murder victim and those accused of the crime Pagan contends that neither the convictions which were based on little hard evidence nor the ensuing riot arose simply from anti Mexican sentiment He demonstrates instead that a variety of pre

existing stresses including demographic pressures anxiety about nascent youth culture and the war effort all contributed to the social tension and the eruption of violence Moreover he recovers a multidimensional picture of Los Angeles during World War II that incorporates the complex intersections of music fashion violence race relations and neighborhood activism Drawing upon overlooked evidence Pagan concludes by reconstructing the murder scene and proposes a compelling theory about what really happened the night of the murder
